NURSES GRADUATE

Twenty-seven Young Women Graduate From
Newton Hospital Training School

Twenty-seven young women graduated from the Newton Hospital Training School for Nurses Thursday afternoon. The graduation exercises, which took place at four o'clock, were held in a large tent erected on the hospital grounds. The invocation and benediction were by the Rev. Guy Miner, who was singing by members of the school, and musical selections by Alfred R. Hanson. The dress of the day was by Rev. Dr. W. W. Miner of Newton Lower Falls. The diplomas were conferred by Charles E. Kelsey, the president of the board of trustees, those receiving them being: Cora Colwell, Dorothy Josephine Setters, Anne Patterson Dunn, Helen Louise, Helen Bright Prince, Ida Mae, Hazel Lillian Woolley, Laura Simpson, Mae Davis, Maybelle, Herman Pitman, Hilda Marie Cox, Dorothy Wade, Ada Emily West, Alma Vaughan Pettiner, Veronica, Beuregard, Everdene Leota Robbins, Margaret Tynan McGlone, Elizabeth Davis, Elsie Inez Busby, Elizabeth Miller, Ruth Victoria, Nelson, Bernice Maude Speed, Grace, Elizabeth Robertson, Mabel, Isabel, MacDonald, Lorna MacDonald Morash, Elessa Ella Nagel, Bessie Luceva, and Alice.

The badges were distributed to the graduates by Miss Bertha V. Allen, the superintendent. Miss Mary Riddle, the former superintendent, awarded the scholarships given by the Hospital Aid Association. The one of \$50 to a member of the first year class was awarded to Miss Harriet Brydon, that of \$75 to a member of the second year class to Miss Mary Morton, and the one of \$125 to a member of the graduating class to Miss Cora Colwell Dawson.

Wednesday evening the undergraduates at the Training School gave a farewell party to the members of the Class of 1924. If the weather had been better, the party would have been held in the tent, but as it was, it was given in the Nurses' Home. The party opened with a play, "No Cure, No Pay" in which Miss Caldwell, Miss Stone, Miss Deming, Miss Prior, Miss Bain, Miss Neil and Miss Thompson took part. After the play a prophecy, written by Miss Goreham, was read by Miss Young and Miss Ambler, the former being costumed as Mephistopheles, and the latter as a fairy. Miss Bain read the account of a "Trip through the human body" and Miss Cox, a member of the class of 1924, read the "Class Will," the entertainment concluding with a song of farewell to the seniors, sung by Miss Hanson, accompanied by Miss Thompson. Then there were refreshments and dancing.

UNION MEETING

The Laymen's League of the West Newton Unitarian Church was the last evening at a union meeting of the League chapters of Newton, Newton Centre, Watertown, and Waltham. A dinner was served in the parish house, following an organ recital by Mr. Paul Sircorn, the church organist. The guest and speaker was Frank E. Goodwin, registrar of motor vehicles, who gave an interesting and most instructive talk on the work of his department.

D. A. R.

A food sale will be held at the Lucy Jackson Chapter House, corner of Washington and Concord streets, Newton Lower Falls, on Saturday, June 14, from 12 o'clock until 6.

NEWTON WINS

Newton High, though playing loose ball, outdid Rindge Tech and won, 11 to 4, at Claffin Field in a Suburban League game yesterday. Gilligan was hurt late in the contest and Stone, batting for him, hit a two-bagger, one of the two extra base hits of the game. Mahoney's triple was the only other. Leonard did a good job in the box for Newton, fanning eight and allowing only five scattered singles.

LOGGES

The recently elected officers of Norumbega Lodge of Masons, with Alfred S. Miner, Jr., as Worshipful Master, were installed last evening in the Masonic building by the Grand Master of Masons in Massachusetts, the Rev. Dudley H. Ferrell.

RECEPTION TO MRS. TALBOT

On Wednesday, May 28th, a welcome-home-lunch was given to Mrs. George H. Talbot, president of the Newton Hospital Aid Association. Mrs. Talbot had returned from a European trip only a few days earlier. Through the courtesy of Newton Hospital the lunch was given in the Recreation Room for nurses, although provided by officers of the Association. The room and the tables were most beautifully decorated with flowers given by Mrs. Frank A. Day. Guests of honor were Mrs. Talbot, Miss Riddle, who was many years Superintendent of Nurses, and Miss Allen, present Superintendent, and Miss Humphreys, first assistant.

There were twenty officers and directors of the association present. Directly after the lunch there was a reception and tea, to which all residents of Newton were cordially invited. Visitors were conducted through all parts of the Hospital, nurses acting as guides. Great interest was expressed in a suggestive water color sketch of the proposed new hospital building. It built as shown it will accommodate two hundred and fifty patients.

The reception and opportunity to visit the various parts of the Hospital, wards, etc., was a revival of a former custom of the Aid Association to hold an all-Newton Hospital Day, annually, when gifts of flowers, fruit, jellies and all manner of equipment were brought, and throngs of Newton residents were interested to visit the Hospital. We hope that custom has come again to stay. All Newton ought to know of the wonderful work for relief of sickness and suffering at the Newton Hospital.

Demands upon the Hospital and Nurses' Training School have entirely outgrown the present buildings and equipment.

The birth of the Newton Hospital Aid Association was almost simultaneous with the upturning of sod for the first building, and from that time to this has been devoted to the interests of the Hospital.

Its gifts, both large and small, are too numerous to mention and represent many thousands of dollars. Not the least of these were the present kitchen, substantial assistance in building subway which connect Founders' building with the operating room, recent improved X-ray equipment, many electrical labor-saving machines, "whirligig bath" for orthopedic clinic, and perpetual gifts of bedding, rugs, wheelchairs, trays, linen, dinner-wagon, blanket wrappers, etc., etc.

The Hospital Aid Association will gladly welcome new members, to help toward the wonderful new building which we must have in the near future.

NEWTON THEOLOGICAL SEMINARY

For the first time in its history, the Newton Theological Institution on Wednesday graduated a woman with the degree of Bachelor of Divinity. She is Eunice G. Appleton of Jordan, N. Y., who has completed the four-year course and is also a graduate of Syracuse University. The senior class also includes another woman whose degree is Master of Religious Education. She is Grace H. Patton of Newton Centre, a graduate of Boston University.

Following the graduation exercises in the First Baptist Church, Newton Centre, a dinner for the trustees was held in Bray Hall. In the afternoon Dr. and Mrs. Horr held their annual reception at their home on Institution Hill.

The annual oration before the alumni was delivered on Thursday night by Pres. Clifton D. Gray of Bates. The meeting was in charge of Rev. Newton A. Merritt of Newton.

BRAY MEMORIAL

A full account of the Memorial exercises held last evening at the Newton Hospital for the late William Claxton Bray will be given in our next issue.

NEWTON MAN HONORED

At the annual meeting of the Ancient and Honorable Artillery Company this week in Boston, Lieutenant Colonel Henry D. Cormerais of this city was elected Captain and Commander.

Lieut. Col. Cormerais is one of the best known military men in the state, and at present is state inspector, inspector-general's department, Massachusetts national guard.

He was born in Brookline and educated in the public schools of that town. He was admitted to membership in the Ancients in March, 1920, and has held many active positions in the old company since admittance.

During the last administration he was adjutant of the company. He enlisted in the guard in the 5th infantry in 1896, holding various positions until, in 1915, he was elected captain, company C, 5th infantry. He served on the Mexican border as captain of the company and in 1917 went into federal service, with his company. Transferred to the 101st infantry, he sailed with that regiment for France in September, 1917. He was appointed zone major, 26th division, but in 1918 was returned to the 101st on his own request. He was in command of headquarters company until June 16, when he was wounded in action, resulting in partial loss of right hand, part of right arm and severe injuries to right side. He was in hospital overseas for three months, and was recommended for the distinguished service cross. He was later aide to the commanding general, northeastern department, Boston, and was discharged from federal service in September, 1919.

Being discharged from the federal service he was appointed captain of C company in the provisional Massachusetts Guard, and in 1920 was appointed major Q. M. C., later transferred to infantry and appointed executive officer, 51st infantry brigade. He is entitled to compensation on account of disability from wounds, but declined to accept it.

NEW SCHOLARSHIPS

Under the will of the late Mrs. Abbott B. Rice, two scholarships are to be given to Newton students who enter Boston University. Under the provisions of the will, any student attending the Newton High Schools is eligible for the scholarships which will be awarded by a committee consisting of the Superintendent of Schools, and the headmasters of the Classical and Technical High Schools.

MEMORIAL DAY

Charles Ward Post G. A. R., observed Memorial Day last Friday with its usual impressive exercises.

The various cemeteries in the city and surrounding towns were visited by details from the post in the morning and the graves of deceased comrades appropriately decorated.

The usual exercises were held at St. Mary's Cemetery, Newton Lower Falls, in charge of Senior Vice Commander Otis W. Gray and were followed by the casting of flowers in the adjoining Charles river in memory of the sailor dead.

The post were the guests of Newton Highlands for luncheon served in Lincoln Hall.

The formal parade was formed directly after lunch under the direction of Chief Marshal, Mayor Edwin O. Childs, assisted by Captain Levi Libby, as adjutant general and Wilfred A. Wetherbee as chief of staff.

The procession marched through Walnut street to the Newton Cemetery where the exercises were held at the Soldiers' monument consisting of prayer, reading of the orders of the day and of the Gettysburg address, followed by the usual rifle salute and by the sounding of "taps."

The procession then marched through Newtonville, passing the Governor John A. Andrew Home, to the state armory in West Newton, being reviewed by Mayor Childs at the Hose House.

The usual banquet at the State Armory brought the exercises of Memorial Day to a close. Charles Ward Post 62, G. A. R., with its guests to the number of 450 participated.

The guests were Co. C, 101st Infantry, Spanish War Veterans, American Legion Post 48, Sons and Daughters of Veterans with the Mayor and City Government as special guests.

Addresses were made by Mayor Edwin O. Childs, Representatives Bernard Early and Leverett Saltonstall, Arthur W. Hollis, chairman Board of Aldermen; Capt. Levi Libby, Adjutant General on the Staff of the Chief Marshal; Captain Hickey of Co. C.; Commander Hildreth of the Spanish War Veterans; Commander Franey of the American Legion; James H. Wentworth, Commander Sons of Veterans and Mrs. W. A. Wetherbee, President of the Daughters of Veterans.

It was successfully carried out and was a fitting conclusion of a perfect day.

LOGGES

The Odd Fellows of Newton will hold a memorial service next Sunday afternoon in the Universalist Church, Newtonville.

NO ACTION ON TRAFFIC ORDINANCE

Aldermen Postponed Consideration of This Matter.
Playground Purchased at Lower Falls.

The Board of Aldermen held a rather lengthy session last Monday evening, adjourning at 11:30 P. M. This was caused, however, by a "short" recess requested by the Chairman of the Committee on Finance in order that his committee might consider some matters upon which immediate action was necessary, which lengthened into two and one-half hours.

No one appearing on petitions of the Edison Company for pole locations on California street, Newton, Willow street, Newton Centre and for a short piece of underground conduits in Walnut street, Newtonville, orders granting the petitions were subsequently adopted.

No one appearing on petition of Joseph Beraldi for Gasoline Permit at 141 Derby street, West Newton, it was referred to the Committee on Franchises and Licenses.

Harry B. Ross appeared for Frank Gurgone who petitioned for a 3-car garage and garage repair shop at the rear of 63 Lexington street, Auburndale, which was granted him.

Hearings were also held on the matter of taking land for sewer in Salisbury road, Newton, and for the laying out and acceptance of Oakland avenue and Evergreen avenue, Auburndale.

The land used as the Newton Lower Falls Playground has previously been leased by the city from the Crehore estate, and having learned that it was considered selling the land by the owners, the Mayor recommended that the city now buy it. In accordance with this recommendation, a hearing was held on the taking of the land for this purpose as provided by law. Subsequently the order taking the land was adopted, and an appropriation of \$10,000 made, the balance of approximately \$1200 having been contributed by public-spirited citizens.

The Mayor recommended various appropriations. He also requested that the Board consider the advisability of acquiring additional land for the Newton Highlands Playground, and a hearing was assigned for June 16th on the taking of this land.

The following petitions were referred to the Committee on Franchises and License: William J. O'Brien, 677 Washington street, Brookline, for 1 Express Truck; Pasquale Proia, 16 Morgan place, Newton; 1 Express Truck; Charles S. Nelson, for reconsideration of his petition for a 3-car garage at 238 Austin street, Newtonville.

Petitions were received for the construction of sewers as follows:—Elliot street, Newton Upper Falls, near No. 240; Harrington street, Newtonville; Glen avenue, Newton Centre; Cedar street, Newton Centre; Orris street, Auburndale.

Hearings were assigned on petition of James W. Gibson for permit to enlarge and alter building at 663 Walnut street, Ward 6, under the Zoning Ordinance; on petition of Alfred G. Kerr for change of property at the corner of Coyne road and Fuller street, Ward 5, from the Private Residence District to the Business District; on petition of Maria L. and Curtis Abbott for change of their property on Walnut street, Ward 2, from the Private Residence District to the Business District.

Many permits for Private Garages were granted.

Licenses and Permits were granted as follows:—Robert W. Spencer, 2-car garage at 84 Walker street, Ward 2, a 3-car garage having been requested; John Dolan Coal Co., Concord street, Ward 4, Gasoline Permit; Newton Centre Garage, Inc., Gasoline Filling Station; Arthur F. Newey, Common Victualer License at 1292 Boylston street, Ward 5; Antonio Marcoccio, 378 Centre street, Ward 7, 1 Hackney Carriage; Reuben Forknall, Auctioneer's License; Nicholas Tocci, transfer of 3 Pool Tables from 108 to 114 Oak street, Ward 5; Albert J. Sampson, 277 Walnut street, Ward 2, 2 Hackney Carriages.

Name

Address

Newton Highlands

—The pupils of Mrs. Arthur Curry will give her usual Spring recital on Tuesday.

—For your wedding photographs call Newton North 1727-M, Lila J. Perry, Newton.

—Miss Helen Watson of New Bedford is the guest of her sister, Mrs. Charles A. Clark, of Harrison street.

—Mrs. Alfred Austin of Peterboro, N. H., is the guest of her parents, Mr. and Mrs. Walter Adams, of Meredith avenue.

—The Lambda Phi Club were the guests of Mr. Donald Tarbell at his cottage at Chatham, on Cape Cod, over the week end.

—Next Tuesday the children are invited to meet in the Parish House of St. Paul's Church under the auspices of the Department of Public Health of the Woman's Club. The tennis tournament for next autumn will be arranged.

—Mrs. Frederick Badger and son, Victor, sail for Sweden on Tuesday. They will return in September, when Miss Adaline Badger, who has been studying music in Stockholm, since her graduation from Newton High last June, will accompany them.

Newton Highlands

—Miss Elsa Badger has been elected President of the Simmons College Athletic Association.

—Miss Otis Draper is a member of the cast of the Annual Senior play at Boston University, to be given next Tuesday at the Fine Arts Theatre, Boston.

—Sunday being Whitsunday, a beautiful new set of red altar hangings, the gift of two parishioners, will be dedicated by the rector of St. Paul's Church at the 8 a. m. service of Holy Communion.

—Miss Arvilla Toppin Harvey died at her home, 51 Hyde avenue, last week. Wednesday, in her 54th year. Miss Harvey taught school in Boston, and has lived in Newton about thirty-five years. Surviving her are her parents, Mr. and Mrs. John Harvey, and two sisters, Mrs. Caspar Isham of Newton Highlands, and Mrs. M. E. Baird of New York. Miss Harvey was a member of the Daughters of the American Revolution. Services were held last Thursday at her late residence, Rev. George Phipps of Newton Highlands officiating, and the burial was in the Newton Cemetery.

SCHOOL NOTES

Edited by DOROTHY DRAKE

Newton High School

The Classical, Technical, and Vocational High Schools commemorated Memorial Day at assemblies held last week Thursday.

General Charles W. Ward of Worcester, Civil War Veteran, told the Technical and Vocational students of some of his personal experiences, Mr. E. H. Stoddard and the Rev. D. Brewer Eddy addressed the upper classmen of the Classical School.

Mr. Stoddard, a member of the Charles Ward post of the G. A. R., talked on his experiences in the Civil War, and Mr. Eddy's address concerned the responsibility of this generation to men of the past for what they have achieved. It is his belief that the young people of today must realize the duty of carrying on the work of their forefathers, that future generations may not look back on them an day that they failed to keep trust. Following these talks, Miss Curtis, a graduate of Newton, gave a number of piano solos. Robert Brown also recited Lincoln's Gettysburg Address, and the entire assembly joined in the salute of the flag and the first verse of the National Anthem.

Newton Technical High School

Miss Louise Richardson was re-elected president of the Newton Women Teachers' Association last week. The other officers re-elected were: vice president, Miss Sadie Johnstone; secretary, Miss Gertrude Robinson; treasurer, Miss Alice Alden; executive board, Miss Flora Smith, Mrs. Ethel Chasler, Miss Christine McCarthy, Miss Hazel White.

Lawrence Peakes, 24, Classical, is to be awarded four volumes of Kipling for doing the best "all round" work in English during his junior and senior years.

Williams School

The sixth grade people are very pleased to have 100 per cent in banking again this week.

The two sixth grades are having relay races. Yesterday, one of the meets took place. Mrs. Spooner's girls won, and Miss Cotton's boys.

A large number of parents and friends visited the Williams Kindergarten last Wednesday. The children had prepared an exhibition of their work, and entertained their guests by songs and games.

The children of the first grade banked the largest amount Wednesday of this season. The amount was \$66.75.

Mason School

Mr. Louis Gulliver gave an illustrated lecture to the fifth grades of the Mason school on Monday. The sixth and seventh grades were their guests, and all greatly enjoyed the pictures of life in the Navy.

The Mason building alone has 666

pupils—larger than the number of pupils attending the Technical High. The last league game was played on Tuesday afternoon at the Burr Playground. The Masons won, 11-3.

The present standing of the League teams is: Pierce, 3 games, Bigelow, 2; and Mason, 1.

There is some question as to the age of the Pierce pitcher, which may change the final score.

The Mason team consists of the following: Bernard Rockwood, Captain; David Cavanaugh, manager; Norman Harris, Milton Fine, Francis Beecher, Harry MacDonald, Chas. Barry, Robert Greenie, Bernard Baldwin, and Harold Haynes.

Mt. Ida School

A class of thirty-eight seniors, of whom nine were in the college preparatory course, received diplomas Wednesday at the graduation exercises of the Mt. Ida School. The programme included singing by the school chorus, an address by James Lombard of Grand Rapids, Mich., the awarding of diplomas by the principal, George Franklin Jewett and the singing of the school song.

Burr School

Interesting Memorial Day exercises were held by the Burr School last week. In addition to the songs and recitations by the 7th and 8th grades the school was addressed by Mr. Francy and Mr. Nelson, representatives of the American Legion.

Williams School

A very interesting program was given at the Williams kindergarten in observance of Memorial Day on Thursday morning, May 29. At 9.15 the kindergarten, first, second and third grades assembled, each child bringing his offering of one beautiful flower. These were massed in the center of the kindergarten circle. Mr. Griffin, two of the World War heroes and Mr. Leighton were the guests, including a few parents. Each class took part in the exercises, by singing patriotic songs, the kindergarten children accompanying with their orchestra.

A floral basket was made and carried to the Soldiers' Memorial at Nye Park by two larger children, followed by all the others bearing flags, appropriate exercises being held there.

The F. A. Day Junior High School

Wednesday in our Assembly Hall was devoted to a very professional dramatic exhibition under the direction of the ninth grade commercial division. The play "Trying Them Out" was excellently given by the following cast:

Stephen Kidder, Wallace Sampson, Margaret McKenzie, Viola Colarullo, Edith Schneider, Faith Bull.

As the school year is nearing its close the Physical Training instructors have begun the physical examinations. Tests which will show what the average girl or boy can do have also just been completed. These tests measure pitching distances for baseball, speed in sixty yard dashes, number of baskets made out of ten trials, times the bar can be chained.

The F. A. Day girls played a baseball game with the Newton High School Freshman girls. It was a game enthusiastically followed and enjoyed—the first for our girls. The resulting score in favor of the High School girls was 17-8. Wednesday the girls play Wellesley Junior High on our field and Friday at Wellesley.

The boys defeated Wellesley Junior High in a baseball game last week with a score 6-3. Friday the boys play the Somerville Junior High team in a home game.

Students of French in the F. A. Day Junior High School were invited to attend two plays in French given at the Newton High School. These plays were given very commendably and afforded an excellent opportunity to students of French.

The last issue of the "Daytonian" will be a class number for the ninth grade. It will be on sale the last week of school.

Fessenden School

The closing exercises of the Fessenden School begin with the Sixth Form Annual Dinner at 6.30 on Saturday. Sunday at 4 o'clock there will be a musical recital. Monday morning the Sixth Form enjoys a trip. Tuesday morning the letters will be awarded. In the afternoon there will be a baseball game, and in the evening the Prize Speaking Contest. Wednesday is Commencement Day. Rev. William Sperry of Cambridge will be the speaker. The address will be followed by a luncheon.

Allen-Chalmers School

The graduation exercises of the Allen-Chalmers School were held Tuesday at the school in West Newton and the Commencement address was delivered by Rev. James Chalmers, principal of the Framingham State Normal School, this service following closely the last chapel exercises. The diplomas were given out by Dr. Thomas Chalmers, director of the school. Following the graduation exercises came the annual battalion review and exhibition drill. Honors and decorations were awarded and cadet commissions, the latter by Mayor Edwin O. Childs of Newton. D. M. Chalmers of West Newton received a reward for high scholarship.

Lasell

Commencement festivities at Lasell, Auburndale, opened last Thursday when the annual River Day program was carried out on the Charles. Six crews competed in a series of races to determine the war canoe championship of the school and the honor of wearing the Lasell emblem. The races were held over a course starting opposite Fox Island and finishing near Pulsifer's Cove.

The program called for races between the sophomore and freshman, junior first and junior second crews. The first junior crew won in the final, and the second junior crew in the semi-finals.

Miss Katherine Webb, a senior, was crowned May queen at the Lasell

Seminary May Day last Saturday. That she received the second highest honor given at the seminary, the highest being given to the maker of the prize loaf of bread.

The classes, each carrying its colors, filed down onto the field. Miss Frances Badger, president of the senior class, announced Miss Webb as May Queen and crowned her. Each class sang a song in her honor. There followed the winding of the Maypole by the students of the Woodland Park School.

The Commencement concert by the pupils of the Music Department occurred on Wednesday evening at Bragdon Hall. There was a program of voice, violin, piano, and organ selections.

Woodland Park School held their closing exercises on Wednesday. The program included a recital by the pupils from all the grades including the class of '23 girls who have finished the work of the ninth grade and are prepared to enter Lasell Seminary.

This afternoon from 2.30 to 3 P. M., the swimming exhibit will be held at the Swimming Pool in Carter Hall and from 3.00 to 9.00 P. M., there will be an exhibit in the studio of the Art, and of Home Economics in Carter Hall. The latter will include the work done by the dressmaking, millinery, cooking and applied house-keeping classes.

Saturday evening, June 7, the Principal's reception to seniors, former students, and guests will be held at Woodland Park Hall.

On Sunday morning at the Congregational Church, Philip L. Frick, D. D., of Schenectady, New York, will deliver the baccalaureate sermon. Miss Elizabeth Frick, daughter of Mr. Frick, is a member of the graduating class.

The Commencement Vespers will be held at Bragdon Hall at 6.15 on Sunday, June 8, when Bishop Fred B. Fisher of India will be the speaker.

Monday evening the seniors will celebrate Class Night with exercises in the tent and farewell ceremonies on the campus.

Tuesday morning, June 10, the graduating exercises will be held in the Congregational Church with an address by Bishop Edwin H. Hughes of Boston.

The final event of Commencement week will be the luncheon and reunion of the alumnae and former students at Bragdon Hall on Tuesday afternoon.

Waban

—Mr. and Mrs. F. W. Webster have gone to Cataumet for the summer.

—Mr. and Mrs. A. D. Locke have returned from Bethlehem, N. H.

—Mr. and Mrs. Gilbert Hamlin of Waban avenue are rejoicing in the birth of a son.

—Mr. Harry Hunt entertained a number of friends on the holiday at her home in Duxbury.

—Mr. and Mrs. George V. Phipps and family spent the holiday at their summer home in Plymouth.

—Miss Elizabeth Burnham has recently been elected one of the Associate Editors of the "Record," the college paper at Wheaton.

—Miss Isabel Sproul received a post graduate diploma at the graduation exercises of Miss Allen's School last week.

—Mr. and Mrs. Clarence S. Billings of New Haven, have been visiting Mr. and Mrs. Geo. Phipps, for the past week.

—Barbara Walker and Frances Walker were flower girls at the wedding in Brookline last Saturday of Miss Evelyn Walker.

—Mr. and Mrs. C. W. Elmer and daughter Virginia, spent the holiday at Brewster, where they have taken a cottage for the season.

—Mr. and Mrs. James Hewins of Beacon street left on Thursday by motor for West Point to attend the graduation exercises of their son, James Hewins, Jr., who is one of the two graduates from the vicinity of Boston and was appointed by Senator Lodge.

NEWTON PALS WIN 5TH STRAIGHT VICTORY

On Sunday, June 1, the Newton Pals chalked up their fifth straight victory of the season by defeating the Maritime A. C. of Roxbury at Boyd Park by the score of 7 to 6. It was a bitterly fought contest from beginning to finish, and the home team proved its mettle by holding this team as it did. "Chet" Aucoin twirled for the Pals and did his usual good job, turning in a very creditable day's work.

"Tim" Finn and "Berny" Lyman played a very good game at third and short-stop respectively. Each of them made some very pretty stops. "Eddy" Murphy, our centre-fielder, played a brilliant game in the field, and he robbed at least four of the opposing players of sure hits. "Larry" Campbell played a good game at second, and his hitting was one of the features of the game. Each of the players covered their positions well, and the team play behind Aucoin was excellent.

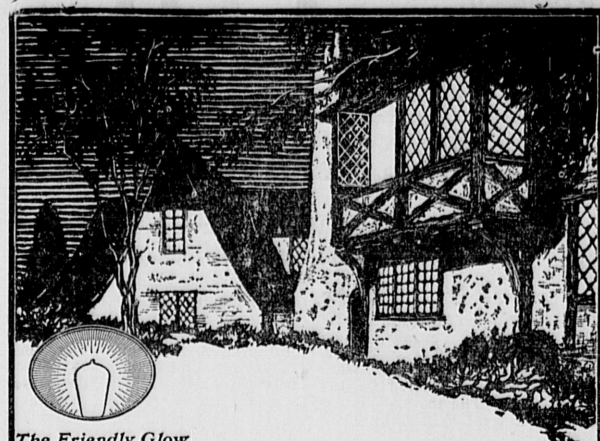

LODGES

—A public installation of Norumbega Lodge was held in Temple Hall, Newtonville, on Thursday night.

The Studebaker Light-Six!

More are sold than of any other six in the thousand-dollar price class!

The World's Largest Producer of Quality Automobiles

More because—it is the sweetest, smoothest-running Six you ever drove. Its specially designed offset valve motor, its machined crankshaft, its four big crankshaft bearings, its perfectly precisioned cylinders, pistons and reciprocating parts are the reason.

More because—no other car in its price class shows such obvious indications of quality—genuine leather upholstery, a hand-tailored top and curtains, carefully selected details of equipment, lustrous baked enamel finish.

More because—its 40-horsepower motor, its correct gear ratio, its beautiful balance and low center of gravity, make it like lightning in the "get-away," never failing on a hill, and effortless under a full load on any reasonable road.

More because—it is backed by a great service organization, immediately and willingly accessible.

More because—its recognized used car value protects you with the lowest possible depreciation when you come to trade it in.

To prove its goodness by performance we will lend you a Light-Six any day this week—come in and ask for it.

These are genuine Flat Foot Sennits; incomparable at 3.00.

Bon-Ton ventilated sweat leathers.

ONE THING AND ANOTHER

Written by
Leverett D. G. Bentley

Inspired by the earnestness of those who are certain there is need of traffic rules in the villages of our city, we offer the following:

O, where, O where, shall I put my car, O where, O where shall I park, When I visit the stores in the daytime or The theatre after dark?

O where, O where, do the traffic rules say, It's perfectly legal to stop? I'm not a guy who is keen for fight And I'm scared to death of a cop.

O where, O where would I find my car, If I scotchily went ahead? Would they seize my boat and run me in, And feed me cold water and bread?

O how, O how can I learn the rules, With my poor little one-track brain? I had a fit when I studied them once, Twice surely would drive me insane.

Suppose I try to remember all, But unintentionally fail, Will they lock me up 'til I learn the rules, By reading them over in jail?

I used to think what a lucky guy The man with an auto must be, But the poor fish now can't go where he likes, For the country is no longer free.

We have heard some grumbling over the announcement that banks are to make a monthly charge of \$1 for the handling of small checking accounts. Although not employed by any bank, or interested as stockholder, we differ with those who protest. We expect to be among those whose accounts will be assessed, and while we think we could use the dollar to better advantage than the Newton Trust Company, we have no complaint. As a matter of fact we have wondered for years what the bank got out of the great swarm of small-account holders. To us it has always appeared as an accommodation, even when our deposit was sufficiently large to be allowed accrued interest. More than the mere handling of our score or more of monthly checks, we obtain an even greater privilege. We can carry our little checkbook in our inside breast pocket, and whenever we want to make an impression on a group of strangers we pull the checkbook out, place it before us (carefully covering the amount of the balance) and majestically wave a fountain pen. Constant practice and plenty of arm movement will make a millionaire sit up and take notice. He thinks you must be some guy when you show such marked facility at drawing a check. That, we repeat, is a privilege worth at least \$1 a month. Again, we are permitted to march proudly into the banking rooms, lean upon the desk, dip into the ink with a nice, fresh pen and write our name on a deposit slip as if we were really going to have the check cashed. We can run the institution for a year. Everybody behind the counter greets us cordially, calling us "Mister" and answering our comment on the weather, just as if fifty other customers had not pulled the very same line that day. Talk about service, we don't know any place where you get more than at a bank. Although far down on the list of minor accounts, we should willingly pay more than \$1 a month before we withdrew our patronage.

Newton has its quota of baseball "fans" and incidentally its quota of baseball players. We learned with great interest this week that there has been organized a team made up of members of the Newton Fire Department. Results have already shown that it is a group of players not only worthy of Newton and Newton's excellent fire department, but of high standing among amateur baseball clubs of Greater Boston. It strikes us about the best idea yet for a fireman who enjoys the sport. Surely it keeps him in good physical trim and permits him recreation of the most desirable kind. There is no reason why the same men who show their ability at handling fires should not give a good account of themselves on the baseball field. The fact they have already shown the Middlesex & Boston team, 23 to 4, and the Boston Elevated 17 to 2 is a pretty good record for a beginning. If you should ask my opinion, Manager Keefe, who plays in the field, we have known for some years at the Newton fire station, and have every confidence that he and his associates will come through the season with a string of victories. The other players are Purdon, short-stop; E. Keegan, third base; D. J. Herlihy, catcher; C. Eschebach, captain; Neville, first base; Kramp, left field; Keyes, center field; Keating, right field; Fitzgerald, pitcher; Charlton, who is an all-round player, and Linnehan and Pierce, who are fielders.

Some of us who learn indirectly of new plays produced with great success in New York, have become convinced that it is almost hopeless to look for their presentation in Boston within a reasonable period. Inasmuch as it is not always convenient to slip over to New York as often as one may wish, there must be some less expensive method of getting a glimpse of these latest shows. We have hit upon the plan of obtaining a published copy of the manuscript. The idea really isn't original on our part as the New York managers seem to have figured that there are people in other parts of the country who feel the same as we do. Consequently the managers rush their plays to the book publishers as soon as Broadway has put the stamp of approval on their production. It makes it easy and pleasant for those of us who enjoy reading a play-wright's work when they can't see it produced. We haven't found anything so thoroughly delightful in a long time as "The Show-off" said to be "the best play of American life written by an American." We don't know as we care to enter into an argument as to

the comparative merits of American plays and playwrights, but we do know that "The Show-off" is the most faithful picture of family life among the middle-class Americans that we have encountered. It deals with a fellow who plays and pretends, and if it isn't a slice out of the daily life around us we will cease discussing dramatics. Other stage successes we have enjoyed in book form has included "The Goose Hangs High," "The Square Peg" and "Ann Vroomer."

We have been told by more than one reader of this column that we should have followed the Memorial Day procession from Newton Highlands to Newtonville last Friday. These friends of ours assure us that we would have had all that we could do in keeping track of violations of the city ordinance against bicycle riding on the sidewalk. In fact, we understand that in order to obtain an accurate list of the violations the services of several tabulators would have been necessary. It appears that the boys selected the occasion to ride their wheels on the sidewalks until driven off by the police. When the watchful officers turned their attention to other duties the boys went back again, we are credibly informed. If these offenders were simply out for the fun of it, they apparently succeeded. If they sought to find out if mention of their actions would appear in this column, they certainly are not disappointed. Although our one-man campaign is not productive of such results as we might wish, it has taught us that there are a number of Graphic readers who share our views in the matter, and who would like to see the ordinance vigorously enforced.

The other day we saw a man "get a rise out" of his office companion in about as neat a way as one could wish. The companion is one of those hard-boiled individualists who thinks everything that he does is just right. Among his eccentric habits is that of wearing his hat while at work in the office. We saw him not long ago industriously employed with a new straw lid crowning his dome. It caused us to remark "You even wear your straw hat in the office." Before the hat-wearer could reply his light-hearted office-mate answered, "Yes, he wants to be ready in case of fire."

With the first field day of the Newton post of the American Legion set for Saturday, June 14, it is certain Newton will make "Flag Day" a memorable occasion. Since the National observance comes on the same day as the local post's efforts to raise funds for worthy purposes, it is our hope that the citizens of Newton will do all they can to show their appreciation both of the flag and the men who fought for it.

CIRCUS

Saturday afternoon, promptly at three o'clock, will begin the Grand Circus Parade, of Troop 11, Girl Scouts of Newton Highlands, from Hyde School grounds down Columbus street to Forest, through the Square and back to the grounds, where the Community Circus will take place.

Although under the auspices of the Girl Scouts, many prominent men and women of the village are actively participating. Among the features are a Fire Drill with jumping into the life net. The Newton Highlands Fire-fighting equipment will be present in full force, thru the courtesy of Captain Turner. Aside from these there will be the usual circus trappings and excitement, monkeys, dog show, magic clown parade, fortune teller, and many other attractive numbers, among them the Newton Girl Scouts Bugle and Drum Corps.

The circus and side shows are continuous to 8 o'clock, and supper will be served on the grounds.

HONORS OF MISS TURNER

Miss Lucy A. Turner of Maple street, Auburndale, was given a farewell party by the Pop Concerts last Saturday by members of the staff of the Children's Aid Association of Boston.

Miss Turner has been connected with the Boston Children's Aid Society for five years as home finder. During 1921-1922 she was granted a leave of absence and went to Poland under the auspices of the American Red Cross, where she established health centers.

Miss Turner is a graduate of Wheaton College and of the Simmons School of Social Work. Last year she received the degree of L. L. B. from the Portia Law School.

Miss Turner is leaving the Children's Aid Society to become Superintendent of the Division of Child Welfare of Westchester County, White Plains, N. Y.

POLICE COURT

Charles O. Bowker of 1454 Beacon street, Waban, was in court Wednesday morning charged with speeding and also going away from the scene of an accident after knowingly hitting a person. A week ago Bowker struck a young boy, John Maginnes of Cypress street, on Beacon street, Newton Centre. He was caught by Patrolman Allan Foley. Bowker was fined \$15 for speeding and not guilty on the other charge as he convinced the court he did not know he struck the boy, who was not seriously injured.

Leonard Nelson of 163 Providence street, Boston, was in court Wednesday for being drunk and operating an automobile while he was under the influence of liquor early that morning in Auburndale. The car struck a tree and was wrecked at the corner of Islington road. Nelson and three girls were taken to the Newton Hospital in the police ambulance, where it was found that they were more frightened than hurt.

NEWTON HIGH SCHOOL

Brookline High track team had an easy time beating Newton High last Saturday, 48 to 29. Ripley in the half-mile and Stratton in the high jump were the stars for Brookline. Weeks, taking the 100 and 220-yard dashes, was the star for Newton.

Eliminate dust with a
EUREKA
VACUUM CLEANER
and eliminate the dust-pan and broom!

The Eureka, with its unusually powerful motor, gets right down into the meshes of the rug, curtain or upholstery, into all the awkward corners, and swiftly draws the dust into the roomy bag—all this—cleanly and conveniently.

You can start enjoying the conveniences of a Eureka for the small first payment of \$4.75—and it costs you only two cents an hour to run.

At your request a demonstration will be given right in your home—free and without obligation.

Just write your name on this coupon and mail today

BOY SCOUTS

A Court of Honor was held at Newtonville Monday evening at which the following Scouts were advanced to second class: Johnson and Maxwell of Troop 5, Benson of Troop 7, West Newton, and Blackler of Wellesley, Troop 3. There were also a large number of Merit Badges awarded.

The next Court of Honor will be held at the Lincoln Park Baptist Church, West Newton, at 7.30 P. M. Wednesday, June 12th. Applications must be at headquarters not later than June 11th.

Parents and friends of Scouts, as well as any other interested persons, are very welcome at these regular sessions of the Court of Honor, and it is a great inspiration to the scouts to have their friends present when they are awarded badges.

Scouts and officers of Norumbega Council wishing to attend the Greater Boston Rally at Fenway Park, June 7th, should form with their out-of-town troops with Division 6 at 3.15 P. M. sharp, near the Jersey street gate.

Such officers and Scouts as are willing to assist in controlling crowd at the sham battle at Newtonville, at the American Legion Field Day, Clarin Field, June 14th, will report to the Scout Officer of the Day in front of the Technical High School at 7.00 P. M. sharp. Buglers wanted especially. Scouts will obtain an "approval" card from their Scoutmaster before reporting, and must be uniformed.

In every community of Newton and Wellesley there are needed several unselfish grown men who are willing to devote some time to Public Service—age no bar whatever—a liking and tolerance for boys is essential, and a love of the outdoors desirable. The compensation will be the satisfaction of having done something for the coming generation, and the pleasure of forming friendships that are valuable and lasting. Get in touch with the Scout Commissioner at 128 Jewett street, Newton, telephone Newton North 1072-W.

GIRLS' PAGEANT

The pupils of St. Agnes School for Girls, Walnut Park, Newton, will give a pageant on the campus, Sunday, June 8th, at 4 o'clock. A dress rehearsal will be given on Saturday, at 2.30 o'clock for children.

NEWTON HOSPITAL

Week ending May 31: Patients in hospital, 108; those paying as much or more than cost of care, 52; those paying less than cost of care, 45; free patients (including babies) 21; patients treated by out patient department, 59; accident cases, 8; babies born, 7; social service calls at hospital, 12; at homes, 4; patients transported by social service car, 12.

During May there were admitted to the hospital 316 patients, and discharged, 329. The largest number at the hospital during any twenty-four hours was 147, on May 13, and the smallest number for any twenty-four hours was 99 on May 30, the daily average number was 123.71. The out patient department treated 458 patients, and the X-ray department 111. There were 41 accident cases, and 51 babies born.

A new doll for the children's ward was one of the donations made at the general hospital day held last week to celebrate the home coming of Mrs. Talbot, the President of the Hospital Aid Association. There were also donations of linen and cotton, jellies, and several books, many of them new.

The tennis courts are being resurfaced, and when the work is completed will probably be kept busy for the rest of the summer.

The baccalaureate sermon to the Class of 1924 of the Training School was preached by the Rev. Ralph E. Davis at services held at the Nurses' Home on the evening of Sunday, June 1.

The Know More Kokki Klub held another one of its regular meetings at the hospital last Monday evening. Almost all programs of graduating exercises have the names of the graduates arranged either alphabetically or according to standing in the class, but the Class of 1924 of the Training School arranged the names of its members according to their heights, the shortest first and the tallest last. Whether the Class of 1925 will be able to think up another new and original method remains to be seen.

MARDEN—CODY

Miss Mary Elizabeth Cody, daughter of Mr. and Mrs. Nicholas Cody of 51 Eddy street, West Newton, and Charles Henry Marden of 254 Elliot street, Newton Upper Falls, son of Mr. and Mrs. Charles Marden, were married Wednesday morning in St. Bernard's Church, West Newton, at a nuptial mass by Rev. William J. Dwyer, pastor. Miss Barbara Coughlin was bridesmaid, and Fred Fontaney was best man. There was a wedding breakfast at the home of the bride's parents to the immediate members of the families. Mr. Marden has just become a member of the Newton Police Department.

NURSING ASSOCIATION TO HOLD MEETING JUNE 9

An important meeting of the Newton District Nursing Association will be held at 12 Austin street, Newtonville, at 9.45 a. m., Monday, June 9. The recommendations contained in Miss Brink's report of the Survey of the Association will be presented for discussion and action.

An amendment to the By-Laws, increasing the number of members on the Board of Directors, will be presented also, to be voted on by the Association.

EDITORIAL

While the monthly charge to be made by local banking institutions for handling the smaller accounts is a radical change in the policy heretofore in vogue, there is a good reason for the new deposit that the bank loses money on such accounts. We believe, however, that the rule refusing interest on the first \$500 bank balance is most unfair and that the present custom of paying interest on all balances over a certain sum ought to be continued. We wonder if the banking interests are looking forward to the time when there will be a charge made for handling Christmas and vacation accounts. It would be the next logical step to take if revenue is to be the first consideration in banking.

The work now in progress of laying cement sidewalks adjoining the Vernon street front of Chaffin Park in Newton, is an absolute waste of public money, as the old concrete sidewalk was amply sufficient for present day needs. Cement sidewalks on the Centre street frontage of this park, as well as a long stretch of cement sidewalks laid adjoining the railroad on Washington street next to Centre place bridge were also unnecessary, and clearly indicate that economy has little consideration nowadays in the present administration.

The action of the Congress in advancing salaries of post office employees is to be commended, although we do not believe in a mechanical increase all over the country. The cost of living in the different parts of this great country ought to be considered and a graduated scale adopted which would give the employee in the country districts about the same income as his city co-laborer. We suggest that it might be feasible to have the post office salaries based on the salaries paid to the police and firemen of each city and town.

The appeal for the use of automobiles to take crippled children to Nantasket ought to reach the heart of every father and mother and there should be a ready response. "Let's go."

The delay in establishing a traffic ordinance in this city is a matter of regret, but we trust it will become effective before the usual summer vacation of the aldermen.

The action of the city government in authorizing the purchase of the playground at Newton Lower Falls is to be commended. It is an ideal location for such a purpose.

LODGES

The next meeting of Newton Lodge of Elks on Thursday evening will be called "McKinnon Night" in honor of Past Exalted Ruler Malcolm P. McKinnon. The business meeting of the Lodge will be held in Dennison hall, and the social meeting in Temple hall.

THE NEWTON HOSPITAL LABORATORY

The laboratory of the modern hospital is the place where the rapid developments of modern science are being applied to the problem of understanding and curing disease, and to the still more important problem of preserving health. No hospital worthy of the name is now without its laboratory, and more and more it is becoming true that the progressiveness of a hospital is being measured by the equipment of its laboratory and the accuracy, range and progressiveness of the study which it carries on. What is the standing of the Newton Hospital as judged by its laboratory? From what beginnings has the laboratory developed and what are its needs in order properly to continue its developments?

The laboratory space is a low-ceilinged, 20 by 12 basement room originally designed and used for storage. It has one double and two single windows. A work bench extends half around the room and closets and sinks around much of the remaining distance thus leaving a 19 by 9 foot working space. In the center of the room is a long table, a filing case and a couple of pieces of apparatus. The walls are nearly covered with shelves which are filled with chemicals, glass ware, apparatus and books.

The equipment of this room includes chemicals and dyes and general laboratory supplies such as test tubes, pipettes and flasks and also special articles of apparatus. Among the latter are the incubator for the growing of bacterial cultures, the centrifuge for separating materials held in suspension in liquids, the colorimeter and analytical balance for accurate chemical work and the microtome for the preparation of sections of pathological tissue. There are also two compound microscopes with a magnifying power up to about seven hundred diameters which, though old, are still giving fairly good service.

So many different kinds of work go on in this laboratory that it is difficult, within a brief space, to describe them. Here are answered a great many of the doctors' questions regarding the condition of their patients. For an example let us take up the various questions asked about a patient's blood.

The question most frequently asked about the blood has to do with the number and kind of corpuscles. The normal individual has about five million red corpuscles in a cubic millimeter of blood, that is in a very tiny drop. In health these corpuscles are of a regular size and shape. The appearance of reduction in number indicates the severity of an anemia and the appearance of the cells helps determine the type of anemia. The normal number of white corpuscles is between five and ten thousand per cubic millimeter and these are divided into some half dozen different kinds. As the white corpuscles help combat bacterial invasion usually, when the body is dealing with an infection, the number of white corpuscles is much increased. The so called "white count" not only helps the doctor to decide if an obscure condition is of the nature of an infection, but it also gives information regarding the severity of an infection and the resistance of the patient. All questions as to the number, kind and proportion of the corpuscles in the blood are referred to the laboratory where the doctor goes to the patient's bedside, takes the blood and brings it to the laboratory for study. The prescription of treatment, even radical treatment as operation and transfusion, may depend on these reports. Some four hundred and fifty blood counts have been done in the Newton Hospital in the last six months.

The question may be regarding the clotting time of the blood. In this case the laboratory worker takes a little blood from the patient, watches its changes and notes the number of minutes before clotting occurs. The study may also include a microscopic inspection to determine the abundance of certain minute particles called platelets, which are found in the blood and have a relation to the clotting time. By the reports of these observations the doctor gets information regarding the cause of hemorrhage or the advisability of an operation from which there might be the possible danger of hemorrhage.

It may be that a bacterial invasion of the blood is suspected. Such an invasion regularly occurs in typhoid, frequently in pneumonia and sometimes by a spread from an infected wound or from other local infections. In such cases the laboratory worker takes a little blood by a technique which precludes the possibility of outside contamination, inoculates this blood on suitable material for the growth of bacteria and reports on the development of bacteria, and if found on kind.

If typhoid fever is suspected a single drop of the patient's blood is taken and tested for typhoid antibodies. These antibodies are substances resistant to typhoid whose production could be stimulated only by the presence in the body of the typhoid bacillus, either alive, as in a case of the disease, or dead, as they are given in typhoid vaccination. The presence of the typhoid antibody then definitely indicates a typhoid infection unless the patient has recently received typhoid vaccination.

Sometimes the laboratory is asked regarding the possibility of the infection of the blood by the malarial parasite. If so, a smear of a drop of the blood is made on a glass slide and stained with a dye which will penetrate the corpuscles and make visible the parasite if it is there. Then follows a microscopic search of the corpuscles for the malarial parasites which may be growing within them.

Necessarily a blood transfusion is necessary, but before it is safe to perform this operation the agreement of the blood of the recipient and donor should be determined. It is known that though two persons may each be perfectly healthy, yet if the blood of one were transfused from one to the other the serum of one blood might clot or destroy the corpuscles of the other. By mixing and observing in the laboratory a drop or two of the serum and corpuscles of the prospective donor and recipient the possibility of the disagreement of the blood can be determined, and by the selection of a suitable donor possible disastrous results of a transfusion may be avoided. The doctor desires the information of the exact amount of various chemical constituents of the blood. Until recent years, though the value of chemical analysis of the blood has been recognized, accurate quantitative chemical methods had not been devised which could be applied to the small amount of blood which it would be practical to take from a patient as a routine examination. This obstacle has now been so well overcome that it is possible to make as many as five quantitative determinations on a single teaspoonful of blood. About a year and a half ago equipment was put into the Newton Hospital Laboratory which makes possible the work on the chemistry of the blood, and the tests are now regularly being done in cases where the doctor desires the information that they afford. These cases are particularly the nephritic patients whose impaired kidney function causes the blood to retain substances which should be excreted and the diabetic patients. Quantitative blood sugar findings are being called for more and more frequently as they are the only reliable guide in the administering of insulin.

The blood is only one of the elements of the body on which the laboratory is asked to make varied tests. It would be tedious here to do more than to mention some of these tests. Various tests of the urine are made in order to answer many important questions regarding the condition of the kidneys, the normality of their function and as to the production in other parts of the body of abnormal substances which the kidneys must excrete. Microscopic, bacteriological and chemical study is made of spinal fluids of abnormal collections of fluids in other parts of the body and of gastric contents. Fecal matter is examined to determine the efficiency of the digestive enzymes, occurrence of fermentative processes and the possibility of intestinal parasites.

The bacteriological examinations, though they have a part in the complete study of any of the body elements, comprise in themselves an important branch of laboratory work. Sometimes the tissue or secretions are given a direct microscopic study to discover the presence and identity of bacteria. This method is used particularly when the organisms suspected are ones that can not easily be made to grow under laboratory conditions. The tubercle bacillus is such an organism therefore in examining sputum for the bacillus, a direct search is made of a stained smear. More often cultures are made, that is the material whose bacterial content is in question is planted on substances specially prepared for the growth of bacteria, a process in laboratory parlance known as inoculating media. The media is then put into an incubator which is regulated by a thermostat to remain at blood temperature. Within eighteen to twenty-four hours many species of bacteria will have so multiplied that their massed growth is easily visible to the naked eye. The cultural study of the bacteria has a double advantage, that of showing growth characteristics which may help in the identification, and that of furnishing a large number of organisms for microscopic study. Cultures are most commonly made from nose and throat secretions. Within the last six months over two hundred and fifty nose and throat cultures have been examined for the presence of the diphtheria bacillus. Cultures, particularly from boils and abscesses, are frequently used to make autogenous vaccines.

The laboratory serves not only the hospital patients but in an increasing degree it is serving the community. By arrangement with the family physician any person in the community may have the service of the laboratory upon the payment of a moderate fee. In this manner the usefulness of the laboratory is extended, and it becomes a source of income for the hospital. In the last six months the charges for outside work have totaled \$369.50. No extra charge is made to a hospital patient either ward or private, or to patients in the out patient department for laboratory work.

A considerable portion of the time of the laboratory has to be given not directly to the making of tests but to keeping in readiness to make

them promptly when requests come in. This preparedness work includes the making of the chemical solutions, the preparation of various kinds of bacteriological media, and the keeping on hand of sterile material.

What is the personnel of the Newton Hospital Laboratory force? The pathologist is Dr. S. C. Dalrymple, who is giving very freely of his time and interests to the concerns of the laboratory. There is only one paid worker, designated as the assistant pathologist. She has received training for the work by courses at the Massachusetts Institute of Technology, and at the Harvard Medical School, and by previous experience. In addition to the responsibility for carrying out practically all of the work described in this article, she teaches bacteriology and chemistry to the nurses, and gives them lectures on the relation of the laboratory work to the work of the nurse. As the work grew, it became physically impossible for one person to cover it all, and as a temporary means of relief about a year ago, the position of student technician was created and a six months' course of training offered. This scheme has seemed to work out to the mutual advantage of the student and the laboratory. One student has completed the course and obtained an excellent position in another hospital where she is doing similar work. A second student will soon complete the course.

The foregoing description gives a summary of the work that is now being done, but it has taken many years for the laboratory to reach this stage of development. From the founding of the hospital in 1886 to 1896 there was practically no laboratory work done except for a few urine tests made by the night nurse. In this matter the hospital was not behind other hospitals of its size, for the world's scientific pioneers were only beginning to understand the role of bacteria in relation to disease, and beginning the practical applications of chemical methods to the study of body processes. It is hard to realize that it was scarcely over half a century ago that Pasteur first demonstrated the relation of bacteria to disease, and brought to light the facts that have since revolutionized hospital procedure.

In 1896 Dr. George L. West became interested in introducing into the Newton Hospital definite laboratory work. The first step was the purchase of apparatus for examining pathological tissue. The position of pathologist was created, and Dr. West was appointed to fill this position, and has continued to hold it and to guide the policies of the laboratory until three years ago. From time to time new procedures were added. Throat cultures for aid in the diagnosis of diphtheria and blood counts were early introduced. To secure a blood counting apparatus it was necessary at that time to make application through Mr. Leeson, then president of the board of trustees, for purchase of the apparatus from a German concern. In the early years the interns had the responsibility for carrying out the laboratory tests. Dr. James R. Phelps, intern in 1904, and Dr. Henry Watters, intern in 1905, gave special enthusiasm to the development of laboratory study. Dur-

ing the war two graduate nurses combined laboratory work with that of anesthesia. Since 1918 three women have successively held the position of assistant pathologist, and have given full time to the work. The early laboratory work was carried on in a room reserved for that purpose in the Contagious Ward. About ten years ago a basement storage room in the main hospital was given over to Laboratory work, and it is in this room that the work is still being carried on.

Three years ago Dr. Dalrymple was appointed pathologist and through his enthusiasm and initiative the laboratory has taken rapid strides toward bringing itself abreast of the best modern small hospitals in the range of its work. The new equipment which has been obtained within the last three years, which includes the incubator, centrifuge, colorimeter, analytical balance and microtome indicates the recent expansion of the work. But as yet the laboratory has by no means arrived at the stage where comfortable satisfaction can be taken in its status quo, on the contrary, it is in a condition where the only consistent policy is for it to continue to advance until it can be truthfully said that the patients of the Newton Hospital are given as complete and dependable laboratory service as the practical applications of scientific research can make possible. It is important to realize that in this age such a goal is a rapidly advancing one, and that unless the pursuit is steady, the pursuer will soon be far outdistanced.

Among the forms of work which are not being done at present, but which it would be very desirable to have carried on, is the study of pathological tissue. This should include both the quick reports made during an operation to help the surgeon to determine how radical the operation should be, and also the slower and more complete studies, which throw much light on the nature of the disease, the proper treatment, and the probable outcome. These studies require the skill of a physician's general knowledge plus special training. The hospital now has most of the equipment necessary for tissue study, and it is hoped that in the near future it may be possible to employ a pathologist who shall give the major part of his time to this service. Tissue specimens are now being sent to the State Cancer Commission, but their reports are chiefly concerned merely with the question of malignancy of a growth.

In the bacteriological and chemical lines more work should be done of the same nature as that already being carried on, and new work should be introduced. In some cases the equipment is already provided which could be utilized for further work, and in other cases new pieces of apparatus would be needed. For example routine bacteriological examination of the hospital milk supply is desirable and possible with the material at hand. More complete bacteriological studies of infections should be undertaken. A chemical test that is known as determining the basal metabolism of the body is of importance in discovering certain kinds of gland disturbances. This test gives the rate of oxidation

of food per unit of body weight under certain conditions. It requires apparatus not in the Newton Hospital. A test of the alkalinity of the blood is useful in determining the severity of a case of acidosis and in guiding its treatment. For this test also, special new apparatus would be required. Further extension of the chemical and bacteriological work is impossible even if the laboratory were still better equipped with apparatus, so long as the responsibility for all the work is left for one person who has no trained assistant. Creating the position of student technician helped relieve the crowded program of the assistant pathologist, but a student who is entirely inexperienced is at first a hindrance rather than a help. Newton Highlands

Patsy Ruby is visiting in Jaffrey, N. H.

Mary Keefe is confined to her home by illness.

John Elliot has recovered from an attack of measles.

Albert E. Robinson has recovered from an attack of "grippe."

The property, 38 Hyde street, has been sold to Chester L. Howe.

Richard MacDonald has recovered from his recent illness.

Donald Hill is about again after his recent attack of the mumps.

Mary Elizabeth Reidy is recovering from an attack of measles.

Edward Wetmore has recovered from an attack of German measles.

Mr. Charles Hawkes of Saxon road, is building a garage on his property.

Mrs. Winslow of Oak Hill entertained at luncheon bridge on Wednesday last.

There have been 50 cases of measles in the kindergarten at the Hyde School.

Virginia Townsend had as her guest of the week end Florence Cushing of Roxbury.

Miss Evelyn Hatch is a week end guest at a house party given at No. Weymouth, Mass.

Mr. Walter Adam is still confined to his home on Meredith avenue with a serious illness.

Mr. Harry Cook and his family of Saxon road, spent the week end at Monument Beach, Mass.

Mr. Albert Mellen of Allerton road, is serving on the jury in the East Cambridge Court.

Richard Bowman of Walnut street, celebrated his seventh birthday on Wednesday last.

Mrs. Jessie Tyrrell of 163 Lincoln street, has reopened her house after several months' absence.

Miss Marion Barker had charge of the costumes at the Pageant recently held at Wheaton College.

Mr. William L. Evans of Plymouth road, has recently become engaged to Miss Dorothy Whittemore of East Milton.

Mr. Harry Cook has offered his home on Saxon road for sale, having recently bought a home in Concord, Mass.

Mrs. F. W. Manson, who has been on an extensive trip in California, is visiting her brother at Atlanta, Ga., on her homeward trip.

On Thursday the United Thank Offering of the Woman's Auxiliary of St. Paul's Parish was presented at the Cathedral by representatives of the Auxiliary. The offering was one of the largest in recent years.

Sixteen classes of dogs already have been registered for the Dog Show at the Circus given by the Girl Scouts on the Hyde School grounds on June 7th. Dogs may be registered that afternoon on the grounds. Mrs. Albert Hutchison of 69 Allerton road is in charge.

The graduation exercises at the Newton Hospital were held on Thursday afternoon at 4 o'clock. Miss Riddle, former superintendent of nurses, unveiled the tablet in memory of the late Mr. Bray.

The Education Committee of the Woman's Club, Mrs. Patterson, chairman, was entertained at a reception given in honor of the teachers of the Hyde School at Mrs. Arthur Williams, on Hyde street on Wednesday last. Mrs. Gobe read.

Newton Centre

The property 55 Cedar street has been sold to Mark A. Messier.

Mr. Harry L. Davis has purchased the property, 25 Newbury street.

Nathaniel A. Billings has purchased the property number 18 Hamlin road.

Mr. Ernest H. Wheeler of 128 Warren street has moved to 145 Woodward street, Newton Highlands.

On Wednesday at the Church of the Assumption, Brookline, Mr. James Francis McInerney was married to Miss Kathryn Louise Leydon of Brookline. The bride was given in marriage by her brother, Thomas W. Leydon of Baltimore, and was attended by her sister, Miss Margaret A. Leydon. Mr. James Waters was the best man and the ushers were Messrs. Harold W. Leydon of Springfield, Mark Mann and Joseph Haller, Polingville, Mass. The ceremony was performed by Rev. Fr. D. J. O'Connell, pastor of the church.

Mr. and Mrs. Harry B. Greene entertained over the week end Mr. and Mrs. Frank B. Greene of Hadley, Mass.

Rev. A. Eugene Bartlett, D. D., of Pontiac, Michigan, has been visiting his mother and sisters on Madison avenue.

Open Day was observed at the Newton Hospital on Wednesday last. A luncheon was given to Mrs. Talbot, president of the Hospital Aid.

The Barnacles met on Tuesday at the home of Mrs. Nathan C. Harrison, 315 Otis street. The subject of "Work and Play" was presented by Mrs. Waldo C. Peabody.

Miss Constance McGlinchey has recently appeared as soloist with the Boston Symphony Orchestra, and has also played for Paderewski at the Hotel Plaza, New York.

On Wednesday evening, June 4th, Miss Florence E. Berry entertained a number of her friends at her home. Refreshments were served and dancing enjoyed until a late hour.

The regular quarterly meeting of the Newtonville New Church Society will be held in the church parlors on Monday, June 9 at 8 P. M. Matters of importance will be presented, and a large attendance is requested.

Mr. and Mrs. Nathan C. Harrison and daughter, of Walnut street, sail next Tuesday on the "Samaria" for a trip to Europe. They will visit England, Scotland, France, Belgium, Germany, Holland, Norway and Sweden, returning early in August.

Miss Gertrude Holman of 85 Norwood avenue, took poison at the street-car platform in Newton Centre yesterday afternoon. She was taken to Newton Hospital, where her name was placed on the dangerous list. No motive could be ascribed for her act.

WEST NEWTON NEIGHBORHOOD HOUSE

All clubs and classes will close this week, to begin again on Monday, July 7, but the children will go on as usual on Thursdays. There will be special activities for the summer months.

The June meeting of the Boston Social Union will be held on Wednesday, June 11, at the Neighborhood House. An invitation to attend has been extended to the Newton Central Council, and the social workers of Newton, and it is hoped that many new members will be present. Mr. Arthur Dunham, of the Newton Central Council, will speak on the organization of a suburban community, and plans for the work of the coming year will be discussed. The meeting will begin at 11:30, and luncheon will be served at 1 o'clock.

Miss Alice LeBaron Folsom, of Bridgewater, will be assistant worker at the Neighborhood House during July and August. Among other interesting things planned is regular "story telling" hour, which will be in charge of Miss Folsom.

The name of the West Newton Day Nursery, Inc., was formally changed at a special meeting of the directors on Tuesday morning, June 3, to "The West Newton Neighborhood House, Inc.," the name which we have used informally for some time. As soon as the action of the directors is properly filed at the State House the new name will be legal, and will be used in all business transactions of the house.

Miss Minchin will go to her home in Michigan for a three weeks' vacation, returning July 7th.

Preparations for the Exhibit and Fair to be held Saturday, June 7, are going on this week. Mr. Martyn will have charge of the contests for boys; Miss Davis, the contests for girls; Miss Poole, the sewing class exhibit; Mrs. Ford and Mrs. Noon, beads; Mrs. Monahan, the food table; Mrs. Whalen, the favor booth; and Mrs. Gentili, the loan exhibition of needle work. The contests for boys and girls will begin at 2 o'clock, and the little girls' doll carriage parade at 4. The Fair will be open from 1 to 6 o'clock, and no admission will be charged.

To Hunt Parasites

The United States has employed a Russian to hunt parasites of the Japanese beetle in South Russia that may help to stop the spread of that destructive insect in New Jersey.

Miss Isabelle Walsh has recently been elected to the Alpha Society of Smith College.

Miss Janet Eaton has been elected Assistant Manager of the Smith College Monthly.

Miss Elizabeth Fyfe will give a recital at the Unitarian Church next Sunday afternoon at 3.30 P. M.

Mr. and Mrs. Frederick Lunt of Burlington, Vermont, are the guests of Mr. and Mrs. Glendinning Smith.

Next Sunday is observed in the Second Church as Children's Festival Day, and marks the close of the Church School year.

The last Wednesday night meeting for the season will be held at the Second Church next Wednesday at 8.00 P. M.

On next Sunday, Children's Day, the silver cup given by Mrs. Gross for the two best choir members of the Auxiliary Choir of the Second Church will be awarded after the morning service in the Chapel.

An automobile owned by Thomas Ashforth of West street, Nonantum, and operated by his wife, ran into a tree Tuesday night on Watertown street, and was damaged. Mr. Ashforth was cut about the head by flying glass, but his wife escaped unhurt.

Troop 9 of Boy Scouts of West Newton will give an entertainment next Wednesday evening in the Lincoln Park Baptist Church, to raise funds to build a cabin at Camp Ohio. An enjoyable program has been arranged.

NEWTON WELFARE BUREAU

While we are reading from week to week of the good work of many other organizations which are serving humanity in all parts of Newton, do not let us forget the Newton Welfare Bureau.

The Bureau certainly does much to relieve illness, suffering, family misfortunes, unemployment results, and in many other unfortunate conditions which lead to trouble and unhappiness.

Demands upon service of the Welfare Bureau are steadily increasing as the possibility of finding help thus becomes better known.

The Newton Welfare Bureau is in its third home, at number 12 Austin street, Newtonville, just back of the Newtonville branch of the Newton Trust Company. In fact the home occupied by the Welfare Bureau is owned by the Newton Trust Company and leased on generous terms to the Bureau. Under the same roof are housed three other very busy and important groups, which insure quick action and efficient cooperation.

Although very careful economy is always observed, work of the city-wide breadth, with perpetual new problems, demands much time, and money enough to be ready to help in time of urgent need and so prevent more serious trouble. The Bureau needs to be well known by every citizen of Newton. It needs your interest, and it needs your many contributions. Every man and woman in Newton ought to become a member of the Newton Welfare Bureau.

Come to 12 Austin street to see for yourself what is going on there. You will always find a hearty welcome and a careful explanation of the many directions in which a helping hand is extended.

DOG SHOW

On Saturday afternoon, June 7th if the uncertain weather (so far experienced this year) permits, the Middlesex County Kennel Club will hold one of its always enjoyable All Breed Sanction Shows under American Kennel Club rules, at the grounds of the Newton Y. M. C. A. on Church street.

This show allows the bringing and entering of all dogs from the youngest puppy to the oldest veteran without any previous requirements as to entry or pedigree. The exhibitor just brings the dog and enters him at the gate.

The admission and entry fees are small and this club's record for holding good clean shows guarantees an afternoon of good sport. All breeds are well catered to for Mrs. James P. Lewis will judge Shepherd Dogs; Mrs. John B. Hadaway the Pikes; Mr. William G. Dyer, Sporting Breeds; Mr. William Martin, Collies; Mrs. L. W. Kreinsen, Bull Terriers; Mr. William Moreland, Boston Terriers; Mr. A. B. Edgerly, all other Terriers; Mr. Ben. Jamn F. Earl, Bulldogs, Frenchies, Chows, Sarnoyeds, and Doberman Pinschers; Mr. Eskridge, some of the remaining breeds.

It is hoped but not at present definitely settled that Mr. John B. Hadaway who has been an extensive traveler and an expert photographer, will in the evening give an illustrated talk on a trip through the Mediterranean in the upper hall at the Y. M. C. A. Details will be given at the show.

D. A. R. MEETING

The annual meeting of the Lydia, Partridge, Whiting, Chapter of D. A. R. was held at the home of the regent, Mrs. Sanford Thompson, on Tuesday, May 27. There was a large attendance. The regent read the President General's message, which she gave in Washington to the Continental Congress, which contained many interesting and helpful ideas about D. A. R. work throughout the country. The annual reports were then read, and accepted. The treasurer reported that the net proceeds from the Bridge party amounted to \$86.72. The chapter voted to give one half of this amount to the D. A. R. student loan fund, which is already being used. Twelve new members have been added to the chapter during the past year. Mrs. George Phipps, and Mrs. Henry Cummings were made honorary members of the Chapter. Reports, from the various Committees showed that the chapter is steadily making progress along all lines of D. A. R. work. The following officers were elected for next year: Regent, Mrs. Sanford Thompson; Vice Regent, Mrs. Richard Cody; Recording Secretary, Mrs. Scott Emery; Corresponding Secretary, Miss Marion Dorr; Registrar, Miss Adelaide Webster; Historian, Mrs. Charles Beane; Treasurer, Mrs. Harris Langley; Chaplain, Mrs. William Crosby; Custodian, Mrs. Myron Cudworth; Directors: Mrs. J. W. Foster, Mrs. William Bicknell, Mrs. Frank Warren; Auditor, Miss Alberta Crombie. At the close of the meeting, refreshments, consisting of ice cream and cake, nuts, candy and coffee, were served by the Hostess, assisted by Mrs. W. J. Bicknell, Mrs. Albion Brown, Miss Anna Thompson, Miss A. J. Crombie, and a social time was enjoyed by all.

CHESTNUT HILL FETE

The Street Fair and Fete, planned for Saturday, June 7, on the Chestnut Hill, will be held rain or shine, although it is hoped that after so many cloudy days, June 7 will be fair and warmer. In case of showers on that day, however, the entertainment will be held in the garden, stable or elsewhere, but all under cover. The following players will take part in the tennis tournament to be held on the Edwin S. Webster estate, Chestnut Hill, on Saturday afternoon, June 7: Miss Leslie Bancroft, Mrs. Edward Cole, 2nd, N. W. Niles, James Davies, Lawrence Rice and Richard Harte. There will be men's doubles and mixed doubles, beginning at five o'clock, and the presence of these noted amateurs should bring a large gallery. Among the many debutants who will assist are: Miss Polly Webster, chairman, and the Misses Nell Baldwin, Margaret Bazeley, Rosamund Blanchard, Margaret Curtis, Harriet Boyden, Barbara Bradford, Hannah Hollowell, Alice Luce, Mary Otis, Edith Parker, Louise Thayer, Isabel Thorndike, Constance Vaillant, Helen Swan, Dorothy Weld and Priscilla Rhodes.

Mrs. F. Reed Estabrook, chairman, and Mrs. Chandler Hovey, assistant chairman, of the entertainment committee, emphasize the fact that this fete will be for the public generally. Everybody is welcome, and there will be entertainment for everybody. Moreover, it is the first time that the Webster estate has been opened publicly, and it will be an excellent opportunity for many persons to see a choice garden spot.

DEATH OF MR. FOLLETT

Mr. William John Follett, for many years prominently identified with the social life of Newton, died on Tuesday in this city.

He was born in Granville, O., May 14, 1856, and was graduated from Marietta College, Marietta, O., in 1879. He attended Columbia Law School, New York City, during 1879 and 1880, and in the latter year he entered the wool business with which he had been actively identified for more than forty years. His firm was Follett & Co., 233 Summer street.

He was a member of the Central Congregational Church, Brooklyn, N. Y., and of Winslow Lewis Lodge, Boston Royal Arch Chapter, Gethsemane Commandery of Newtonville, and Alepo Temple. Prominently identified with civic and social affairs of Newton, since 1881, he was an honorary life member of Newton Club and a member also of the following organizations: Algonquin Club; Laconia Country Club, in New Hampshire; Boston Chamber of Commerce; Meredith, N. H. Chamber of Commerce; Whittier Club of Meredith, N. H., and Alpha Sigma Phi fraternity of Marietta college.

He married, Nov. 30, 1880, Nellie Dana Woodbridge of Marietta, O., who survives him; and there are two sons, Austin Woodbridge Follett and William Dana Follett. Funeral services are being held this afternoon in the Newton Cemetery chapel. Rev. Edward M. Noyes of the First Church of Newton Centre, officiating.

AUTO ACCIDENT

A car owned and operated by Stephen S. Riggs of Boston, and containing Tony McFarland of Boston, C. D. Morrissey of Boston; Miss Alice French and Miss Edna Norton of 393 Massachusetts avenue was in a collision with a car owned and operated by James D. Gilfeather early Tuesday morning at Commonwealth avenue and Grant avenue, Newton Centre. Both cars were damaged but the occupants escaped injury. Gilfeather was locked up by Patrolmen Kilmain and Carley for being drunk and operating an automobile while under the influence of liquor.

LODGES

On Wednesday, Newton Lodge No. 92 held a Hurdy Gurdy Party at their Lodge Rooms in the Post Office Block, West Newton. The Committee, under the able supervision of Harry Gammons, had been working for several weeks on the arrangements, and the results were even more than they anticipated.

Newton Centre

—The property, 56 Cedar street, has been sold to Mark A. Messier.

—Children's Day will be observed next Sunday, June 8, at the First Church.

—Mr. and Mrs. Frank Ogilvie of Elmwood street, are rejoicing in the birth of a son.

—Mr. and Mrs. Herbert M. Thayer of 46 Homer street, have moved to Westfield.

—Children's Day will be celebrated at the Unitarian Church on Sunday, June 15th.

—Mr. and Mrs. William T. Lockett of 8 Cedar street, have removed to Brookline.

—Mr. and Mrs. John Briggs of Parker street, have gone to Chatham for the summer.

—Miss Caroline Butts and Miss Frances Varney returned from Vassar College this week.

—Dr. Noyes of 553 Beacon street has sold his house to Mrs. Eudora A. Rugg, who will occupy.

—Mrs. C. Peter Clark of Pleasant street, entertaining the Roxbury Garden Club on Wednesday.

—The Annual Church School picnic of the Unitarian Sunday School will be held on June 14th.

—Mr. Robert Burgess has reopened his house, number 90 Sumner street, after several months' absence.

—Mr. Wayland F. Vaughan has received a resident fellowship and scholarship at Harvard College.

—Mrs. Chester Churchill, 20 Holly road, Waban, is the new Cradle Roll Superintendent of the First Church.

—The Men's Club of Trinity Church were the guests on Tuesday of the Men's Club of St. Paul's Cathedral, Boston.

—Miss Winifred Rayner was maid of honor at the wedding in Cambridge recently of Miss Marion Whipple, and Walter P. Rayner was an usher.

—Among those who spent the holidays at Chatham were Mr. and Mrs. Joseph S. Cordingley, Mr. and Mrs. Charles N. Pitts, Dr. and Mrs. Luther Paul.

—Rev. Edward M. Noyes will attend his class reunion at Yale University on June 15. Dr. Athearn of Boston University will preach at the First Church.

—Mr. Charles H. Russell of 30 Pelham street, was injured in a collision in Concord on Saturday. Mr. Russell sustained fractures of three ribs, and his wife was cut and suffered internal injuries.

—After an operation at the Newton hospital, Lt. Charles F. Weeden, Jr., of Glen avenue, is rapidly recovering. He was subject to a severe strain in lifting heavy boxes in Near East Street.

—A dance was given Thursday evening, May 29, by the Thompsonville Social Club at the Newton Centre Women's Club House. Holmes' Orchestra furnished the music. Over 200 persons were present. Great progress has been shown by the club, although it has only recently been organized. The success of the dance is a proof of the earnestness of their efforts.

—Mrs. Isabelle V. Taylor, wife of John A. Taylor, died at her home, 3 Victoria Circle last Saturday. Mrs. Taylor was born in Boston and was twice married, her first husband being Mr. Everett Townsend of Boston. Mrs. Taylor has lived in Newton 8 years, and was a member of the Philomathean Club. Besides her second husband who survives her, she leaves a daughter, Laura Townsend. Services were held at her late residence on Tuesday, and a solemn mass of requiem was held at the Church of Our Lady, Father Curtin celebrant. The burial was in the Newton Cemetery.

Auburndale

—Mr. and Mrs. Donald D. Williams of Central street spent the holiday at Ashburnham.

—Miss Mary Slater will attend the graduation of her sister at Connecticut College this week.

—Mr. and Mrs. Austin W. Fisher of Brue Burn road are moving to Acton about the middle of June.

—Miss Alice Tyler is a member of the cast of the senior play to be given at Boston University on June 10th.

—Rev. Edward Payson Drew was one of those who assisted in the service at Gordon College of Theology and Missions last Sunday.

—Mr. and Mrs. George McNear of Auburn street go this week to Connecticut College to attend the graduation exercises of their niece, Miss Katherine Slater.

—Through the kindness of Mrs. Walter H. Eddy, a portrait of the late Henry G. Hildreth, for many years clerk of the Congregational Church, and chairman of ushers, has been presented to the church, and placed in the front vestibule of the church.

BRENNAN—CONROY

Miss Mary A. Conroy was married Wednesday morning at the Church of the Sacred Heart to Thomas J. Brennan. They were attended by Miss Jennie McNeil and Mr. Patrick Gilmore. Rev. Father Haney performed the ceremony, and was also celebrant of nuptial mass.

The bride wore a dress of white satin and a veil, with a wreath of orange blossoms, and carried a bouquet of lilies of the valley. The bridesmaid wore pink canton crepe with a hat to match. After the ceremony a wedding breakfast was served, at the bride's future home, where a musical program was given, with solos by the McKinnon brothers.

After a brief honeymoon, Mr. and Mrs. Brennan will make their home at 831 Boylston street, Newton Highlands.

In addition to the above, books covering specific professions—the stage, building trades, business, engineer, farmer, forestry, home economics, janitor, journalist, metal worker, millinery, ministry, physician, printer, salesmanship, teacher, etc., may be found listed in the catalog under the heading of "Profession, choice of," as well as under the individual title subjects.

NEWTON FREE LIBRARY.

JOHN BOYLE O'REILLY CLUB
The members of the John Boyle O'Reilly Club assembled at Waltham Catholic cemetery Memorial Day and decorated the graves of late brothers P. A. Murray and W. H. Thomas, also holding brief services at each grave.

M. J. Conroy, the oldest as well as the most active member of the organization in Greater Boston, conducted the services, and also made a brief address, during which he referred to the late brothers as leading citizens of this community, and at the same time they gave the best they had to the cause of Ireland.

The speaker quoted numerous authors and writers who had acknowledged the good work done by men of Irish extraction who had taken a leading part in promoting the welfare of this country, and named the deceased brothers who had contributed their shares.

Members of both families were present at the services, as well as many members of the Clan-Na-Gael from this city and surrounding towns.

DEATH OF MRS. GALLOND

Mrs. Nellie M. Gallond, wife of Charles B. Gallond, died at her home, 38 Eldridge street, Newton, on Tuesday, June 3d, after a protracted illness.

Mrs. Gallond was a native of New Hampshire but, later, lived in Amherst, Mass. For the past twenty-five years she has been a resident of Newton. She was for many years a member of Immanuel Baptist Church, and of the Palestine Chapter, O. E. S.

She is survived by her husband. Services were held at her late residence on Thursday, Rev. Newton A. Merritt, Jr., officiating, and the burial was at Amherst, Mass.

AUTOMOBILE WANTED

More than a hundred owners of automobiles from far and wide have responded to the request of the Boston Automobile Dealers' Association, Inc., for cars to help transport the Crippled and Orphaned Children of Boston on their Annual Outing to Nantasket to take place on Wednesday, June 12th, yet this number is hardly one sixth of the total number that will be necessary to convey 2800 children which is figured will be cared for through the efforts of Secretary Chester I. Campbell, who is in charge.

Every little inmate of the many homes, hospitals, and neighborhood houses of Boston is aware of the glorious time some of their companions have enjoyed in the past. As a result each year, more applications have been received to participate in this one happy day in their lives.

It is indeed touching to witness the beaming faces of these little tots as they start out on their trip, waving flags, cheering, and their faces aglow with pleasurable anticipation. The glory of being in a real automobile, the exhilarating ride, the game, the day at the beach, and the fact that visions are open unthought of before makes of them new beings, and their gratitude would touch a heart of stone.

To these appeals the motorists have been most generous. While last year nearly 500 cars were donated many little children had to be left behind owing to insufficient transportation facilities. This year even more cars are needed, and it is sincerely hoped that contributions both of cars and cash will be forthcoming. The time is short for such preparations as are required, and if the donations do not come in promptly many must be disappointed. Remember, the day is June 12th. Donate your car and driver and make the hearts of these poor children happy.

All donations for cars and cash should be sent direct to Chester I. Campbell, Park Square Building, Boston, Mass., or telephone Back Bay 9880.

LODGES

June 27, Garden City Grange will hold a picnic at Lake Walden. Charles Goodwin of 245 Bellevue street, Newton, has charge of transportation. Committee comprises Charles Goodwin, Mrs. Edward Pitt, Mrs. Helen White and Mr. and Mrs. Wendall Smith.

—The 5th Masonic District will hold an outing at Norumbega Park tomorrow.

BANKING BY MAIL

It does not take a very old person to remember when it was thought necessary to go to the bank to deposit or check out money—then it was found convenient to mail the checks—and today many save time by doing their banking by mail.

It only costs a two cent stamp to mail your deposit—and this bank takes very good care of customers who bank by mail.

MORTGAGEE'S SALE

By virtue of the power of sale contained in a certain mortgage deed from Frederick Calladino to Benjamin Morse, Trustee for Anna E. Geiger, dated November 8, 1923, recorded with Middlesex ss., South District Deeds, Book 485, Page 205, for breach of the condition of said mortgage and for the purpose of foreclosing the same will be sold at public auction on the premises hereinafter described on Wednesday, June 18, 1924, at four o'clock in the afternoon, all and singular the premises described in said mortgage deed, to wit:

"The land in said Newton, shown as Lot number 8 on a Plan of Lincoln Park, Newton, Mass., Waban District, July 19, 1922, John E. Titus, Landscape Architect, recorded with Middlesex ss., South District Deeds, Book 310, Plan 46, bounded and described as follows:

Westerly by Chestnut Street, as shown on said plan, fifty (50) feet;

Northwesterly by a curved line forming the junction of Chestnut Street and Anita Circle, twenty-three and fifty-six one-hundredths (23.56) feet;

Northerly by Anita Circle, as shown on said plan, ninety-six (96) feet;

Easterly by Lot 5, as shown on said plan, one hundred and ten (110) feet;

Containing 7107.1 square feet, be all of said measurements.

Together with the right to use Anita Circle in common with others for all purposes for which the same are ordinarily used in the City of Newton."

The said premises will be sold subject to said taxes, tax titles and municipal liens, if any there be.

A deposit of \$500.00 will be required to be paid at the time of sale, and the balance in ten (10) days thereafter.

BENJAMIN MORSE, Trustee,
6 Beacon Street,
Boston, Mass.
May 23-26, June 6

Commonwealth of Massachusetts,
Middlesex ss., Probate Court.
To all persons interested in the estate of John Q. A. Whittemore
WHEREAS, Louis M. Hannum and Charlotte E. Whittemore the trustees under the will of said deceased, have presented for allowance, the second account of their trust under said will:

You are hereby notified to appear at a Probate Court, to be held at Cambridge in said County, on the tenth day of June A. D. 1924, at ten o'clock in the forenoon, to show cause, if any you have, why the same should not be allowed.

And said trustees are ordered to serve this citation by delivering a copy thereof to all persons interested in the estate fourteen days at least before said Court, or by publishing the same once in each week for three successive weeks, in the Newton Graphic a newspaper published in Newton the last publication to be one day at least before said Court, and by mailing, post-paid, a copy of this citation to all known persons interested in the estate seven days at least before said Court.

Witness, George F. Lawton, Esquire, First Judge of said Court, this twentieth day of May in the year one thousand nine hundred and twenty-four.

LECTURE ON CHRISTIAN SCIENCE

John Randall Dunn, C. S. B., Speaks on "Christian Science: The Solution of the World's Problems"

The lecture on Christian Science at Community Theatre Sunday afternoon drew an audience that filled every seat and overflowed into the lobbies and stairways.

In introducing the speaker, the First Reader of the Newton Church, Mr. Edwin C. Johnson, stepped forward holding in his hand the Bible and the writings of Mary Baker Eddy, and said:

"If I were to tell you that I hold in my hand that which will enable you to solve the world's problems, some one might doubt the truth of my statement. Yet I know, and hundreds here today know, and millions all over the world know, that the Bible, as unlocked to us by Christian Science, and the writings of Mary Baker Eddy, contain the solution of every ill that flesh is heir to."

"Speaking from my own personal experience, I can truly say that Christian Science has helped me to know God better and to love Him more understandingly. It has healed me, among other things, of poor eye sight, catarrh, colds, fever, sprained ankles, and influenza. It has been an unflinching help to me for more than twenty-five years in the most perplexing problems that confront any man—in the daily life, in the walks of business, and in the world at large. I have seen it solve in members of my family, in neighbors or friends, practically every problem that life presents."

"One of the most wonderful things about Christian Science to me is this, that no matter what problem may come up—if you are taken ill, or come one in your family; if an accident occurs; if you lose a near and dear one; if you seem 'tempted above that ye are able'; if a serious business difficulty presents itself suddenly;—no matter what the problem is, be it big or little, somewhere in these inspired writings of Mrs. Eddy you will find a thought, a sentence, or a paragraph that seems to have been written for the special need that confronts you, and that will help you to overcome it."

"The good friend who is to speak to us today has, I am sure, seen in his own personal experience Christian Science solve practically every kind of problem that faces mankind. For many years he has been an earnest student, practitioner, and teacher of Christian Science. He was First Reader in one of the Christian Science churches in St. Louis, and for several years has been a member of the Board of Lecturers of the Mother Church, The First Church of Christ, Scientist, in Boston. Just a year ago today he completed his term as First Reader in the Mother Church. He is so well known to most of us that I shall not presume to introduce him, but I do take very great pleasure in presenting to you, and welcoming to Newton again, our good friend, Mr. John Randall Dunn, C. S. B. of Boston, who will speak to us on 'Christian Science: The Solution of the World's Problems.'"

Mr. Dunn spoke as follows:

You have noticed many times, without doubt, a certain inscription over exits from buildings and cars which reads: "This Way Out." Often have I wished that I might write below this the words "Christian Science," for every student of this great subject realizes more and more that the understanding and practical application of the Science of Christianity affords the only definite way out of the many problems which confront and perplex humanity today.

Nineteen centuries ago the great Teacher of Nazareth pointed the way out of human discords, and rightfully has ever been called "The Wayshow-er." But have morals really accepted Jesus as the practical Wayshower out of aught but sin? Have they looked on him as the greatest healer of disease that the world has ever known? Have they realized that on the shores of the Galilee lake were given scientific rules which, when put into operation, would solve here and now the knotty problems of human existence, of capital and labor, of supply and demand, problems of men and nations? In a word, have mortals been turning naturally to the teachings of Jesus to find present-day salvation from evil?

Present-Day Salvation

If a bit of personal reminiscence is permissible, I would say that our family, though conscientious churchgoers always, never supposed their sense of Christianity capable of supplanting their quinine and calomel in a case of sickness. Such a thought would have been labeled speedily as far-fetched and not common sense. Quite unconsciously, however, we exemplified the sentiment of the man who said that religion was an excellent thing if not carried too far, and was not allowed to interfere with the practical affairs of life! But because we did not carry our religion far enough and allow it to permeate the innermost details of daily experience, we encountered seemingly unsolvable problems of sickness, of lack, and other forms of inharmoniousness. It was not an uncommon sight to see a member of our family return from church, go promptly to bed, and call for some strong medicine to enable her to overcome a severe headache caused by overwrought emotions. We knew not in those days that emotionalism was the product of the carnal mind, and not of the divine Mind, and that the simple, sweet message of Christ Jesus should heal headaches and still the turbulent emotions. In fact the good news brought by Christian Science to a suffering world is that a scientific understanding of the teachings of Jesus of Nazareth can begin this very day to untangle our snarl and find answers to our many human problems: that Christianity must not only save men from a future hell, but from a present hell—the hell of sickness, lack, fear, hate, and all its unlovely etceteras; that heaven, the reign of harmony, is possible in ever-increasing degree here and now.

An Instance of Jesus' Healing

Let us consider for a moment one of the many examples given us in the Scriptures of Jesus' simple, and yet to our sense marvelous handling of a problem of sickness. Take one of his early healings as recorded in Luke's gospel. He is besought to help the mother of Simon's wife, who is seemingly gravely ill. Apparently the Master makes no inquiries as to the symptoms, does not ask for the cause of the malady, nor does he desire to take her temperature or feel her pulse.

Let us see what happened, as recorded by Luke. "And he stood over her, and rebuked the fever; and it left her; and immediately she arose and ministered unto them." There was no period of convalescence, no gradual abating of the fever, nor slow recovery of strength, and the great Healer did not caution her about her diet and warn her not to take cold. "Immediately" she arose and ministered unto them. In the records of its four thousand years medicine cannot find such an astonishing cure of fever wrought through any of its material methods. And yet Christ Jesus did not use material things. He rebuked the fever, please notice, and not the woman. Now a word is only the audible expression of a thought; hence that which brought about this remarkable healing was wholly mental—in other words, it was something which the Master thought or understood.

How Did Jesus Heal the Sick?

This mighty understanding we see rebuking unclean spirits, healing epilepsy and all manner of disease. We see it stilling storms; enable Jesus to walk on the water, to feed the multitude, and even to raise the dead. Perhaps the saddest and most grievous error which scholastic theology makes is the relegating of these demonstrations of Jesus' control over evil and materiality to the realm of the miraculous. Theology excuses its failure to do these works on the ground that Jesus was God, and his acts therefore superhuman; notwithstanding the fact that the Master plainly said that of himself he could do nothing, that it was the Father who dwelt in him that did the works, and that those who truly believed on him (understood him) would be able to do the things that he did and even greater things. Therefore the all-important question before Christian people today is, Can we as professed followers of the Master do the works which he did? Can we think his thoughts today, and begin to solve our problems by his method? What was that Jesus thought or understood when he rebuked fevers, stilled storms, overcame lack, and subdued materiality?

These questions began to form themselves in the thought of Mary Baker Eddy at an early age. She was a deeply religious child, and has written that she would listen with joy to the assurance of her spiritually-minded mother that God was able to raise her from sickness (Science and Health, p. 359). And she not only had proofs of this with herself, but on one occasion when a mere slip of a girl she subdued an insane man. It seems that when a lunatic rushed into the schoolyard where the little Mary Baker was playing, the man was violent, brandishing above his head a club. The children fled in terror, all but Mary Baker. She walked quietly up to him and took his hand. Instantly his manner changed. The arm with the club dropped to his side, and he walked with her quietly to the gate. In later years, when the light of Christian Science had illumined the darkness upon her thought, a woman brought her child to Mrs. Eddy, laid it on her knees, and begged her to ask God to cure his blindness. "Mrs. Eddy has stated that she lifted her thought to God and returned the child to its mother, assuring her that God was able to keep His children. The mother looked at the child's eyes and they were healed." (The Life of Mary Baker Eddy by Sibel Wilbur, p. 70.)

The Discovery of Christian Science

It can be seen plainly that the idea of Christian healing had been budding throughout Mrs. Eddy's earthly experience, and therefore it was perfectly natural years after, when she found herself near the gates of death, to turn her thoughts toward spiritual aid. She called for the Bible and opened to the ninth chapter of Matthew. As she read the story of the healing of the man sick of the palsy, the great truth for which she had been searching all her life began to dawn upon her thought. She began to touch the hem of the garment of the healing Christ, and to implore the answer to the age-old question, "What is truth?" In that glorious moment, and in the months and years of consecrated searching and praying that followed, there was unfolded to Mrs. Eddy Jesus' method of healing, what Jesus must have thought and understood and practiced. In proof of this she not only saved herself, but with this understanding she was able to heal others. In fact, many of Mrs. Eddy's demonstrations of healing are as remarkable as those which are recorded in the Acts of the Apostles. Of such healings she speaks in her writings very briefly and modestly, but we find that cancer, consumption, hip disease, insanity, the morbid and opium habits, and many other forms of sin and sickness all went down speedily before her realization of the might and glory of the Word of God.

The Christian Science Textbook

Then she set about sharing with the world her discovery, and in the textbook, "Science and Health with Key to the Scriptures," and in what are called her shorter writings, we find revealed the Science by which Jesus, the apostles, and the prophets unquestionably did their mighty works. The best Christian Science lecture that could possibly be delivered would consist simply in reading to you from

these inspired books; but the Bible and Mrs. Eddy's writings should be studied, pondered, and prayed over rather than given only the hasty consideration possible in the few moments allotted for this lecture. If any who listen to this message are led to become sincere students of these God-inspired writings, our time today will have been well spent; for the man, woman, or child who is willing to study Mrs. Eddy's works and begin to put into practice the truths he learns therein, stands indeed at the threshold of a new life. In Science and Health (p. 224) we read: "A higher and more practical Christianity, demonstrating justice and meeting the needs of mortals in sickness and in health, stands at the door of this age, knocking for admission. Will you open or close the door upon this angelic visitor, who cometh in the quiet of meekness, as he came of old to the patriarch at noonday?"

"What Is Truth?"

On the flyleaf of the textbook Mrs. Eddy has quoted these familiar words of Christ Jesus, "Ye shall know the truth, and the truth shall make you free." Here is the rule left by the master Metaphysician for the solving of every problem of human experience. All these years it has stood, and all these years have mortals looked on it and then passed it by, uttering again Pilate's plaint, But what is truth. If therefore this Christian Science textbook unlocks that great treasure-house of spiritual understanding, the Bible, and reveals the answers to the question "What is truth?" is it not well called "The Key to the Scriptures?"

The Basis of Christian Science

Webster defines the word "truth" as the "real state of things; fact; reality; actual being or nature. Now in order and the 'real state of things' and man's 'actual being or nature' Mrs. Eddy very properly leads thought to the contemplation of the opening chapter of the Bible. The chapter in the Christian Science textbook entitled "Genesis contains without doubt the most remarkable spiritual interpretation of Scripture extant. It emphasizes the fact that in the first and second chapters of Genesis are to be found two separate and distinct records of creation; the first dealing with the spiritual, real creation of God, and the second setting forth an allegory illustrative of a material conception of God and man. On the facts of being set forth in the first chapter, however, the Christian Scientist takes his stand.

The Goodness of Creation

What a glorious picture of creation is drawn in this opening chapter of the Old Testament! No evil is here, no fear, no sickness, sin, nor death; but as each object of God's handiwork appears, we read that "God saw that it was good." How could it be otherwise, when the very name of the creator, God, means in the Saxon, good! Now Jesus has taught us that God is Spirit, the opposite of the material, and Science and Health amplifies this with the statement that Spirit must be Mind, the all-knowing intelligence. So in the first chapter of Genesis we find that the infinite Mind or Spirit, which is infinitely good, is creating man and the universe like Himself. The great first cause, being good, the effect must be good. We read: "And God said, Let us make man in our image, after our likeness; and let them have dominion over the fish of the sea, and over the fowl of the air, and over the cattle, and over all the earth, and over every creeping thing that creepeth upon the earth. And God saw every thing that he had made, and behold, it was very good."

Spiritual Versus Material Creation

"But," may interpose some one at this point, "does not this refer to Adam, man mentioned in the next chapter?" Let the Scriptures answer this query. We read that Adam was formed of the dust of the ground, was material, and became a living (material) soul, apparently capable of knowing good and evil; whereas the man of the first chapter is not material but mental, spiritual, for he is made in the likeness of God, Spirit, Mind, and has been given dominion over all things. These two records of creation are as far apart as the poles.

The Adam-Dream

There is to be found in the second chapter of Genesis a simple statement that apparently has been overlooked by theologians and Bible scholars all these years, a statement, however, of vast import, for it tells us in a few words all we need to know about Adam and materiality. The verse reads: "But there went up a mist from the earth, and watered the whole face of the ground."

And then with the coming of a mist appeared material man, capable of sinning, being sick, and dying. In Science and Health (p. 523) Mrs. Eddy describes this mist as "mystification," the opposite of understanding. So, while the man of the first chapter of Genesis is made in the likeness of God, the man of the second chapter is made in the likeness of Adam, and is formed of dust. Soon we read that a deep sleep falls upon Adam, and here is another point that many have overlooked: there is no mention of the fact that Adam ever awakened! So in the textbook (p. 306) Mrs. Eddy refers to material sense as the "Adam-dream," in which all mankind seems to be enmeshed, and from which it needs to be awakened.

Seeing the Truth About Man

In the book of Ecclesiastes, the distinction between God's man and the material concept is clearly drawn, where we read, "Lo, this only have I found, that God hath made man upright; but they have sought out many inventions." A little child had listened to the reading of that verse, and it had impressed him greatly. Shortly after he found his grandmother had taken to her bed, and seemed to be quite ill. The little fellow appeared perplexed for a time, but finally went to the bed and said gravely: "Grandmother, don't you know that God made you up right? He did not make you up wrong!" This then is the glorious truth that mortals are learning in Christian Science: that mankind need not turn from the mist—the evidences of the material senses—to the great spiritual facts of being as stated in the first chapter of Genesis, to find the truth which makes free. and Health (p. 171): "Through discernment of the spiritual opposite of materiality, even the way through Christ, Truth, man will reopen with the key of divine Science the gates of Paradise which human beliefs have closed, and will find himself unfallen, upright, pure, and free, not needing to consult almanacs for the probabilities either of his life or of the weather, not needing to study brainology to learn how much of a man he is."

The Origin of Evil

Here the question may be raised, "If you insist that the truth about man is that he is spiritual and not material, where does this material or Adam-sense of things come from?" When Christian Science states that material sense is only another name for the Adam-dream, it says all that there is to be said on the subject. One does not analyze a dream, one merely awakens out of it; and when one is thoroughly awake, he pursues his dream-phantom no further. The question as to the seeming origin of evil can be answered therefore only by spiritual awakening and growth in understanding. When one has a clear-cut proof of healing in Christian Science, when some picture of discord which has seemed so real and powerful had faded into nothingness before the blaze of Truth, then and not until then will this question be satisfactorily answered. Along this line an almost humorous passage of Scripture is to be found in the Book of Job. You remember that there was a day when the sons of God were supposed to present themselves before the Lord, and the record states that Satan came also among them. Then the Lord says to Satan, "Whence comest thou?" Hear the illuminating response, "From going to and fro in the earth, and from walking up and down in it." Here evil betrays its emptiness and powerlessness. It has no law, no source, no reason for existing, no object. It is as Jesus said in his ringing denunciation, "A murderer from the beginning, and abode not in the truth, because there is no truth in [it]."

Calling Evil a Lie

Here then is the Christian Scientist's warrant for denominating evil a lie, a fraudulent sense, and never the product of a loving and all-wise Father. This does not mean, however, that the intelligent Christian Scientist airily waves evil to one side, and says, "Oh, there is no sin, so why worry about it?" He is taught to handle the serpent of sin by bringing it out from its hiding place, seeing that it confers no satisfaction, and then turning from it with loathing, if not with tears of repentance. In no one thing does Christian Science prove itself more divine than in its combined sternness and compassion in its treatment of sin. We read in the textbook, "Expose and denounce the claims of evil and disease in all their forms, but realize no reality in them." (p. 447.) Ah, there is the task difficult to the average mortal, accustomed as he is to according power and reality to evil, and condemnation to the sinner rather than the sin. Yet nothing short of this can be termed true Christian healing of sin.

An Example of Jesus' Healing of Sin

Take for example Jesus' healing of the woman taken in adultery. The self-righteous scribes and Pharisees endeavor to secure from the Master endorsement of their hard rule of "an eye for an eye, and a tooth for a tooth." But he stoops and writes on the ground, making no reply. Finally, in response to their insistent demands for an expression of his view, he says very simply, "He that is without sin among you, let him first cast a stone at her." And again he leans forward and with his finger traces words in the sand. Tradition has it that Jesus wrote the secret sins of the accusers, and they one by one stole quietly away when their evil doings were uncovered. Is it not comforting to note, at this point, that the Master wrote these sins in sand instead of chiseling them in a rock? Then the Scripture tells us that he lifted up himself and saw none but the woman, and then delivered that message of compassion and healing, that "has rung down the centuries." Neither "I condemn thee," go, and sin no more," nor "What did Jesus see when he 'lifted up himself'?" Certainly not a sinning, weak, imperfect daughter of Adam, but the sinless, spotless image of God which had just seemed hidden by the Adam-mist, and his recognition of the truth of being dispelled the false picture and set the captive free. Having discerned in the woman's thought true repentance and turning from sin, the Master unsaw the evil; in other words, he separated man from evil, and thus took away its seeming power.

A Remarkable Healing of Sin

Let me cite here a case of healing of sin, thoroughly authenticated, which shows how this understanding of Christian Science enables one practically to lift the burden of sin and condemnation from his brother-man, and

LAND COURT

To the City of Newton, a municipal corporation located in the County of Middlesex and said Commonwealth; William S. Burke, Michael F. Turner, Maude W. Appleton and Mabel S. McLean, of said Newton; Edith F. Cushing, of Cambridge, in the County of Middlesex and said Commonwealth; and to all whom it may concern:

Whereas, a petition has been presented to said Court by Julia E. Stevens, of Newton, in the County of Norfolk and said Commonwealth, to register and confirm her title in the following described land:

A certain parcel of land with the buildings thereon, situate in said Newton, bounded and described as follows:

Easterly by Winslow Road, 60 feet; Southerly by land now or formerly of Edith S. Cushing, 150 feet; Westerly by land now or formerly of William S. Burke and Maude W. Appleton, 60 feet; and Northerly by land now or formerly of Michael F. Turner, 150 feet.

Petitioner claims as appurtenant to the above described land a right to use said Winslow Road for all purposes for which a street or way is commonly used.

The above described land is shown on a plan filed with said petition and all boundary lines are claimed to be located on the ground as shown on said plan.

You are hereby cited to appear at the Land Court to be held at Boston, in the County of Suffolk, on the twenty-third day of June A. D. 1924 at ten o'clock in the forenoon, to show cause, if any you have, why the prayer of said petition should not be granted. And unless you appear at said Court at the time and place aforesaid your default will be recorded, and the said petition will be taken as confessed, and you will be forever barred from contesting said petition or any decree entered thereon.

Witness, Charles Thornton Davis, Esquire, Judge of said Court, this twenty-seventh day of May in the year nineteen hundred and twenty-four. Attest with Seal of said Court.

LECTURE ON CHRISTIAN SCIENCE

(Continued from Page 7)

set him free. A few years ago, when Christian Scientists began holding services in a certain large state prison, there was confined in that prison one of the most desperate and feared convicts in the state. We shall call him John Henry, as his own name might be remembered by many. He became so ungovernable in the prison and attempted so many escapes, that it became necessary to place him in solitary confinement where he remained a number of years. The two Christian Scientists who acted as readers at the prison services heard of this prisoner and asked permission of the captain of the guard to see him. This was freely granted, and the Scientists, accompanied by the captain, went into the dungeon. There sat John Henry, looking more like a savage beast than a human being. The Scientists looking past the Adam appearance, and endeavoring to know the only man there was, was the expression of God, addressed him kindly and added, "You have a friend here in the world!" He muttered bitterly, "Ah, but you have," replied one of the Scientists, "and I can prove it to you. The captain is your friend, we are your friends, because we want to help you. That magic word brought probably the first ray of love that starved and hardened heart had known for years, and tears came into John Henry's eyes. The Scientists, being good metaphysical gardeners, knew that the seed of Truth had been planted, so they departed, leaving some Christian Science literature for him to read.

Almost immediately the guards about the prison began to notice a wonderful change in John Henry's thought. The following Sunday he was allowed to come to the Christian Science service held in the prison. There he heard read from the Bible and Science and Health healing statements about God and man, with never a word of condemnation for the sinner, but only condemnation for the sin. He heard that glorious declaration of the Apostle John, read at the close of every Christian Science Sunday service, "Beloved, now are we the sons of God!" The Adam-mist began fading away, and the child of God began to appear. Within six months this desperate criminal had been transformed into one of the most trusted men in the prison.

I had the privilege sometime after of lecturing in this institution, and was talking to the men about the parable of the Prodigal Son. After describing the Prodigal's plight, when "he would feign have filled his belly with the husks that the swine did eat; and no man gave unto him," I said to my audience, "Men, where was that man?" A clear strong voice answered me, "In hell!" It was the voice of John Henry. He knew all about it for he had been there. But there was triumph and joy in John Henry's voice, for he had found through Christian Science his way out of hell. The prodigal had come back to his Father's home. The walls of the institution were not prison walls to him! His prison-house had been sin and ignorance, and Truth had brought him forth from this dungeon long since. So today he is still serving his sentence, and is in the eyes of men still a convict; but one of the freest, most joyous sons of the King I have ever met is this same John Henry. He now is able to do healing work for his fellow inmates, and is showing many of them their way out of bondage, out of the belief that there is any real satisfaction in sin. After all, what more is there to sin? Mrs. Eddy writes in "Miscellaneous Writings" (p. 90), "The power of sin is the pleasure of sin. Take away this pleasure, and you remove all reality from its power."

The Cause of Disease

Let us now consider the application of the truth of being, as revealed in Christian Science, to a case of sickness. In the first place, the Scientist does not ask to see the patient's tongue, but to discern what is in his thought. The first temptation is to say, "Nothing!" Ah, but have we not a little oil that we can begin pouring? Cannot we pour forth a little more charity to our business associates, a little more gentleness in the home, a little more prayer and consecration to the heavenly Father? To our amazement we find that the difficulty was not from without at all; it was within. Some one has aptly said, "The hole through which you give is the hole through which you get." If we have provided no outlet for the streams of love and gratitude, how then can one expect a great inflow of good? The Scripture gives us a definite law on this subject. It says, "Bring ye all the tithes into the storehouse, and prove me now hereafter, saith the Lord of hosts, if I will not open you the windows of heaven, and pour you out a blessing, that there shall not be room enough to receive it."

An Instance of Healing of Sickness

The following case of healing came under my observation some time ago, and illustrates how the spiritual idea of being comes like an angel visitant to the sufferer, and awakens him to the glorious realization of his freedom as the child of God.

A woman had been battling for some days with a condition which physicians might have called intermittent fever. She seemed quite ill, but she and her husband were Christian Scientists and were bravely fighting it out along spiritual lines, and resorting to no material remedies. The fever would come and go, come and go, and just when they felt the ill was conquered, back it would seem to come with increased violence. Both husband and wife were clinging to the truth of being, and endeavoring to speak to the disease "as one having authority," but there was something lacking. They repeated words, but the realization of the truth of their statements was wanting, and discouragement threatened to overwhelm them. One day, after a rather encouraging morning, the husband came home to find the wife again prostrated her cheeks aflame with the fever and crying as though her heart would break. "Oh," she said, "I don't believe I shall ever be healed!" The husband sat beside her for a few moments, and then a light broke in upon his thought. "I know what is needed in this family," he declared. "We have been saying words, only words! We have been making these great state-

ments about God and man, and have not thanked God that they are true. What we need here is more of the medicine of gratitude!" "I do not see anything to be grateful for," said the wife, still weeping. "Then," said the husband, "suppose we begin counting the blessings which have come to us since we have known Christian Science." Proof after proof of God's care and protection was cited, but no sound came from the bed. "Now," continued the husband, "let us thank God for the healings we know others have had." A voice from the bed joined him in this, for it was easy to remember other people's healings. "And now we come to our greatest cause for gratitude," said the husband. "Let us thank God, as did Jesus at the tomb of Lazarus, that the Father has heard us. Let us thank Him that we are whole and free now, no matter what the material senses are reporting. Thank Him that the law of good is the only law governing us, and that this picture which has seemed so real is only a part of the Adam-dream. Let us thank Him that this error is really not going on. Thank Him that we are awake! By this time the wife was working with him, and after possibly fifteen minutes he put his hand on the brow that had been so hot. It was moist. The eyes were bright. The fever had gone, never to return. Gratitude, therefore, may be said to be the sign that one truly has reached the realization of the truth which he declares.

The Healing of "Financial Sickness"

Let us now consider the case of a man "financially sick" or who may be said to have a "sick business." Can this spiritual understanding of creation help him? Even so. Possibly every business man will agree that a higher, happier, and more hopeful view of things would work wonders in the business world. No realm is more susceptible to mental influences than the so-called business world. Superstition, fear, doubt, and panic find easy access thereto, and if not checked and nullified by the action of Truth, these may work much mischief with the individual, the community, or the nation. Should it be thought unreasonable that the Word of God, the reflection of Infinite Mind, which in Jesus' time stillled storms and raised the dead, should be able in our day to quiet fear, restore confidence, bring about harmony in an organization, and promote and bring to success a righteous business venture? Christ Jesus once said, "And I, if I be lifted up from the earth, will draw all men unto me." The reason for the failure of many a business man lies in the fact that instead of being lifted up from the earth, as the son of the King should be, he is wearing still the lividry of Adam, and carrying about an atmosphere of gloom and fear and limitation that repels rather than attracts his brother-man.

"What Hast Thou in the House?"

Have you ever read in the Bible the story of the poverty-stricken widow who, as creditors were about to take her sons to be bondmen, appealed to Elisha for help? You will recall that the prophet meets her appeal in quite an unexpected and unusual manner. He says, "What shall I do for thee? tell me, what hast thou in the house?" She replies that she has nothing save a pot of oil. He then tells her to get cure as many vessels as she can, go into her house, shut the door, and begin pouring out the oil. She is obedient, and in the great manifestation of abundance that follows, every vessel is filled. Here may be seen an instance of the marvelous light which the study of Christian Science throws upon the fact that "house" may be likened to one's consciousness, "oil" to "prayer," "charity," "gentleness," "prayer," heavenly inspiration (Science and Health, p. 592). Therefore when we are confronted with the argument of lack, hard times, fear, loss, and so on, and we turn to Christian Science for relief, the first message is, Look within! What have we in our mental house? The first temptation is to say, "Nothing!" Ah, but have we not a little oil that we can begin pouring? Cannot we pour forth a little more charity to our business associates, a little more gentleness in the home, a little more prayer and consecration to the heavenly Father? To our amazement we find that the difficulty was not from without at all; it was within. Some one has aptly said, "The hole through which you give is the hole through which you get." If we have provided no outlet for the streams of love and gratitude, how then can one expect a great inflow of good? The Scripture gives us a definite law on this subject. It says, "Bring ye all the tithes into the storehouse, and prove me now hereafter, saith the Lord of hosts, if I will not open you the windows of heaven, and pour you out a blessing, that there shall not be room enough to receive it."

The Father's Business

One often hears a business man who is a Christian Scientist sigh to get away from material business, as he calls it, and give all his time to holier work. It is well to remind each other that whatever enterprise is meeting one of the world's legitimate needs may truly be denominated "the Father's business," be such work the making of shoes, or the healing of the sick. Was there ever a time when the Science of Christianity was more needed in the marts of trade than today? Have men and women practicing Christian Science in business ever been such opportunities for healing hate and greed, for stilling fear, for promoting healthy, loving relations between employer and employee, as exist today? What a joyous business is the Father's business! Divine Mind is the manager, the counselor, the unfailing source of supply. Man is not engaged in making a living. His living is already made, for God is his Life, ever-present, full, and free. Just as a ray of light may be said to be the business of expressing the sun, so man's purpose is the eternal glorifying and expressing of good. This cannot mean a seeming into a supine inactivity, but a rousing to the greatest activity one has ever known—an activity devoid of fear, and joyous in service. This may involve a frequent consultation with the Head of the firm, a listening for His voice,

and a clinging to his hand; and how burdens roll from the shoulders of the business man who thus keeps in close touch with the great Employer! A little Australian lad, out for a walk with his mother, was attacked by a rather savage dog. In fact the dog's jaws closed about the lad's leg. Instead of screaming the little fellow said calmly, addressing the animal, "What do you think you are doing?" Instantly the dog released the leg and slunk away. The child raised a beaming face to his mother. "Mumme," he said, "isn't it great not to be afraid of dogs?" And the man or woman in business, clinging to the hand of Love divine, and leaning on the arm of omnipotence, can say again and again, "Dear Father, isn't it great not to be afraid any more!" When men and nations learn the lesson of seeking and relying on the one Mind, when employees learn it, when the humblest employee learns it, may we not expect to see the solving of the problems of the individual, the state, yes, the world?

Right Thinking the Solution

Thinking men of every shade of creed and politics agree that in a quickening of the world's religious or spiritual sense lies the salvation of the perplexed and war-weary human race. And there they stop. And there Christian Science begins, for it alone offers that practical salvation which begins with the individual's thinking, and in renovating and spiritualizing this is destined to save both men and nations. Right thinking, therefore, is the remedy; and when you have a right-thinking individual, a right-thinking nation, you find health and harmony and peace.

The Christian Science Practitioner

"But," say some one at this point, "I know of a case that Christian Science did not save. How do you account for that?" The textbook gives the answer very simply and directly. It says: "If you fail to succeed in any case, it is because you have not demonstrated the life of Christ, Truth, more in your own life,—because you have not obeyed the rule and proved the Principles of divine Science" (p. 149). Christian Scientists admit with regret, but not discouragement, their failure to measure up to the Christ-ideal in all cases. However, they are overwhelmingly grateful for the progress already made, and ask mankind to be patient while they strive for that Mind "which was also in Christ Jesus." Possibly this is a good reason why those under Christian Science treatment are called "patients"; the reason is, they are not patient while their practitioners strive for that reflection of infinite Love which will melt away the mist of mortal belief, and reveal the harmonious man of God's creating.

The Responsibility of the Patient

"Then the patient has no responsibility, no particular work to do?" may ask some inquirer. Indeed he has! Suppose a ship has gone on the rocks several hundred feet from shore, and a survivor clings to a masthead of the submerged vessel, calling for help. Then suppose a rope is thrown to him by one on the land eager to rescue him. The man on the wreck apparently takes hold of the rope, but pull as he may the friend on shore cannot budge him. Soon he discovers that while the man has one hand on the rope with the other he is clutching the mast. The rescuer calls out, "Let go that wreck! Put both hands on the rope, and I can pull you in!" Rather reluctantly the other obeys, but soon again there is trouble. The rope slips from his hands, and with difficulty he regains it. This time it appears that he is trying to carry ashore some cherished possession—a bundle of valuable garments—and in his eagerness to cling to it he loses the rope. "Drop everything and hold to the rope if you would be saved," shouts the rescuer. Again, reluctantly he obeys, and soon is brought safely to land. To his great joy he finds in the home of his rescuer better garments than those he was compelled to give up. Here unquestionably is food for thought. Let those under Christian Science treatment ask themselves: Am I clinging to the wreck? Are both hands on the rope of spiritual understanding, or have I one hand on the belief that this or that medicine or operation may save me? Have I cast from me the entangling mental garments of self-pity, self-love, and self-will? Am I trying to take with me into the kingdom of heaven some cherished opinion of which I have been rather proud, or some material indulgence? Be not afraid to rid yourselves of these unlovely hindrances to progress, for divine Love has more beautiful mental garments awaiting you than you dream of. If the patient prays for humility, receptivity, and teachableness, and the practitioner strives for the Mind of Christ, then may they say in the language of Paul, "Who can be against us?"

The Christian Scientist Not Dismayed

Picture, if you will, a life-saver heroically battling with the waves in the effort to pull ashore a shipwrecked man or woman. Then imagine, if you can, others standing on the shore, and instead of encouraging the rescuer and assisting in the great work of rescue, jeering and taunting the rescuer, criticizing his methods and predicting disaster. A rather unthinkable picture, is it not? And yet this very thing happens in thousands of instances daily when some earnest Christian Scientist attempts the work of rescue for a shipwrecked brother or sister. Material medicine scoffs, old theology hurls its anathema, the worldly-minded sneer and shrug their shoulders, and in spite of all this, the sick and sinning and heart-broken are being rescued in ever-increasing numbers. What glorious quick healing work may we expect to see with increased consecration on the part of practitioner and patient, and a lessened hatred and intolerance with the onlooking brethren not of our fold. So the Christian Science life-saver refuses to be dismayed or discouraged. He is grateful that he is doing as well as he is, and prays for understanding and grace to do better work in the future. Dare he even admit that those who have passed from our sight, battling to the last moment as good Christian warriors, have gone down in defeat? Never! Mrs. Eddy says of such soldiers, that they have gained

"A rich blessing of disbelief in death, and a higher realization of heaven" (Miscellany, p. 297). So fear not, and despair not, whether you are the rescuer or the one being rescued!

"Oft there comes a gentle whisper o'er me stealing,

When my trials or my burdens seem too great,
Like the sweet-voiced bells of evening, softly pealing,
It is saying to my spirit, 'Only wait!'

"When I cannot understand my Father's leading,
And it seems to be but hard and cruel fate;
Still I hear that gentle whisper, ever pleading:
'God is faithful, God is working; only wait!'

"When the promise seems to linger, long delaying,
And I tremble lest perhaps it comes too late—
Then I hear the gentle whisper ever saying:
'Though it tarry, it is coming; only wait!'

"Oh, how little soon will seem our hardest sorrow,
And how trifling is our present brief estate!
Could we see it in the light of Love's tomorrow,
Oh, how easy it would be for us to wait!"

This is not a plea to postpone our deliverance to a future heaven, but to strengthen faith to lay hold on spiritual blessings here and now, and courageously and unflinchingly to keep on demanding man's birthright of dominion until it is made manifest. Do Christian Scientists demand the joy and good that are their God-given heritage? Many seem to think that joy is like a precious butterfly which may or may not flutter in upon them; whereas joyousness is part and parcel of man's real nature, and mortals must learn to claim it as vigorously as they demand freedom from pain and sin. The joyous Christian Scientist still wanders in the mist and in the maze of the Adam-dream.

Conclusion

The Psalmist sings, "Weeping may endure for a night, but joy cometh in the morning." And unnumbered thousands of earth's dreamers, redeemed from the long night of materialism, are thanking God for His unspeakable gift, the Science of Christianity, and are hearing in the bright morning hours of spiritual revelation its gracious message to man:
"Joy to the world, the Lord is come;
Let earth receive her King;
Let every heart prepare his room,
And heav'n and nature sing."

(Hymn 64, Christian Science Hymnal)

CREDIT BUREAU FORMED

The task of organizing and instal-
ling the new Credit Bureau of the
Newton Chamber of Commerce is well
under way, and it is expected that
the reporting service of the Bureau
will be made available to subscribers
within a few weeks. The manager of
this new branch of service to be of-
fered by the Newton Chamber of Com-
merce is Frank A. Rogers of Brock-
ton, who assumed the duties of his
new position on Monday of this week.
Mr. Rogers is already actively engaged
in developing the service of the Bu-
reau, and in building up its financial
support through placing contracts
with those who have need of the re-
ports and bulletins that are to be
issued to subscribers.

The new manager is well known
in the credit reporting field. He has
given his time exclusively to this work
for the past twelve years, severing an
affiliation with the Brockton Retail
Merchants' Credit Association, which
serves over 700 subscribers in Brock-
ton and other cities, to accept the
task of installing the new Credit Bu-
reau in this city. That the Newton
Credit Bureau will be a success un-
der his direction is the firm conviction
of the members of the Mercantile
Committee of the Chamber, who are
familiar with the success that he has
previously enjoyed in this field.

The development plan in this city
will be in accordance, in most re-
spects, with those which have proven
the most successful and satisfactory
to subscribers elsewhere. While not
several subscriptions already in hand,
many more promised as soon as the
bureau is ready to function, and a
long list of others who are eligible
for the service, it is believed that suf-
ficient support will be accorded a credit
bureau in this city to enable it to
render a high grade of service, and
maintain itself as a self-sustaining in-
stitution.

Much interest has been displayed
in the project by local business men
since the question was first given
serious consideration, a year or more
ago. That many Newton merchants,
and professional men, have a real
need for an efficient credit reporting
service is readily admitted, and the
many who subscribed for the service
at the beginning have indicated their
continued interest through frequent
inquiries regarding more definite
plans for further development. While
the delay has been unavoidable, and
regrettable in many ways, other prob-
lems of the Chamber have necessarily
been given immediate attention, and
the installation of the credit bureau
deferred until such time the Mercan-
tile Committee could feel assured that
its launching would be under the most
favorable conditions, with plans per-
fected to the extent that the fullest
benefits of efficient management and
satisfactory service could be offered
to every subscriber.

It is believed that the time has now
arrived, with the completion of the
preliminary plans as developed by
the Chamber staff and Mercantile
Committee, and the engaging of Mr.
Rogers to assume supervision of the
Bureau and its work. Mr. Rogers
will give his time exclusively to the
Bureau, and will not be engaged in
any of the other activities of the
Chamber.

The Bureau is located in quarters
at 277 Washington street, in Room 32
in the Bacon Building. Mr. Rogers
is planning to gradually get in touch
with the business men of the city,
including both those who have al-
ready subscribed to the service as
well as the many others who have
made inquiries, and have expressed a
desire for further information regard-
ing the Bureau and the work which it
proposes to do.

It is obvious that it will require
an extended period of time to ap-
proach all local business men who
may have need for this service, and
explain the advantages that are ex-
pected to accrue to subscribers. Fur-
ther inquiries will therefore be wel-
come from anyone doing business in
any part of Newton, and these may
be addressed by mail or telephone to
the Newton Chamber of Commerce,
thus insuring an earlier call in many
instances, and making available the
service to those who may be interest-
ed in the development of this latest ac-
tivity of the Newton Chamber.

Newton Centre

—Mr. and Mrs. James Dunne of
Langley road, are rejoicing in the
birth of a son.

—Mr. and Mrs. John Brislin of Col-
lege road, are rejoicing in the birth
of a daughter.

—Mr. and Mrs. William H. Brackett
of 6 Irving street, are rejoicing in
the birth of a son.

—Mr. and Mrs. Henry T. Burke of
Cummings road, are rejoicing in
the birth of a daughter.

—Miss Harriet Jones has recently
been elected one of the student ad-
visors for the incoming Freshmen at
Smith College.

—Mr. Henry W. Lane is a member
of the committee in charge of the
Annual Field Day of the Academy of
the Assumption at Wellesley Hills.

—On Wednesday, June 4, the Coun-
cil of the Newton Centre School As-
sociation gave a tea at the Woman's
Club in honor of the teachers of the
Mason School district. The Educa-
tional Committee of the Woman's Club
served, and Miss Flora Bosson of
Newton Centre read several selections.
It was announced that Mrs. Samuel S.
Widger of Brookline had sent to the
Association a check for \$100, to be
used for the purchase of books, to
form the nucleus of a library for the
Rice School.

—Mr. and Mrs. Sidney R. Porter of
Tartleton road, conducted a party of
forty members of the Appalachian
Mountain Club over the last week-
end to Camp Kiwanis on Lake Maquam
in South Hampden, Mass. This was
the former home of Albert C. Burrage,
and was purchased last year by the
Kiwanis Club of Boston, and given
to the Camp Fire Girls as a permanent
New England Camp. A large house is
on the grounds, but most people pre-
fer to camp out in tents. About one
thousand girls enjoyed the camp last
summer in groups of one hundred and
eighty-five at one time.

TRAFFIC ORDINANCE

(Continued from Page 1)

The appointment of Allan E. Bailey,
25 Sharon avenue, Ward 4, as a Public
Weigher, was confirmed.

Leave to withdraw was granted on
the following petitions: E. E. Leather-
bury for sewer in Coolidge road, Ward
6; Myron C. King, for sewer in Metro-
politan Park Land near Commonwealth
avenue, Ward 4; Wodland Golf Club
for sewer in Washington street, Ward
4; Charles E. Riley, for a wall near
77 Newtonville avenue, Ward 1.

An order was adopted, accepting the
strip of land on Hammond street,
Ward 6, offered to the city by Louis K.
Liggett; also orders were adopted au-
thorizing construction of sewer in
Wiltshire court, Ward 1; appropriat-
ing \$10,000, additional, for the widen-
ing of Beacon street, Ward 5, from
Washington street to Irvington street;
appropriating \$6481, for various water
mains; abating and correcting various
sewer assessments; appropriating
\$5,000, architect's fees, in connection
with alteration of the High School
Building; appropriating \$910, Tem-
porary Inspector and \$120, Temporary
Clerk for the Buildings Department;
\$50, for the settlement of the Ellen
Russell Claim; \$328.32, Laborers' Pen-
sions.

An order authorizing the City Treas-
urer to receive in advance the amounts
estimated as the cost for the construc-
tion of streets under the betterment
law, such sums to be credited after the
work is done and assessments levied,
was adopted.

Hearings were assigned for June
16th on the taking of land for sewer
in Clarendon street, Ward 2, and in
Harvard circle, Ward 2; for the taking
of additional land for the Newton
Upper Falls playground; and for the
establishment of a 15-foot building line
at the corner of Ellis and Boylston
streets, Ward 5.

The Ordinance regulating traffic
which has been under consideration
for a year or more, was offered by the
Select Committee considering same,
but upon motion of Alderman White,
it was laid on the Table until the next
meeting in order to give the other
Aldermen more opportunity to inves-
tigate the matter.

Waban

—Miss Janet Conway has returned
from Miss Hall's School in Pittsfield.
—Mrs. Earle E. Conway, who has
been visiting her mother in Wisconsin,
returned this week.

—Mr. and Mrs. Walter G. Ross of
Ann Arbor, Mich., are spending at
their summer home at Chatham.

—Mr. and Mrs. Frank L. Miller of
Chestnut street spent the holiday at
their summer home at Wareham.

—Mr. and Mrs. Henry L. Johnson of
Pine Ridge road are leaving tomorrow
for their summer home at Chatham.

—Mr. and Mrs. Edmund Winchester
of Pine Ridge road spent the holiday
at their summer home at Beechwood,
Me.

—Rev. William Wood and Mrs. Wood
of the Church of the Good Shepherd
are sailing next Wednesday for Eu-
rope.

—Mr. and Mrs. Robert W. Moore
spent the holiday at Boothby, Maine.
With them were Mr. and Mrs. Howard
Gay.

Next Sunday will be Children's
Sunday at Union Church. Exercises
will begin with a procession at 10:45
o'clock.

On May 30th the Men's Doubles
played on the Waban Tennis Courts
were won by Mr. Ripley Cutler and
Mr. Philip Baché. There will be han-
dicap singles on June 17th.

During the month of July at the
Church of the Good Shepherd Rev.
Richard T. Loring of St. John's
Church, Newtonville, will preach. The
service will be held at 9:30 in the
morning.

At the annual meeting of the Lad-
ies' Circle of Union Church the board
of officers was re-elected. The follow-
ing committee chairmen were chosen:

GIRL SCOUTS

The Spring Rally of the Newton Girl
Scouts which has been held at Camp
Mary Day for the past two years was
held Tuesday of this week at the
camp. 330 Scouts and Leaders and
about 50 guests were present. It
was a perfect day and the green at
the rear of the camp bungalow with
the tents and cedar trees for a back-
ground made an ideal spot for Assem-
bly. The girls made a very impres-
sive sight as the 11 troops lined up,
forming three sides of a hollow square
the flag pole being on the fourth side.
Assembly was played at 3 o'clock and
the regular opening service of a Scout
meeting, which consists of raising the
colors, pledging allegiance, singing
the Star Spangled Banner and re-
peating the Girl Scout Promise and
Laws, was held.

Miss Jeanne Kenrick, chairman of
the Court of Awards, gave out the
Merit badges which had been won
since the March Rally. There were
251 badges awarded. The names of
the girls and the badges they re-
ceived will be printed next week.

The next event on the program was
the contest in bugling and drumming
to decide which girls should receive
the Newton Cups for those two
events. The Bugle cup was won by
Elizabeth Plimpton, the State Cham-
pion Bugler, a member of the Senior
Troop of Newton Centre. Edith Pear-
son, of Troop 2 (Newton) won the
cup for drumming. This year rib-
bons were awarded to the best bugler
and drummer in an intermediate con-
test and ribbons were also awarded to
the winners in a beginners' contest.
This is the first time that these rib-
bons have been contested for and it
created great interest and excitement
in the troops as well as in the Bugle
and Drum Corps. Dorothy Barba won
the ribbon for the bugling and Eloise
Barba for the drumming in the in-
termediate contest. Both of these girls
are members of the Newton Troop.
Ellen Pescosolido of Troop 6 (Nonant-
rop) won the ribbons for bugling and
Jeanne Manning, Troop 11 (Newton
Highlands) for the drumming in the
beginners' contest.

Miss Freeman gave out a large num-
ber of Home Service ribbons, rang-
ing from 50 to 450 hours of service in
the home. The girls will keep on with
this Home Service, it is hoped, dur-
ing the summer but will not be
awarded ribbons for the work done.
The ribbons after all are only a recog-
nition by the Council of Service cheer-
fully and willingly rendered. Many
of the scouts are in the habit of do-
ing a great deal in the home and they
will keep on doing what they have
done. Others who have not known
the fun of helping have now, by
working for the ribbons, found out the
joy that there is in service and will
not want to stop because the hours
are not to be counted.

After having ice cream and cake the
scouts lined up for the closing service
and to hear the reports for the New-
ton Banner. This banner is awarded
each spring to the troop which has
the best record for the year. Attend-
ance, Tenderfoot, Second Class, First
Class and Merit Badges count on this
record which is worked out on a plan
so that each troop whether large or
small has the same chance of winning it.
Troop 2 (Newton) has held the banner
for two years. This year that
troop surrendered it to Troop 3 (West
Newton) had second place.

The party ended at 5 o'clock with
Retreat after which Taps was played
by the champion bugler and then sung
by all the scouts.

"Days is done,
All is well
Safely rest
God is nigh."

From the lakes, from the hills, from
the sky,
All is well
Safely rest
God is nigh."

Camp Mary Day, May 29-June 1

Last week, a group of Girl Scouts
from Troop 3, seniors, Newton Cen-
tre, had a very successful camp Mary Day
trip, held up to Camp Mary Day in
Natick for the week end. They had
three days of perfect weather; ideal
for sleeping out. They arrived in
camp late Thursday afternoon, just
in time for some to start peeling po-
tatoes for supper, and for others to set
up the cots and fix them for the night.
After supper a schedule was made out
for "rational" duties for the different
troops. These included housekeepers,
dishwashers, program committee,
wood and water, and table girls. The
mosquitoes were exceedingly un-
friendly during the night, but aside
from that, all managed to sleep dur-
ing the wee, small hours of morning.

Strange to say, reveille was not
necessary to awaken the girls, for
most of them were up and out long
before. A few went on a bird walk
and saw many different varieties.
After breakfast and inspection, the
girls spent the morning in various
kinds of scout work—constructing
miniature lean-tos, signalling, and
working for the Hostess merit badge.
Reveille and all road and sur-
prisingly willing to take an hour off.
Most of them made up for the many
hours of sleep lost during the night
before. In fact, it was difficult to even
wake some of the girls up after an
hour and a half. After an early sup-
per, they played baseball and other
outdoor games until sundown. The
second night was more restful, for a
cool breeze kept the mosquitoes away.

THIS WHITTREDGE GARAGE

Size 18x19 feet, as shown
Fireproof Portable

YOU SEE THEM EVERYWHERE
MADE OF KEYSTONE METAL
TO LAST A LIFETIME

Dryer and Warmer Than Cement
Start With a \$50 Deposit, Pay \$80 When
Delivered. They pay as you would rent,
\$22.50 a month for 12 months,

Unless You Are Fond of Your Landlord

You don't find any great pleasure in handing over to him each month a good sized chunk of your pay check.

It is far more pleasant and satisfactory to place that amount to YOUR OWN CREDIT so that eight or ten years later instead of having 96 to 120 worthless slips of paper to show for the several thousands you have paid in rent, you will have a DEED TO YOUR HOME.

Paying rent all your life isn't economy. It isn't pleasant. It doesn't get you anywhere. It robs you of one of the greatest joys in life—developing and owning a REAL home.

You can own your home just as easily as thousands of others have and are doing. It is merely a matter of making up your mind you WILL and then STARTING.

Decide NOW that you WILL and then see us for the right way to start.

—Mr. and Mrs. George Webster of Vernon Court have moved to Hunnewell Circle.

—Newton Cooperative Bank, June Shares, 80th Series, now on sale. Last interest 5 1/2%.—Advertisement.

—Warren G. Blake, Jr., has won a Bowdoin prize in the classics at Harvard College.

—Robert A. Aubin has been awarded a resident fellowship and scholarship at Harvard College.

—Inside and outside painting by experienced men. Deagle & Lincoln, Newton North 4539.—Advertisement

—Mr. and Mrs. George W. Barber spent the week end at their summer home at Brant Rock.

—Miss Elizabeth Wetherbee of 21 Orchard street entertained the Young Women's Missionary Society on Monday evening.

—Mr. and Mrs. Harold P. Sawyer of Shoreline road have gone to Scituate for the summer.

—Mr. and Mrs. Frank E. Perkins of Oakleigh road have returned from a trip through New Hampshire.

—Mr. and Mrs. P. S. Jamieson of Marlboro street, are registered at the Traymore Hotel, Atlantic City.

—Dr. and Mrs. A. E. Holt left last Saturday for Chicago, where Mr. Holt has taken a position as Professor.

—Mr. J. B. Jamieson and Miss Edith Jamieson of Eldridge street, returned on Saturday from Honolulu and California.

—Mrs. R. J. Ross and son, Donald, of Bennington street, have returned from a motor trip to White Plains, N. Y., and New York City.

—Miss Margaret Fincke, Wellesley 25, was a member of the orchestra which took part in the Pageant at Wellesley on its Annual Float night.

—Now is the time to have those window screens fixed up. We specialize on the iron frame screen. Screens called for and delivered. Cambridge Screen Company, rear 63 Gorham street, West Somerville. Telephone Somerville 5961.—Advertisement.

—Members of Channing Church School are to meet at the church at 10 A. M. for their Annual picnic. Automobiles will be ready to convey the children to Stony Brook. There will be a box luncheon. A program of sports has been planned.

—Miss Annie L. Marshman, who is sailing for Europe on June 14th, was given a surprise party last week Wednesday night by the members of the Newton Gas Company. The affair took the form of a banquet, at which Mr. C. H. Clapp was the toastmaster. Miss Marshman was presented with a substantial gift purse, and many other remembrances.

—Last week, Tuesday afternoon in the church parlors, Channing Alliance gave an informal reception to Mrs. Joseph N. Palmer, the retiring president, who has just returned from a trip to England and France. Lilacs and other flowering shrubs gave the parlors a homelike touch. Mrs. F. E. Harwood was in charge of the refreshments, which were served by a bevy of Junior Alliance girls. This delightful social occasion made a pleasant close for the season's activities.

Newton

—Telephone MacLean, 725 or 1354-W. North, for anything in the carpenter line.—Advertisement.

—Miss Anna Albee is one of the managers of the Commencement play to be given next week at Connecticut College.

—Miss Jean Howard, Miss Laura Drake, and Miss Elizabeth Leeds, returned this week from Connecticut College.

—Mr. and Mrs. H. G. Goward of Newtonville avenue, sail on the S. S. Majestic on Saturday, to be gone two months.

Old Superstitions

Two very old stage superstitions are never to quote "Macbeth" and never to wear real flowers on the stage. This is seldom done, even now. There may be a good reason for this superstition, because if the petals should drop they might cause players to slip on the stage.

Wall Built by Ancients

Recent discoveries at Cirencester, England, indicate that the ancient city wall hitherto believed to have been constructed by the Romans was built by pre-Roman tribes.

UNDER THE GILDED DOME

The Great and General Court for the present year was prorogued last evening after a session of about five months. 508 acts and 70 resolves were passed and Governor Cox vetoed several others and his action was sustained by the House.

The final days of the session were marked by a feeling of hostility towards the Governor and of remarkable cordiality towards Speaker Young.

The Governor was rightly or wrongly believed to be opposed to the bill requiring compulsory insurance for automobiles, and was said to be behind the opposition to this bill which developed in the Senate. The House repeatedly passed the bill which had been favorably reported by the Judiciary Committee and the Senate retailed by substituting a recess for a study of the matter by a recess committee. The House finally took such action that the Senate was compelled to come out in the open and it laid the House bill on the table and passed an order "requesting" a recess commission already established to consider the matter.

The Governor told the Legislature in effect that if it wanted the Blind bill approved it must rescind its action in authorizing the building of breakwaters at Squantum and Hull. It is to the credit of the representatives of these two districts, that they willingly gave up these local improvements in order to provide work for those unemployed.

There has been but little of interest in the Legislature during the past two weeks during which the writer has been out of the State.

The personnel of the Legislature of next year is a matter of interest to many. Senator Abbott B. Rice of Newton Centre will be a candidate for renomination and there will probably be little or no opposition in the Republican primary, although the Senator is far from popular in the upper chamber. The city is to be congratulated that Representative Bernard Early and Leverett Saltonstall will serve another term.

Mr. Early has been one of the most influential members of the House in his work on important committees and we have already commented on his success in the matter of classification of prisoners. Mr. Saltonstall, for a new member, has already made a place for himself among the influential members of the House and will undoubtedly have important committee assignments at the next session.

The writer expects to retire from public life. He has been honored several times by the voters of this city and greatly appreciates the opportunity which has been given him for service on Beacon Hill.

Among the reasons which influence him in coming to this conclusion is, that he should be consistent in his attitude towards long continuation in office for which he has frequently criticised Mayor Childs.

J. C. Brimblecom.

THREE ACCIDENTS

Three automobile accidents in which several persons were slightly hurt occurred in the space of about an hour last night in Newton. Two of the accidents happened in the Newtonville section and one in West Newton. In each case a machine ended its journey against a tree.

The first was at Commonwealth avenue and Walnut street, Newtonville, where a car driven by John P. Bergen was in collision with one driven by B. P. Koenig of Stoughton Hall, Cambridge, and owned by Joseph Masse of Boston.

After the crash, Bergen's machine was demolished against a tree. Bergen suffered only slight cuts, although his clothes were shredded by broken glass. On Waltham street, West Newton, a machine driven by Albert J. Shine of 68 Austin street, Newtonville, crashed into a tree at a tangle. Shine was injured, but two other occupants of the car were treated at the Newton hospital for cuts and bruises. They were Michael P. Norton of 15 Edinboro street and Joseph McDonald of 125 Edinboro street, both of Newtonville. Shine had bought the car only a few hours before, and was trying it out.

The third accident was at Washington and Crafts streets, Newtonville, where a machine driven by Mary Hopkins, struck and injured Mrs. Charles Robertson, 50, of 64 Crafts street. After striking Mrs. Robertson, the car crashed into a tree and an iron railing at the corner of the Boston Albany freight yards. Mrs. Robertson refused hospital treatment and was taken home.

Postage Stamps

The history of postage stamps begins with the issues made by Great Britain in 1840 under the postoffice administration of Sir Rowland Hill. Their immediate success resulted in the adoption of the same device by other countries, including the United States, before 1850.

Beef Eaters at London Tower

The yeoman warders at the Tower of London are nicknamed beef eaters, and they are all former soldiers who were warrant officers or noncommissioned officers. In their duty as warders they are not under military discipline, and their places are coveted.

Waban

—Mr. and Mrs. Gifford LeClear of Upland road spent the holiday at Brewster, Mass.

—There will be a Garden Party and Plays by the Newton School for Girls on Monday, June 9, at 3 o'clock at the home of Mr. and Mrs. Gifford LeClear, 86 Upland road.

Maple Tree's Secret

Before the first white settlers came to the New World the Indians had discovered the secret of the maple tree. Crudely and wastefully they were turning the sap into sirup and sugar.—Nature Magazine.

CIRCUS

The Circus at Newton Highlands, given by Girl Scout Troop 11, last Saturday on the Hyde School Grounds, proved a most successful community affair as over one thousand people attended.

Blanchers, a 40-foot ring, stands for tonic, candy, icecream, and balloons, side shows, a real Gypsy fortune teller, and games, gave just the right circus atmosphere, and every one was happy. After the parade, which had been led by three Girl Scout Captains and the Newton Girl Scout Bugle and Drum Corps, the circus was on. The first event was a splendid drill by the Corps and a bugle solo by the State Champion Bugler, Elizabeth Plimpton.

Then came the Dog Show in charge of Mrs. Albert Hutchinson, and the judging and awarding of ribbons. Under the able training of Captain Turner of the Newton Fire Department the whole of Troop 11 participated in a Fire Demonstration, when at the alarm, each girl sprang to her post, the long hose was rushed to the building, and life nets placed under a window, from which smoke was pouring; within the building a scout could be seen knotting a sheet rope, and lowering a doll baby to the policeman waiting to receive it; then a dummy figure was also lowered then came three scouts who jumped into the life net held by members of their troop. It was a convincing demonstration, and very well done.

A wrestling match by Patterson and MacIvor, a boxing bout by Shroeder and Seaver, members of Boy Scouts; Delano the magician, and a Clown Parade were some of the features. Young and old received thrills when their fortunes were told by a real Gypsy.

The Trailer rides, in charge of Mr. Marcy, proved to be joy rides to the younger group.

Among those assisting were: Mrs. Marcy, tonic stand; cake, Mrs. Frank Richardson; candy, Mrs. B. Walter Goksoe; ice cream, Mr. Hamilton Oakes; supper, Scout Masters Lichenthaler and Collins; game-game, Mr. (Continued on Page 4)

WINS THIRD PLACE

Newton's track team won third place last Saturday in the outdoor meet of the Massachusetts State High School Association, held in the Harvard stadium. Medford and Brockton tied for first place with 25 points each. Newton trailing behind with 20 points.

Howard Weeks won third place in the 100-yard dash, the judges awarding Medford second by a close decision. Walter McQuiston, captain of the team won first place in the 220-yard dash in the good time of 24 seconds. Mercer won first place in the 120-yard hurdles and Gallagher won third, Mercer's time being 15 seconds.

Mercer also scored one point for Newton in the broad jump. Last, but by no means least, was the relay race including Newton, Medford and Lowell. Ryall, Newton's lead off man ran a beautiful race from the start giving Newton a good start and pushing Medford and Lowell behind. Berkeley Johnson ran second for Newton also running a fine race. Weeks grabbed the stick from Johnson and led "Hank" Moore of Medford all the way. The deciding lap was between McQuiston of Newton and Hormal of Medford, and it was to decide the winner of the five points. McQuiston from the start ran a beautiful race, leaving his Blue and White rival away in the background at the finish.

LODGES
Last night the Newton Lodge of Elks observed "McKinnon Night" in honor of Past Exalted Ruler Malcolm P. McKinnon, who has just retired from office. The business meeting was held in the hall and was followed by an entertainment held in Temple Hall. Mr. McKinnon was presented with a handsome clock.

CLAFIN GUARD VETERANS
The annual outing of the Clafin Guards Veteran Association will be held on Thursday, June 26th, at the Pemberton Inn. Dr. A. R. Barrow, the secretary, is in charge of the arrangements.

MEMORIAL TO MR. BRAY

Splendid Tribute Paid to Former President of the Newton Hospital. Tablet Unveiled

In the presence of a company made up of friends of the hospital and of the staff and nurses of the hospital, there was unveiled last Thursday evening on the Newton hospital grounds a memorial tablet to William Claxton Bray. The tablet was a simple one of bronze bearing the inscription:

William Claxton Bray
In grateful recognition of his devoted and meritorious service to the hospital.

The exercises were held out of doors, on the lawn back of Founders, where a stand had been erected for the tablet with an electric light so arranged that the light of it fell full upon the tablet after its unveiling. There was a platform for the speakers and at either side, between the platform and the chairs arranged for those attending the services, there were seats for the nurses who, in their uniforms of blue, made up the choir.

The programs of the exercises which were distributed to those present were illustrated by an excellent portrait of Mr. Bray, and carried this tribute to the late president of the hospital written by Mr. J. R. Leeson, a former president:

From its earliest days the Newton Hospital has been singularly fortunate in attracting to its service citizens of broad, catholic views and policies. As we glance over past experiences in retrospect, our mental vision rests upon many strong personalities contributing to present assured successes.

Who can forget the comforting presence of the Rev. Dr. Shinn, the quiet, pervasive force of William P. Ellison, Frank A. Day, Charles I. Trevel, Edmund W. Converse, Lucius G. Pratt, Edward E. Hardy, or the sustaining energy of Dr. Thayer? What stimulating solace was imparted by the tireless co-workers Mrs. Alvah Hovey, Mrs. John Lowell, Mrs. Charles W. Leonard, Mrs. Joseph Bacon, and many others still fresh in our remembrance?

Possibly no individual connected with the work of the Hospital has been more potent for present and future permanence than the late President, William C. Bray, whose active, untiring efforts and wise, generous aid were of such breadth and extent as to be largely responsible for existing favorable condition of the Hospital facilities, and the exceptional character of its operations.

It is fitting that tribute be paid to (Continued on Page 7)

Would You Pay \$1.00 For a New Ford Car?

You may get one at just that price if you buy a lot at **WHITE GABLES PARK**, corner of Pleasant and Dover sts., South Natick, Mass. Near Wellesley College. This property—restricted to single houses—has already been extensively developed by the owner whose estate adjoins same. It is just across the Charles River from South Natick square. A short distance from either the Natick depot or the Wellesley depot on the Boston & Albany R. R. 47 trains daily. Monthly commutation to Natick under 17c per ride. Less to Wellesley. **WHITE GABLES PARK** is convenient to stores, churches, schools and library. Within two minutes from canoe clubs with excellent boating and bathing facilities.

To reach **WHITE GABLES PARK**, motor to Wellesley square, take Washington street at the left into South Natick square. Then Pleasant street at left across river to the property. Or by train from South Station to Natick, trolley to South Natick, then as above.

Prices exceedingly reasonable for such a high grade development. A limited number of lots as low as 5c per foot. Terms if desired, 10% discount for cash. Free to lot owners, house plans, complete working drawings, specifications and all necessary advice in the building and financing of your new home. **Special Service**—construction supervision, construction loans, permanent first mortgages and second mortgages arranged if desired.

You are welcome at **WHITE GABLES PARK** whether you purchase a house lot or not. Come out any day or evening, Sundays and holidays included. Free to every caller—a beautiful souvenir in the form of a 20-page historical booklet profusely illustrated with views of South Natick and vicinity.

HUNDREDS OF PEOPLE are waiting their turn to borrow money from us to help them buy or build a home. The demand for our money is greater than the supply.

MORE SHAREHOLDERS NEEDED
It requires, on an average, the deposits of 7 savers to furnish the money for one borrower.
Lack of action accounts for a whole lot of unsuccessful people. Every man knows he should save some part of his income. When he fails to act on that knowledge, he coasts down hill to failure.

The kingdom of doing things tomorrow is inhabited by a lot of sorry people who wish—oh, how they wish—they had started in a co-operative bank years ago, as others did. This bank is growing by leaps and bounds. After a long tested period, people are coming to recognize the success and high merit of our plan.

You ought to be investing your savings with us. WE WANT YOU and YOU WILL WANT US once you get started.
Don't put it off! Become a shareholder in this live co-operative bank with its 6,582 members and assests of \$6,466,550.09.

Newton Vocational High

As a tribute to those of its graduates who died in service during the World War a bronze memorial tablet, presented by the seniors, was unveiled Wednesday night at the graduation exercises of the Newton Vocational High School. The tablet is two by three feet and bears the names of Charles Flanagan, Francis McLoughlin, Thomas Mullaney, George Maxwell, Joseph Burak, and Elwood Colby. The graduation programme included selections by the school orchestra, prayer by Rev. Paul S. Phalen of the West Newton Unitarian Church, songs by the girls' glee club, an essay on "Vocational Education in America," by Joseph L. Maurer; the presentation of the class gift by the senior president, Henry J. Burke; an address to the graduates and the awarding of diplomas by Mayor Edwin O. Childs; benediction by Rev. Mr. Phalen.

PROVINCETOWN TRIPS

Trips to Provincetown, a convenience to the residents of the picturesque Cape Cod town and a pleasure to tourists and lovers of all-day sailing excursions, will start on June 14. SCHOOL NOTES

Edited by DOROTHY DRAKE

The F. A. Day Junior High School

The beautiful shrubberies which now enhance our school sward give us a new source for school pride, and gratefulness to our city.

The two baseball games played at Cabot Park last week have proved most commendable. The boys displayed excellent training in a twelve inning game which resulted in our favor, 2-1, with South Jr. High School of Waltham, and in a close game with Medford Jr. High School resulting 6-5 in Medford's favor. The athletic letters for the season will be given out next week.

A rather unusual testimonial of esteem to a teacher was expressed by the girls of the Embroidery Club at a tea party for Miss Mason. Each girl had some share in the work represented for the shower of fancy work presented to Miss Mason. Refreshments were served by the girls from their own culinary resources.

The Library has most attractive samples of the work done in drawing and painting, combined with sewing and woodwork. The girls have completed table runners and luncheon sets, while the boys have designed and made tea tiles.

Wednesday the Assembly was in charge of the Seventh Grade Dramatic Club—"The Princess and the Crystal Pipe," was very delightfully presented by the following girls introduced by James Lichtler: Beatrice Armstrong, Elizabeth Arend, Mary Wakefield, Louise Horgan, Grace Taylor, Elizabeth Howe, Ellen Fosco, Lido Anna Haven, Kathleen Moran, Catherine Peruggia, and Catherine Herlihy.

Hyde School

Field Day was held at the Hyde School by the graduating class on Tuesday morning, when the following sports were enjoyed by all: baseball game, girls vs. boys; high jump, sack race, three-legged race, relay race, boys vs. girls, and a captain ball game, girls vs. boys.

The winners were as follows: baseball game, boys, 12 to 7; high jump, John McJennett, Eleanor Savage; sack race, Donald Burns, Helen Reay; three-legged race, Fred Hill and Robert Bonner, Helen Reay and Marjorie Dow; relay race, boys' team; captain ball game, boys' team.

Refreshments of ice cream and cake were served on the lawn.

Harold Banks, a fourth grade boy, who spent the winter at Mt. Dora, Florida, has returned to his class in the Hyde School. He has many very interesting things to tell about.

Miss Simon has been able to extend her lessons in "Home Hygiene" to one eighth grade for several weeks. This has enabled her to give the children of this class valuable and practical information regarding the care of babies or young children.

Stearns School

The school baseball team defeated the Horace Mann nine by a score of 19-14 in a very interesting game on the Horace Mann playground, Tuesday afternoon. The boys are jubilant over their victory and hope to be victorious in the series. Angelo Achione pitched excellently for our team, and was ably caught by Anthony Lombardi, who was a live wire with men on bases. Albert Casano played brilliantly at second base, making many stops of balls which were destined as hits. Al also connected for four hits and scored three runs. Joe Mazzola played in his usual good style, and with Luigi Barisano teamed up well in the infield. Johnnie Sampson, Sammie Iarossi and Bernie Littlefield in the outfield caught everything that came their way, and a good job at the bat. The team went because it played heads-up baseball and played as a team. The next game is at Stearns, Thursday afternoon. Stearns hopes for a victory.

The pupils and teachers of the school are indebted to the Playground Department for resurfacing the flat ball court. It is a pleasure now to play.

The highest percents of attendance for May, are Miss Lovely, grade IV, 98.8; Mrs. Kidder, grade V, 98.8; Miss Swann, grade V, 97.6; Mrs. Goddard, grade III, 97.3.

Mason School

The members of the Newton Center School Association gave a reception to the teachers of the Mason District on Wednesday, June 4.

Miss Bosson gave an entertaining program, refreshments were served, after Mrs. Winslow, the president, made the pleasing announcement that the Rice School had received a present of a check for \$100, from Mr. S. S. Widger of Brookline, former resident of Newton Centre. The money is given for books for the pupils of the Rice.

The work in drawing done by the eighth grade will be on exhibition in the library of the Mason School for a day, so that the seventh grade may see what the upper class has accomplished.

The last number of the Masonian for this school year will be issued next week.

In connection with their English work, the eighth grades have completed some letters, put into attractive book form, which have been sent to the Hawaiian Islands and to the Philippines.

Lasell

Lasell Seminary awarded diplomas to a class of eighty-four seniors Tuesday at exercises held in the Auburndale Congregational Church. Bishop Edwin H. Hughes was the speaker, while the principal, Dr. Guy M. Winslow, awarded the diplomas.

Prior to the graduation exercises the announcement of the prize winners for the year was made. The sweater which is given to the girl who excels in athletics, scholarship and the art of making friends—who is the nearest in her room and who, in short, typifies the ideal student type, was awarded to Miss Edith Clendenin, of Washington, D. C., who was picked from 100 candidates, second prize going to Helen Schröder, of Mansfield, O., and honorable mention to Miriam Elsworth of Barre.

Next in importance was the announcement regarding the golden loaf which is awarded to the girl who is adjudged the best bread maker in a school where the art of making bread is highly regarded. The winner was Avis Ballou of Providence, with second prize, a silver loaf, going to Gertrude Wragg of Norwood.

Special mention was given to Sylvia Starr for her work in French. She was the first to give an illustrated lecture in French on the sixteenth century. In the afternoon there was a reunion of the alumnae and former students.

Fessenden School

David McCalmont, Jr., of Franklin, Pa., a senior, was accorded double honors at the graduation exercises of the Fessenden School at West Newton on Wednesday. He was named as head of the school and also as the only pupil on the first honor list. This distinction was gained for attaining the highest average in all subjects for the entire school year, his mark being more than ninety per cent. Henry A. Morss, Jr., of Boston was the only pupil whose name went on the second honor list, his mark for the year being between eighty-five and ninety per cent. On the third honor list, as having averages of from eighty to eighty-five per cent, are Norman A. Ballantine, Jonathan Jackson, Austin Morris, Robert B. Oliver, Robert S. Randolph, George Ripley, Thomas C. Sheffield, Charles N. Stoddard, Jr., Varnum Taylor, George I. Thorndike, John A. Titcomb and Malcolm S. Walk.

The programme included an address by Rev. Willard L. Sperry, D. D., dean of the Theological School of Harvard University; music by the pupils and the awarding of forty-eight diplomas by the headmaster, Frederick J. Fessenden.

Tuesday evening the annual prize speaking contest was held, with eight boys competing. First prize went to John A. Keppelman, Jr., who also won first prize last year and whose subject last evening was "Madeline of the Movies." Allen Buck, who received second prize, recited a scene from Sheridan's "The Rivals," while honorable mention went to Seward W. Pulitzer for his presentation of "Jes' Lonesome Like" and "Beans."

Newton Vocational School

The friends of Miss Mary A. Laselle, formerly of the Newton Vocational School, may be glad to learn that with her health restored she has resumed her work in the compilation of school Readers. Miss Laselle will spend the summer in Bennington, Vermont.

Stearns School Centre

Nine hundred and thirty-one attended classes, clubs and activities at the Stearns School Centre during the month of May.

One of the departments of the work is to extend club work to those in the community who are anxious to enjoy club life. This includes clubs and classes for little girls and boys, Junior and Senior Girls Club, Boys' Club, and a Mothers' Club. All the classes and clubs are held at the Stearns School in Nonantum.

Newton High School

The Newton girls' tennis team holds the championship of the Greater Boston Intercollegiate Tennis League. This is the first year such a league has been in existence. The Newton team won every game it played by overwhelming scores, defeating Winchester 7-0, Melrose 7-0, and Lexington 7-0.

The baccalaureate sermon of the class of 1924 was preached by Rev. Newton A. Merritt, Jr., last Sunday at the Inman Baptist Church, Newton. The subject of the sermon was "The Choice." The congregation arose during the entrance and exit of the class. Pews at the front were sectioned off for the seniors by orange and black ribbons. The Newton banner hung at the rear of the church.

Mr. Irving O. Palmer, head master of the Technical High School, was president of the Student's Repertory Association at its annual meeting. Mr. Palmer has taken an interest in all performances of the Association, and has urged the Newton schools to support the plays.

FOR THE BUILDING FUND

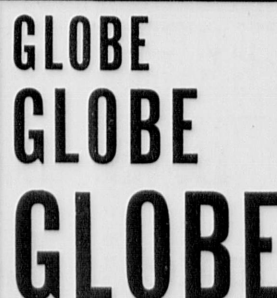

A monster whist party and cake and candy sale will be held next Monday evening in Boy State hall, Newton, for the high school building fund for the Church of Our Lady on Washington street.

The affair will be held under the direction of Rev. Father Conrad J. Quirbach, and he will be assisted by an efficient committee of prominent Newton women.

A large number of handsome souvenirs have been donated for this occasion, and everything will be done to make it a most enjoyable affair.

SUMMER VACATIONS

Don't neglect your plumbing system while away. See Fred E. Perkins Co., 374 Centre street. Office telephone Newton North 4243, house West Newton 0780-W. —Advertisement.

Have you read the Boston Globe today?

Daily—Sunday—Read the Boston Globe every day.

Y. W. C. A.

The last meeting for the season of the Board of Directors of the Newton Young Women's Christian Association was held at the rooms Wednesday evening. The following program was adopted:

Monday evenings: Blue Triangle Club activities.

Tuesday afternoon: Tennis for children.

Tuesday evenings: Sports for Gym members.

Wednesday afternoon: Hikes.

Wednesday evening: Adults' tennis, social evening at the "Y".

Thursday afternoon: Swimming parties.

Thursday evening: Bowling.

Saturday, first and third: Adult picnics and house parties; second and fourth: Children's picnics.

The rooms will be open every morning excepting Monday, every afternoon excepting Thursday, and on Monday, Wednesday and Friday evenings.

The Wednesday social evenings will be in charge of various members of the Board of Directors. Mrs. G. Albert Aston and Mrs. H. H. Powers will serve on June 25th. Opportunity will be furnished for cards and other games and refreshments can be purchased. Any young woman of Newton or vicinity is cordially invited to bring both men and women friends to the rooms on Wednesday evening and they will be assured of a hearty welcome.

The Blue Triangle Club will entertain the business girls of the Cambridge "Y" on Monday evening, June 16th. They will go by truck to Echo Bridge and cook supper in the open. After supper there will be games, stunts, and music.

Miss Beulah Angell and Miss Anna McPhee will be the delegates of the Grade School Girl Reserves at a conference of girl reserves to be held at the Boston Y. W. C. A. camp at Winneunnet, Martha's Vineyard.

DE WITT CLINTON SCHOOL

The first year of the De Witt Clinton School in its new home on the Plant Estate in Newton ended Saturday, June 7. Festivities began Friday night with the Senior Dance, attended by about one hundred and twenty-five young people. During the evening the boys presented Mr. and Mrs. Hebbard with a console victrola and a tea wagon in appreciation of their efforts in the boys' behalf, and particularly of the homelike atmosphere enjoyed by all during the year.

The graduation exercises were held Saturday morning on the lawn amid the natural beauty of the school's new home. These exercises were attended by many out of town and local parents and friends. Douglas C. Guiler of Newton Centre, President of the Class of 1924, conducted the exercises. The School Chorus sang; prayer was offered by Rev. R. C. Raines, Eliot Church, Newton; the address was given by Dr. Laurens MacLure, Grace Church, Newton; the awarding of prize books and other prizes by P. M. Woodwell, English instructor, and the awarding of diplomas by Mayor Edwin O. Childs.

Two Prize Books offered by the New England Federation of Harvard Clubs for scholarship and character were awarded to John S. Bridges, 3rd, of Baltimore, Md., and Frazier L. O'Leary, Jr., of Dorchester.

The other prizes were awarded to Edmund F. Dwight of Wayland for general helpfulness; Richard M. Stone of Niagara Falls for the greatest improvement during the year, and to Douglas C. Guiler of Newton Centre for dependability.

Among the Newton graduates were Douglas C. Guiler, and Albert Y. Ke-vorkian, of Newton Centre.

NEWTON DISTRICT NURSING ASSOCIATION

Recommendations for broadening the service of the District Nursing Association and increasing its efficiency were considered by the Association at a special meeting on June 9, when the report of a special survey of the Association was presented for action. This survey was made by Miss Frances V. Brink, Field Secretary of the National Organization for Public Health Nursing, at the request of the Newton Association, and in connection with the Health section of the Newton Community Study which is being carried on by the Newton Central Council.

After hearing the report, the Association appointed Mrs. George W. St. Amant, chairman of a special committee which will study the survey recommendations in detail during the summer, and work out a program of reorganization to be submitted to the Association in the fall.

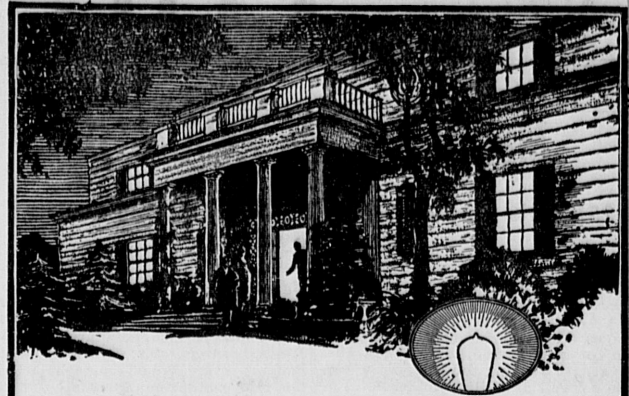

Miss Marie M. Knowles, Superintendent, and Mrs. Henry F. Keever, member of the Nurses' Committee, will represent the District Nursing Association at the National Biennial Nurses' Convention to be held at Detroit from June 16 to 21. The Newton Association is a member of the National Organization for Public Health Nursing, which is one of the three national nursing organizations under whose auspices this convention will be held.

BOY SCOUT NEWS

Scouts and officers who are to take part in the policing at the American Legion field day will report in front of the Technical High School, Newtonville, at 7:00 P. M., Saturday. Buglers from various troops will be on hand to sound assembly and will report a little before seven o'clock.

An interesting Court of Honor will be held at the Angier School, Waban, Friday evening the thirteenth, when the recently re-organized troop of this section will be accepted into the Council. The examinations of scouts will be started at 7:30 P. M., and the award of badges will be about 8:30 P. M. Parents and friends of the scouts are invited to attend all of the meeting. Troop 10, as this troop will be called, was a very successful troop up to about two years ago, when the scoutmaster was obliged to give up the work and no other leader could be obtained.

Wednesday evening, June 18th, a Court of Honor will be held at the headquarters of troop 9, Lincoln Park Baptist Church, West Newton.

The Friendly Glow

Convenience and Comfort

Twenty-five years ago, the richest man in America could not have bought all the comforts which electricity offers you today. Have your house wired now for electricity, and all these comforts are yours at a surprisingly low cost.

Forty representative electrical contractors authorize us to make you this uniform, popular-price, house-wiring offer:

Thirty days' free trial in your home; easy monthly payments. A complete proposition covering the entire installation will be submitted for your consideration.

The work will be done without confusion or the tearing up of floors.

ONE THING AND ANOTHER

Written by
Leverett D. G. Bentley

Street car etiquette is ever a fruit-
ful topic of discussion. Just what is
accomplished by repeating one's views
we cannot say and still we believe it
worth while to emphasize the need of
reform of passengers' behavior. Our
particular grievance of the moment is
not a fancied one. Twice within a
short time we have felt justified in ex-
pressing our feelings regarding the
conduct of thoughtless individuals.
We have preferred not to create a
scene and have held our tongue. What
we have said on these occasions under
our breath was not the speech of a
happy man, however. The "kicks"
which we would register has to do with
that man or woman who forgets there
are people following them as they
climb aboard a car. Take Nonantum
square for instance, when 15 or 20
people are hurrying to get aboard a
Boston-bound trolley. The indifferent
one is among the first to clamber up
the steps. If he or she kept on clam-
bering there would be no protest to be
offered, but for some reason or other
these folks feel that they are the only
people seeking passage on that trip.
Just as they mount the second step they
halt. The person following is almost
thrown off his pins by the obstacle he
faces. He cannot go ahead because the
person in front has stopped on the edge
of the vestibule to fish for a dime.
If you have been thwarted in this way
you know that you are likely to fall
backward. You clutch the hand-hold
frantically to save yourself from a
spill. At the same time you bump vio-
lently against the person who is fol-
lowing you. He or she is certain to be
peevish. If you are not greeted with
harsh words you are bound to receive a
severe look. It makes you feel foolish
and you don't know what to say. It
wasn't your fault it was the big clump
just ahead of you. But those behind
you think you are the dumb one. There
is nothing more humiliating than being
misunderstood. In behalf of those who
have experienced such humiliation we
would make this suggestion. When a
conductor sees a man or woman halt on
the edge of the vestibule to fish for a
dime, let him reach out and grab that individual
by the neck and pull them aboard. If
that was made a rule of the company
we know it would meet popular ap-
proval.

While on the subject we would like
to mention the careless folks who
carry suitcases or traveling bags just
as if they were walking down a lonely
road. They swing these articles for-
ward and back, or shift them from one
side to the other with no thought of
the other people in train or trolley
or even on the platform. One night
this very week, while waiting for a car
in the Park Street subway station we
encountered one of those suitcase slin-
gers. We were on the lookout for a
Newton car, trying to tell whether it
was going to stop at North or South
Berkeley. We were giving the muscles of
our neck considerable exercise at that
moment when suddenly there came a
blow from the rear and our knee-joints
gave way. We probably would have
kneled on the subway platform had we
not clutched the arm of the man next
to us. What happened was a common
occurrence. A man with a suitcase
was hopping around the platform in
an effort to locate his car and he
thoughtlessly bumped his grip against
the calves of our legs. Of course he
wasn't a bit disturbed by that fact and
as a matter of fact we were not in-
jured by the blow. There are, how-
ever, some people who cannot stand
this kind of treatment without feeling
some serious effects and under such
circumstances the matter has not a
humorous side. Just how to straighten
out that nuisance we are not prepared
to say. Almost as annoying is the
person who calmly places a traveling
bag, a box or suitcase in the aisle of a
car and proceeds to become absorbed
in a book or newspaper. It doesn't
make any difference how many people
stumble against the obstacle or whether
they come very near breaking a leg
or spraining an ankle. The owner of
the bag is only concerned in saving
his property from destruction. When
he thinks it is likely to become kicked
around and otherwise damaged he is
likely to move it. Again we have no
method of reform to offer but urge a
little consideration for the other fel-
low.

We are satisfied, after reading an ac-
count of the recent meeting of the
Newton Board of Aldermen, that the
city fathers are really humane men
after all. Some of their critics might
dispute with us on that point but we
believe we have proof of our assertion.
We are willing to admit that a "recess"
that begins at 8.50 and ends at 10.58
the very same evening cannot by any
stretch of the imagination be called
"short." In defending the Aldermen
we would say that a committee meet-
ing is something that defies all prophe-
cy. A committee may agree upon an
hour for convening but seldom on an
hour of adjourning. It just can't be
done. But we started to talk about the
humane side of the board members.
As it happens that quality has been
demonstrated in connection with com-
mittee meetings. It seems that at the
last meeting it was voted to so amend
the city ordinances as not to require
the attendance of the City Messenger
at committee meetings. As it happens
Newton has a particularly conscientious
City Messenger in the person of
Lucian Davis. He is a man who would
without protest, attend committee meet-
ings every night and Sundays included
if he thought it his duty. Why he
should we do not know for there is
little he can contribute to the vast
store of knowledge possessed by com-
mittee members. But the board has
seen fit to vote that Mr. Davis need
not come around and watch the commit-
tee from the sidelines "unless so request-
ed by the Chairman." Think what the
City Messenger is to be spared by this
somewhat belated, but nevertheless
worthy action of the board! Put your-
self in his place and ask yourself how
you'd like to hang around the corridors
of City Hall all the evening waiting
for a committee to finish their delib-
erations and their cigars! Next to giv-
ing the City Messenger an increase in
salary, which might well be done, we
can think of no kinder act on the

part of the board than telling him to
stay away from City Hall nights and
enjoy himself.

We must admit that when we had
read what Editor Ed Powers had to
say against reckless driving of auto-
mobiles and the numerous motor vehi-
cle accidents in Newton we gasped
with horror a moment later when we
saw his headline "More Joy For Motor-
ists." We were fearful, until we pro-
ceeded further, that he was going to
suggest things for the diversion of the
heedless and pleasure-loving drivers
and thereby destroy some of his good
work in keeping down auto smash-ups.
But it seems that Editor Ed was re-
ferring to the resurfacing of street
crossings and repaving of street rail-
way tracks. Very properly the article
in question praised the city and the
street railway for completing improve-
ments that save the jouncees. We are
confident that if one is desirous of
bumping the bumps the place is Nan-
tucket or Revere or a Summer amuse-
ment park and not a public highway.
One has to have made up one's mind
that such a treat would be enjoyable.
One doesn't want to encounter a bump
while in an automobile and find one's
head cracked by having come in con-
tact with the roof of the car or the
wooden rib of the temporary top. It's
no fun to receive that kind of a jolt.
That things in this line seem on the
mend is a source of satisfaction which
we are glad to share for the reason
that kind friends often ask us to ride
with them in their automobiles. How-
ever, as walking is a favorite form of
exercise with us we would speak for
the pedestrians. There is a considerable
difference in the grade of our
streets. There are places on Centre
street, for instance, where a running start
on the roadway to the sidewalk requires
the aid of an Alpine stick. Only mem-
bers in good standing of the Appala-
chian Club can step up the sides of
certain grass borders. For instance, if
you approach Waverly avenue from
Vernon street and cross Waverly ave-
nue to get on the easterly sidewalk you
will find a task for a mountain climber.
The best way is to get a running start
and make it on high. We could point
out other places where the sidewalks
are much higher than the grade of the
street but we feel that our readers are
already well informed on the subject.
This is, we firmly believe, a matter
that deserves attention. It's all right
when you are of the age that enjoys
playing hopscotch, or even a little
older, but there are people who like to
walk along the sidewalks on pleasant
days without being compelled to jump
down a couple of feet or clamber up
the side of a hill whenever they en-
counter a street crossing. We hope
that this will some day be favorably
acted upon by the proper authorities
and that we may have the pleasure of
reading the headline "More Joy for
Pedestrians."

Without attempting to give our
views of the Legislature of 1924, which
has recently prorogued, we would like
to say that there was one solution of
vexatious problems offered which
would be wonderful, if possible of at-
tainment among individuals. This
year's General Court seemed to turn
to a common expedient with more
alacrity than many other legislatures
within our recollection. When a bill
appeared to be in danger of going
through its opponents offered a resolve
for an investigation of the general sub-
ject by a recess committee. And when
a measure seemed in danger of being
defeated its friends were eager to ac-
cept a similar kind of resolve. The re-
sult is that this will be a banner year
for recess committees. What simpler
way of disposing of a troublesome mat-
ter than referring it to somebody else
to study. We call that the art of pro-
crastination and sit back and wait
until we are contradicted. How well
could we run our private affairs if
such an expedient were possible.
Every time to found ourselves up
against a personal difficulty we would
refer it to a recess committee. But
in the case of an individual it can't
be done. The only way out would be
for individuals to pool their troubles
and appoint committees to sit for a
few months and determine what to do.
What would happen in the meantime?
Ah, that's the question.

There will be the usual flock of ad-
visers for the Republican candidate for
President. Telegrams and letters will
pour in from all parts of the country
telling President Coolidge what to do

and how to do it. We do not know
what President Coolidge will say but
we think we have a pretty fair idea.
He will promptly dispose of all inter-
ference and, in polite phraseology, will
tell his voluntary, counselors, "No
driving from the back seat."

Looks like a most favorable year in
Massachusetts for a big crop of minor
political candidates.

A near-holiday (June 17) is near.

CARD OF THANKS

Charles Ward Post 62, G. A. R., ex-
tends its sincere thanks to all our citi-
zens who in any way contributed to
the success of Memorial Day. Espe-
cially are we grateful to those who so
generously furnished autos for the
Post; also to contributors of flowers
and money.

WILFRED A. WETHERBEE,
Adjutant.

RECEPTION TO REV. AND MRS. RICHARD C. RAINES

A reception was held last Friday
night at Elliot Church for Rev. and
Mrs. Richard C. Raines, acting min-
ister of the church and his wife, who
are leaving Newton and sailing
abroad, on June 25th.

Mr. Raines has been acting minister
of Elliot Church since the death of
Rev. and Mrs. Person. He has been
generally liked, and under his adminis-
tration the activities of the church,
especially those of the young people,
have grown.

The receiving line, besides Mr. and
Mrs. Richard Raines, were Mr. and
Mrs. Robert B. Raines of Independ-
ence, Iowa.

During the evening the choir of
Elliot Church sang several selections.
Mr. and Mrs. Raines were presented
by Mayor Childs with a beautiful
clock and a sum of money in token of
the appreciation of the members of
Elliot Church of the work done by
Mr. Raines.

The following served at the tea
table: Mrs. H. H. Powers, Mrs. James
E. Clark, Mrs. Henry I. Harriman and
Mrs. George Angier.

MR. FOLLETT BURIED

Funeral services for the late Wil-
liam J. Follett were held Friday af-
ternoon in the chapel at Newton Cem-
tery and were attended by many
friends and business associates, in-
cluding representatives of the Masonic
fraternity.

Prior to the chapel service prayers
were said at the home of Mr. Follett's
son, W. Dana Follett, at 25 Ballard
street, Newton Centre, by Rev. Edward
MacArthur Noyes, pastor of the New-
ton Centre Congregational parish. At
the chapel Mr. Noyes read the 145th
and 103d Psalms and also Long-
fellow's "Song of the Silent Land."

The Schubert Quartet sang "Jesus,
Lover of My Soul," "I'm a Pilgrim"
and "Now the Day is Over."

Burial was in Newton Cemetery.
The honorary pallbearers were Wil-
liam H. Coolidge of Boston, former
Congressman Samuel L. Powers of
Newton, Edwin T. Fearing of Newton,
Charles G. Bancroft of Framingham,
James L. Richards of Newtonville,
William E. Edleson of Winchester,
N. B. Brooks of Wellesley, Samuel
G. Adams of Boston, A. D. Veasey of
Haverhill, C. M. Boyd of Newton and
F. E. Mann of Newtonville.

BANKING BY MAIL

It does not take a very old person to remember when
it was thought necessary to go to the bank to deposit or
check out money—then it was found convenient to mail the
checks—and today many save time by doing their banking
by mail.

It only costs a two cent stamp to mail your deposit
—and this bank takes very good care of customers who
bank by mail.

ASSOCIATION

EDITORIAL

The Automobile Legal Association suggests that every citizen should take it upon himself to speak to his neighbor who uses liquor, no matter how small a quantity, and to remonstrate against his operating an automobile. No one knows when such operators will strike, kill or injure some one near and dear to us.

We note that judges in some district courts continue to fine drunken operators of automobiles instead of giving the richly deserved jail sentences. Such judges will certainly lead us to the popular election of the judiciary if they fail to satisfy the popular feeling on this serious matter.

The memorial tablet for the late William Claxton Bray, which was unveiled last week Thursday night at the Newton Hospital, was richly deserved, for no one has given more generously, not only of money but of himself, than Mr. Bray. It is largely due to his careful supervision that the Hospital has reached its present high standard.

Coolidge, cool and courageous, and Dawes, explosive and efficient, make an ideal ticket for President and Vice President.

Friday the Thirteenth?

BARRY-KELLY

Miss Elizabeth F. Kelly, daughter of Mr. and Mrs. Cornelius J. Kelly of Philadelphia, was married to John J. Barry, son of Mr. and Mrs. M. John Barry, of 29 Irving street, Newton Centre, Wednesday morning. The ceremony was performed in the Church of St. Francis of Assisi in Germantown, a nuptial mass being celebrated at 10 o'clock.

The bride was attended by her sister, Miss Mary Kelly, as maid of honor, and Miss Mary Kenna and Miss Elizabeth Gara of Philadelphia as bridesmaids. Fred C. Rattigan of Allston, Mass., was the best man. Gerald Wood of Philadelphia and John Cahill of Newton were ushers.

Following the ceremony, a wedding breakfast for members of the immediate families was served at the home of the bride's parents. Mr. and Mrs. Barry were assisted in receiving by their parents and attendants. They were the recipients of numerous gifts. The couple will pass the honeymoon in Europe, leaving on the steamship Leviathan. They will be at home, 228 Newtonville avenue, Newtonville, after September 1st.

Mr. Barry is a member of the Knights of Columbus and Elks in Newton and he is the Newton representative of the Boston Globe.

ENJOYABLE PAGEANT

Last Sunday afternoon a pageant entitled "Cinderella in Flowerland" was presented by the children of Saint Agnes School for Girls, Walnut park, Newton. The large audience gave convincing proof of the interest and good will of the people at large in the new school which was established last September on the estate recently bequeathed to The Sisters of Saint Joseph by the late Mr. Joseph Flanagan.

The pageant began with a prologue by Laura Lewis and the various characters represented flowers. Cinderella being a daisy. The cast included, Claire Connolly, as Cinderella, Mary Boudrot and Florence Foley as the proud sisters, Dorothy Barror as the godmother, and Mildred Sheehan as Prince Sunshine. Others in the cast were Marie Edmondson, Edith McGrath, Mary Quartz. The guests at the ball represented flowers, as follows:

Sweet Brier, Angela Miller; Poppies, Elizabeth Donovan, Virginia Parsons; Dorothea Nolan, Constance Cooper; Buttercups, Ethel Cassidy, Mabel Murray; Pansies, Gertrude Connolly, Rosemary Hertlein, June Bowen, Elise Glynn; Daffodils, Anna Sheehan, Ruth Bosworth; Violets, Catherine Bunyon, Dorothy Colohan; Mignonettes, Catherine Connelly, Margaret Delaney, Catherine Wheeler, Edna Connare; Lily Bells, Clare McNamara, Ellen O'Toole; Sweet Peas, Mildred Goodman, Gladys King; Narcissus, Catherine McCabe, Clare Conley; Sunbeams, Nora O'Toole, Evelyn Beck, Catherine O'Grady, Charlotte Field, Marie Culhane, Rose McCabe, Irene Gormley, Rita Curley, Catherine McGrath, Mary Wilson; Raindrops, Mary McNamara, Mary D'Amico, Eleanor O'Toole, Anna Croaty, Mary O'Brien, Helen Culver, Doris Flood, Ethel Roy, Mary Greene, Dorothy Kelly; Butterflies, Marie Cassara, Alice McNamara, Jeanette Whalen, Alice Dunston, Aileen Gallagher, Helen Brennan, Marion Perkins, Margaret Callahan.

MEMORIAL SERVICE

At the Church of the Messiah, last Sunday morning, there was a very impressive service held in memory of three of their young men who had served the church so faithfully in many ways. Fred Randall, who was the beloved choir master a few years and loved by all, John W. Hebeek, who was a member of the choir and always ready to add to the success of anything with his musical talent, one whom everybody loved and admired; Edmond Wyeth, another choir boy who could be depended upon to help in his very modest way.

Rev. E. A. Dennen, Arch Deacon of the Episcopal Diocese, preached the sermon, and the Sir Galahad Club, of which Mr. Dennen was the founder, attended in a body and in regalia. They were augmented by the Sir Galahad Club of St. Paul's Church, Brookline.

The sermon was very impressive; the speaker told of these young men as leaving a splendid influence that would live on through the future.

The beautiful flowers on the altar were given in memory of these young men.

PLAN JOINT OUTING

Merchants of Newton Chamber of Commerce and Brookline Board of Trade Arranging Gala Event.

Present indications promise that one of the outstanding events of the coming summer season will be a joint outing of the Merchants Association of the Newton Chamber of Commerce and the Brookline Board of Trade, to be held in late July or early August at some conveniently located resort where facilities are available for providing all of the popular forms of recreation that go with such ventures.

The suggestion was acted upon favorably on Monday of this week by the Merchants Association of the Chamber, plans being further perfected on the evening of that day when a representative of the Newton Chamber met the directors of the Brookline Board of Trade. This resulted in the development of marked enthusiasm by the representatives of the Brookline organization, who appointed a committee with full authority to confer later with a committee from the Chamber and develop detailed plans for the big event.

The local committee will be appointed at once, after which the joint committee will meet to consider further plans as to choice of date, location, arrangement of program and other details. Further announcements may be anticipated from week to week, it being the intention of those who are interested in the preliminary plans to stage an event that should make a fine day for the residents of Newton and the neighboring town of Brookline are concerned.

The plan of holding a joint outing with Brookline has been greeted with marked enthusiasm by practically all local business men who have been approached on the matter. Reports from Brookline are to the effect that the idea is finding as pronounced favor among the business men there as sufficient assurance of interest and co-operation having already been received in both communities to practically insure the success of the plan. As the story is given publicity and the movement gains momentum, it is expected that the whole force of the Newtons and Brookline mercantile interests can be put behind the effort to make the proposed outing one that will easily eclipse any previous event which either group has developed alone.

The possibilities provided by the joint outing plan, in the way of competitive sports, athletic, aquatic and gastronomic—are readily appreciated, and the friendly rivalry promised by the probable program can undoubtedly be relied upon to add an interest to the occasion that cannot be developed when the rivalry is combined to individuals rather than organizations.

A baseball game seems to be assured, this being one of the most frequently heard suggestions in connection with the tentative program. Track and field sports, in fact anything that will add to the anticipated good time, will be given careful consideration. Several special features of a type not ordinarily included in outing programs are being discussed, with a strong probability that two or three of these suggestions will be adopted for subsequent development.

It is planned to arrange the outing for a Wednesday afternoon, when the stores of both cities are observing the weekly summer half-holiday, with July 23 and August 6 being given the most favorable consideration at this time.

While the members of the Merchants Association are taking the initiative in behalf of the Chamber—and the event will be planned and recognized as a business men's outing—all members of the Civic Division of the Chamber who desire to attend will be made welcome through a general invitation to that body. It is anticipated that the Brookline merchants will also be accompanied by various guests, insuring a large and representative attendance from each organization.

While the whole movement is in the embryonic stage at the present time, plans are to be perfected as rapidly as possible and every possible effort will be put forth by the respective organizations to make the event one that will meet in every way the most sanguine expectations of their members. Various committees will be appointed locally to develop and handle the various details, while suggestions—especially at this time—will be cordially welcomed from any interested member of the Newton Chamber.

The efforts of interested merchants to bring about the adoption of a uniform schedule for the closing of stores on Wednesday afternoons during the summer months promise to finally prove successful during the coming summer. Various groups of interested business men have struggled with this problem for several years, with varying degrees of success, until the persistent efforts of the Merchants' Committee of the Newton Chamber of Commerce brought about what was deemed to be at least a ninety per cent closing of the stores of the city last summer. The plan promises to be even more effective this coming summer—practically one hundred per cent it is believed—if the promises and agreements to co-operate in the movement may be taken at face value. In fact, the movement is gaining so much momentum this season that a substantial number are voluntarily closing their places of business for three months, June, July and August, instead of the two months recommended by the Chamber.

The Chamber Committee has, however, believed that it should first make the plan effective for two months, and then perhaps consider plans for extending the period to cover three months. With the sentiment as strong in favor of the Wednesday afternoon closing as at present, indications are that the period covered by the closing agreement may easily be extended to three months next summer, if it is desired to do so.

An occasional fruit store, a boot black stand, the drug stores, and bakeries, are apparently the only places of business that are going to be open in Newton on Wednesday afternoons during the two mid-summer months. The only difficulty experienced has been in regard to the closing hour, although nearly all have agreed upon 12 o'clock, that the clerical forces may

have time to clean up their work and have a full half-holiday. The attention of the buying public is called to the fact that the Wednesday closing does not apply to weeks in which there is a holiday, with the result that the initial closing date this year will be on July 9, the first Wednesday after the holiday on July 4.

GIRL SCOUTS

(Continued from Page 1)

cilla Bacon, dancer; Mina Bosworth, health guardian; Virginia Blunt, dancer; Elizabeth Bowen, health guardian, pathfinder; Elsa Brandt, dancer; Eleanor Clough, health guardian, economist; Alice Eaton, swimmer, needlewoman, health guardian; Barbara Eaton, dancer; Shirley Eddy, health guardian; Eleanor Gill, home-nurse, health guardian; Eleanor Hartel, health guardian; Eleanor Jack, hostess; Barbara Jack, health guardian, gardener, home-nurse; Elizabeth Kilburn, home-nurse, health guardian; Lois Ladd, home-nurse, health guardian; Ruth Larnard, artist, hostess; Lisbeth Leighton, needlewoman, home-nurse, health guardian, economist, scout aide; Barbara Lester, dancer; Nancy Mandell, dancer; Elizabeth Phalen, dancer; Anne Rae, dancer; Katherine Rich, health guardian, laundress, cook, home-nurse; Ruth Williams, scholarship, dancer; Jeanne Wolley, dancer; Elizabeth Moynihan, hostess; Venilia Colson, hostess; Constance Upton, hostess; Dorothy Gilman, hostess.

OUT DOOR FETE

One of the most unusual and interesting affairs ever given in this city was the street fair and fete held last Saturday afternoon and evening on Hammond street and the estate of Mr. Edwin S. Webster at Chestnut Hill. The street was closed to traffic between Woodman and Lawrence roads, and transformed into an Italian bazaar with booths and vendors, and gay with color.

Among the features for children was a fish pond. The children did some real fishing in a real pond. A large pool on the estate was stocked with gold fish. The children were given nets to catch their fish and little bowls in which to carry them home.

There was dancing on the lawn and tea was served on the terrace. A Punch and Judy show was given in the garden. At afternoon the Webster ponies and several others were kept busy carrying little children around the estate which has been rarely opened to the public. As it is one of the show places of the Chestnut Hill section, lovers of the beautiful were attracted to the scene.

As another attraction, some of the best-known tennis players of the Longwood Cricket Club, close by, took part in some informal matches in doubles and mixed doubles.

Nearly all of the families in the Chestnut Hill colony were actively interested in the street fair and fete. Brookline, Newton and the Back Bay also were represented. The grounds were thronged after afternoon and evening. Mrs. F. Reed Estabrook was general chairman and Mrs. Chandler Hovey was vice chairman. They were assisted by Mrs. Russell Codman, Mrs. William H. Coolidge, Mrs. Howard Cooley, Mrs. Clarence Edwards, Miss Rose Dexter, Mrs. William H. Gray, Mrs. Robert F. Herriek, Mrs. J. Warren Merrill, Mrs. Homer B. Richardson, Mrs. Pierpont Stackpole, Mrs. W. R. C. Stephenson, Mrs. George Waterman and Mrs. Edwin S. Webster.

Assisting in the various departments of the fair were Mrs. J. Mott Hollowell, and Mrs. W. R. C. Stephenson, tea tables; Mrs. Richard Harte, grubs; Miss Polly Webster and Mrs. Gelston King, flower vendors; Carl Collins, decorations; George Waterman and Mrs. John P. Ramsay, cashiers' tables; Mrs. Clarence R. Edwards and Mrs. Chandler Hovey, publicity; Mrs. J. Warren Merrill, posters and tickets; Mrs. Henry W. Harris, general information; Mrs. William Coolidge, Mrs. Pierpont Stackpole, Mrs. Russell Codman and Mrs. James Gookin, fancy articles.

Also Mrs. Jesse Koshland, Mrs. F. Reed Estabrook and Mrs. Paul Barrett, cater; Mrs. Arthur N. Hood, Mrs. Ernest B. Dane and Mrs. S. B. Baker, dairy products; Mrs. George Waterman, Mrs. Prescott Bigelow, Jr., and Mrs. Kirkland Gibson, surprises; Mrs. John L. Grandin, Jr., Mrs. Theodore Frothingham and Mrs. Greeley, flower stall; Mrs. Oliver Ames, Jr., and Mrs. F. W. Busk, hats; Mrs. William Gray, candy; Mrs. Mary Bradley and Mrs. Arthur Moore, bargains; Lester Watson, ice cream cones and soft drinks.

Balloons were sold by Mrs. Thomas H. Lannan, and Mrs. Randolph Tucker directed a pushcart with fruit. Others who superintended details were Mrs. John B. Swift and C. L. Tobey, doll carriage parade; Mrs. E. M. Richards, hot dogs; J. Livingston Grandin, money; Mrs. James Dean and Mrs. Granville Johnson, fortune tellers; Mrs. Lester Watson, Punch and Judy show; Mrs. Edgar C. Rust, fish pond; Prescott Bigelow and Jesse Kirkland, games; Mrs. George Crocker, cigars and cigarettes; Mrs. Gelston King and Morgan Harris, dancing.

COMPANY REORGANIZED

The Gamewell Fire Alarm Telegraph Company of New York, has been reorganized under the laws of Massachusetts and will have its principal executive offices at the factory, Mr. William Gellatly has been elected chairman of the Board of Directors and Mr. V. C. Stanley the vice-president and general manager has been made president and general manager. No other changes in the organization's office have been made. The management is, therefore, to remain in the hands of the men who have been so largely responsible for the building up of the business. The plant of the company has been located in Newton for upwards of 60 years although the majority of its stock has been held by New York people. It will be now held largely by Massachusetts people.

The original plant was located on Hyde street on the shores of Crystal Lake. In 1890 a factory was built at Newton Upper Falls and since then new buildings have been added as the business has grown. Three hundred and fifty people are employed and the company has never shut down for a single day for lack of work.

Virtually all of the fire and police signaling systems which are in service throughout the country have been built in Newton. The State, War and Navy Building, the Government Printing Office, the National Museum, the Pension and Patent Office in Washington are all protected by apparatus built here as well as most of the Navy Yards and thousands of factories such as Ford, Dodge Brothers, United States Tires and Victor Talking Machine.

DIED

NYE—At Chestnut Hill, June 16, Walter Brigham Nye, age 63 yrs.

ENJOYABLE ENTERTAINMENT

An entertainment was given at the Lincoln Park Baptist Church, Wednesday night, which was a real treat for the large audience present. The entertainers were Mrs. Mary MacNeil Campbell, assisted by Gilbert Martin, Miss Betty Brooks and Miss Eva Gregg. Mrs. Campbell's program consisted of dramatic readings, costume monologues, comic songs with auto harp accompaniments which were rendered in a splendid manner. Her ability to change from the amusing to the dramatic proved her versatility as a reader.

Mr. Martin was well worth hearing in both humorous and pathetic readings.

Miss Gregg's solos (vocal) and Miss Brooks' piano selections were also very pleasing to the audience and both young ladies have quite a lot of talent.

The entertainment was for the benefit of Troop 9, Boy Scouts.

Newton Lower Falls

—St. Mary's Choir and St. Mary's Guild will hold a service next Sunday afternoon at the Convalescents Home of the Children's Hospital.

—Mr. T. F. Donahue of this village has been awarded the \$100 silver cup offered by the Massachusetts Horticultural Society for the best exhibition of irises.

WHITE HOUSE COFFEE

"The Best Obtainable"—is what thousands of People Say About 'White House' Coffee. YOU'LL Say So, Too When You Have Tried It.

NEWTON HOSPITAL

For week ending June 7:—Patients in hospital 131, those paying as much or more than cost of care 62, those paying less than cost of care 41, free patients (including babies) 28, patients treated by out patient department 70, accident cases 8, babies born 10, social service calls at hospital 11, at homes 8, patients transferred by social service car 6.

Last week the score between the boy babies and the girl babies was just even, five of each being born.

Saturday was a record day at the hospital, twenty-one patients being admitted during it. Miss Riddle suffered from laryngitis graduation day but managed to make her address to the nurses at their graduation and to deliver her tribute to the President Bray tablet exercises. After the latter exercises she had to take to her bed and stay there for a few days. Friday was her birthday, and as she was unable to be up, the nurses formed on the stairs leading to her room and sang an original song of greeting and congratulation and then presented her with a bouquet of flowers.

Dr. Irving J. Fisher being unable to be at the hospital for a few days his duties were assumed by Dr. Stanwood of Wellesley, a member of the hospital staff.

A maid who was a patient at the hospital wrote to the lady by whom she was employed 'Lord Fauntleroy had to go to England to be a lord, while I had to go to the Newton Hospital to be a lady. How will I ever come back to be just Anna after that divine place and all its attentions.'

Last week at its meeting in Boston the Massachusetts League of Nursing Education elected Miss Ruth I. Humphry, the first assistant at the hospital, its secretary treasurer, and the Massachusetts State Nurses' Association elected Miss Bertha W. Allen, the hospital superintendent, one of its vice-presidents.

The Class of 1924 of the Nurses' Training School was entertained on Friday, the day after its graduation, by the members of the alumnae association at the New Fountain Inn at Marblehead. Altogether there were fifty-eight in the party the graduating nurse going to the Inn from the hospital in one of the buses of the Gas Line and the entertainers going down ahead in automobiles. At the Inn, which they had practically to themselves, the company had a fine supper and then an hour or so of dancing, getting back to the hospital about eleven.

Saturday of this week two cars filled with nurses left over the D. & A. for Detroit, where from June 15 to 21 there is to be held the conventions of the National League of Nursing Education, the National Organization of Public Health Nursing and the American Nurses' Association. Miss Allen, the superintendent of the hospital, who is one of the officers of the Nurses' Association will be one of the party, so too will be Miss Ruth I. Humphry, the first assistant at the hospital, who goes to represent the Newton Nurses' Alumnae, Miss Marie Knowles and Mrs. Keever, who go as delegates from the Newton District Nursing Association, and Miss Mary M. Riddle, the hospital's former superintendent. Among those who will be at the convention are Miss Katherine Tucker, formerly of Newton, and a graduate of the Newton Hospital school and now superintendent of the Visiting Nurses Association of Philadelphia, and also other graduates of the Newton Hospital School, who hold many important positions in different parts of the country.

DEATH OF MR. GOULD

Mr. Richard S. Gould, for many years head of the First National Bank, died at the Newton Hospital on Monday in his 48th year.

Mr. Gould was born in Cambridge, but has lived in Newton most of his life. His home was at 49 Grove street, Auburndale.

He was with the Newton Trust Company before associating with the First National Bank of Boston. Mr. Gould was a member of the Fraternity Lodge of Newton and a former member of the Auburndale Club. He also belonged to the Boston Lafayette Lodge of Perfection and of the Omar Grotto.

Surviving him are his widow, Bertha E. Bailey Gould of Auburndale, a daughter, Miss Dorothy W. Gould, a brother, Harry Gould of Rosindale, and a sister, Mrs. Lillian S. Willey of Hartford.

Services were held at his late residence on Wednesday, Rev. George S. Butters officiating, and the burial was at Woodlawn Cemetery, Everett.

NEWTON PALS WIN SIXTH STRAIGHT VICTORY

On Sunday, June 8, the Newton Pals won their sixth straight victory at Boyd Park, by defeating the strong Columbia Cubs of South Boston by a score of 11 to 3. The Pals led until the seventh when the Columbias scored two runs. Going into the eighth the home team led 3 to 2 but a batting rally in this inning netted eight runs and this about decided the issue.

"Chet" Aucoin twirled for the Pals and allowed the Columbias but three scattered hits. Lyman and Finn both played well in the field and they covered their positions in big league form. Both Murphy and McCarron contributed some pretty catches in the field while "Larry" Campbell had a fine day at bat betting three base hits. "Daddy" Wright played well at second and McCartney played a fine game for the Columbias.

D. A. R.

At the annual meeting of the Lydia Partridge Whiting Chapter of the D. A. R. the following officers were elected: Regent, Mrs. Sanford Thompson; vice regent, Mrs. Richard Cody; recording secretary, Mrs. Scott Emery; corresponding secretary, Miss Marion Dorr; registrar, Miss Adelaide Webster; treasurer, Mrs. Harris Langley; chaplain, Mrs. William Crosby; custodian, Mrs. Myron Cudworth; directors: Mrs. J. W. Foster, Mrs. William Bucknell, Mrs. Frank Warren.

OUTDOOR FETE

A very delightful outdoor fete was given on Monday afternoon on the grounds of Mrs. Gifford Le Clear, Upland road, Waban, by the pupils of Miss Marcy and Miss Lewinthal's School in Newton.

The day was a beautiful one, and the terraced garden formed a very effective background for the plays.

The first part of the program included fables, French Songs, and English Rhymes sung by the pupils, who wore dresses made by them in their art lessons.

This was followed by a group of recitations by the Little Folks in dainty costumes of a century ago. These included Virginia Gay, Virginia Crane, David Lodge, Eleanor Spencer, Marion Boyce, Helen Belger, Sarah Garnett.

The third number was a French play in which the following took part: Barbara Thrall, Eleanor Spencer, Margaret Lennox, Doris Bryant, Mary Belle Lennox, Margaret Le Clear, and Betty Seates. The French was enunciated with remarkable clearness and expression.

The last part of the program comprised Fairy Scenes from "A Midsummer Night's Dream." This was charmingly presented, the dainty colors of the Fairy Queen and her attendants against the green of the foliage making a beautiful picture. The following took part: Miss Margaret LeClear, Mary Belle Lennox, Margaret Lennox, Doris Bryant, Barbara Thrall, Betty Seates, Virginia Gay, Eleanor Spencer, Marion Boyce, Virginia Crane, Victor Cutter, Palmer Donaldson, and David Lodge.

DEATH OF MR. NYE

Mr. Walter Brigham Nye, vice-President of the S. D. Warren Company, paper manufacturers, on Milk street, Boston, died at his home, 39 Kingsbury road, Chestnut Hill, last Friday in his 64th year.

Mr. Nye was born in Worcester, Feb. 11, 1852, and was graduated from Harvard College in 1884. For six years he was affiliated with the iron and steel industry. From 1890 to 1893 he was the manager of the Cumberland Manufacturing Company. In 1898 he became associated with the S. D. Warren Company, paper manufacturers, and in 1910 became a member of the firm. In 1886 he married Caroline Mortimer Etheridge of Boston, by whom he is survived. There is also a brother, Arthur E. Nye of Worcester.

Mr. Nye was a director of the S. D. Warren Co., the Arkwright Mutual Fire Insurance Co., and the Marble Nye Co., of Worcester. He was a member of the Union, Brookline, Country, Harvard and Exchange Clubs.

Services were held at his late residence on Monday. Rev. Louis W. Rogers of the Church of the Redeemer, Chestnut Hill, officiating, and the burial was at Mt. Auburn. The mills of the Warren Company in Maine were closed during the time of the service at Chestnut Hill.

HOWE-FRASER

Last Saturday was the wedding day of Miss Esther L. Fraser, daughter of Mr. and Mrs. Gilbert F. Fraser of Central street, Auburndale. On that day she became the bride of Mr. Wallace L. Howe of Worcester, formerly of Watertown.

The ceremony took place at the home of the bride, and was performed by the Rev. Edward C. Camp of Watertown. Miss Marjorie O. Fraser, sister of the bride, was the maid of honor, and Mr. Alvin Patterson of Boston, formerly of Watertown, the best man. The bride wore a gown of white georgette crepe trimmed with Spanish lace, and her veil was caught with orange blossoms. She carried a shower bouquet of white roses and sweet peas.

The maid of honor wore orchid canton crepe, and carried lavender sweet peas and yellow Marguerites.

A reception at the home of the bride's parents followed the ceremony, the house being decorated with palms and pink roses, with a center piece of lavender sweet peas and yellow Marguerites. Music by the Misses Horton of Arlington added to the enjoyment of the occasion.

The groom is a graduate of Mass. Institute of Technology.

CARPER-SMYTH

A home wedding, at which only immediate relatives were present, took place Wednesday, June 11, at the residence of Mr. and Mrs. Winfield Scott Smyth, Newtonville, when Miss Beatrice Slot Smyth and Mr. Gerald Irving Carper were united in marriage by the Reverend Doctor William E. Strong.

Mrs. Carper's engagement was announced in January. The wedding had been planned for a later date, but the young couple decided to marry at once, in view of the long absence of Mrs. Carper's parents, who are about to leave on an extended visit to the Far East. Mr. Carper, who is the son of John Irving Carper of Denver, is a graduate of the Massachusetts Institute of Technology, Class of 1923. He received his master's degree from that Institution this June. He is connected with the Boston office of the General Electric Company. After the wedding trip, the bride and groom will occupy the parental residence on Newtonville avenue, until Mr. and Mrs. Smyth return from abroad.

FLAG DAY

The Flag Day Exercises are to be held on June 15th, at the Community Theatre at Newton. The Orator of the Day is William Dooley Powers, P. E. R. of Lynn Lodge of Elks, Mayor Edwin O. Childs will give the tribute to the flag. Miss Bessie Cooney of Newton Lower Falls will represent Betsy Ross. Music by the Unity Quartet of Boston. Flag raising which will take place at this time will be in charge of Capt. Thomas Hickey assisted by members of Co. H. National Guard.

Invitations have been extended to all patriotic organizations of the City with the hope that they will be represented at these exercises.

No tickets are required for admission and a general invitation is extended to the public to attend.

MOTHERS' REST NOTES

The first party for the season of 1924 arrived at The Rest in Needham Heights on Wednesday, June fourth. Those from Boston were met in the South Station by Mrs. Elias Bishop, who guided them by train to Needham—thence by bus to The Rest. The party numbers 17 mothers and 38 children, not quite the full quota because of the difficulty of mothers leaving their families during the school term. Applications for later parties have been so numerous that scores cannot be considered.

The greatest joy of those fortunate enough to return a second season seems to be the privilege of being with Mrs. Taylor (matron) the happy comfort of the camp being secondary. For 14 years Mrs. Taylor has made these weary mothers not only physically comfortable, but has revived their spirits with her service of helpful understanding and encouragement. That a guest of this first party, who had to leave after three days because of conditions at home said that, despite her sadness at leaving, she had been so mentally and spiritually refreshed that she felt she could go back and "carry on" physically even after three days.

Rev. Chas. O. Farrar of St. Paul's Episcopal Church of Newton Highlands conducted the Sunday services, June 8th, at 4 P. M. Miss Betty Fitchchild played the piano for hymn singing.

Several baby carriages are needed very much. Anyone wishing to donate one, please call up Mrs. Bonner, Centre Newton 2238.

A happy evening with music, dancing, games and general good time was arranged for Friday, June 6, by Mrs. R. A. Thayer of Newton Centre as hostess, assisted by Miss Helen Mumford with the piano and Mrs. J. W. Merrill with her voice. Refreshments, games, Virginia reels, hearty songs gave real spirit to the occasion.

Guests are welcome at The Rest at any time, and members of the association are urged to visit the camp sometime during this summer, and know first hand of the work being done.

NEWTONVILLE IMPROVEMENT ASSOCIATION

The annual meeting of the Newtonville Improvement Association was held on Thursday evening, June 5th, at the parish house of St. John's Church, Newtonville. A large and enthusiastic gathering of members was present.

At the business meeting, President H. W. Orr reviewed the work of the Association during the past year, and Mr. Zoller, of the membership committee, reported that two hundred and fifty-two new members had been secured in the past ten days; the membership of the Association being thus doubled.

The following officers were elected for the coming year: President, Augustus L. Wakefield, 55 Prescott street; vice-presidents, Albert M. Lyon, Rev. Richard T. Loring, William H. Zoller; secretary-treasurer, Fred C. Alexander, 87 Fair Oaks avenue; executive committee, the above officers and the following persons: Charles C. Balcom, Charles D. Cabot, Harry D. Cabot, Ray, J. P. Huntington, James C. Jewin, Charles D. Koppe, George R. Kraber, Clarence G. McDevitt, Ernest L. Miller, Lewis E. Moore, Horace W. Orr, John R. Prescott, Donald E. Rust, George H. Tracy.

It was also voted, on motion by Mr. McDevitt, that the executive committee be allowed to increase its own membership during the year, by not more than five.

Following the business meeting, Dorothy Petersen, of Boston, sang a group of songs. In the absence of General Alfred F. Foote, Commissioner of Public Safety for Massachusetts, Colonel Norton of the Department gave a highly interesting talk on the work being done under the direction of General Foote, which includes State inspection of all kinds, as well as supervision of the State Police.

After another delightful group of songs by Miss Peterson, who was accompanied by Mr. Ernest W. Harrison, refreshments were served in the basement of the parish house.

LEGION FIELD DAY

Everything is "all set" for the first annual field day of Newton Post 48, American Legion, to be held at Claffin Field, Newtonville tomorrow afternoon and evening.

Maj. Gen. Clarence R. Edwards, "Daddy of the Yankee Division" and Mayor James M. Curley of Boston will be special guests of the day. Great interest has been manifested in the baby show to be held in the afternoon, at which "Baby Newton of 1924" will be chosen. Mayor Edwin O. Childs is chairman of the judging committee and he will be assisted by two prominent doctors. Red Cross and District nurses will aid the judges and the mothers in taking care of the children.

The sham battle at night promises to be the biggest event of its kind ever witnessed in this section. The battle will start shortly before dusk, so that daylight and night features may be included.

Dancing afternoon and evening on two large dancing floors, with a first class orchestra supplying the music, will be offered. In the afternoon there will be several varieties of games for the boys and girls.

The Auxiliary to the post will be in charge of the various refreshment booths. Several novelty booths will also be in operation.

The proceeds of the field day will be devoted to equipping a free bed at the Newton Hospital for the use of needy service men in the city. As time passes the need for such a bed is becoming more imperative, and it is hoped, for this reason, that the affair will be supported by every person in Newton.

LODGES

—Garden City Grange will hold a picnic at Lake Walden on June 27. Mr. Charles Goodwin of Bellevue St., has charge of transportation. Mrs. Edward Pitt, Mrs. Helen White, and Mr. and Mrs. Wendall Smith are on the Committee.

BRAY MEMORIAL

(Continued from Page 1)

service and character of such rare merit, that to all our citizens may thus be extended a knowledge of the fine quality of Mr. Bray's contribution to the lasting welfare of this pioneer institution.

None can know the extent or value of the benefactions Mr. Bray contributed to this hospital. He gave not only of his means without stint; with unbounded generosity he gave himself in the higher type of unselfish devotion few may attain.

Such lives are perennial: like time, they have no end.

The exercises opened with an invocation by the Rev. Dr. J. Edgar Park, after which Miss Mary M. Riddle, a former superintendent of the hospital paid her personal tribute to Mr. Bray and unveiled the tablet, being assisted in the unveiling by Miss Lorna Morash, one of the hospital nurses. The tablet being unveiled, two nurses, Miss Elizabeth Miller and Miss Kathryn Prior placed before it two sprays of flowers and Miss Elizabeth Keever, for Mrs. Bray, placed before it a basket of flowers. The choir of nurses sang "How lovely are the messengers of peace," the Rev. Dr. Park delivered the memorial address, the choir sang "Hark, hark my soul, angelic songs are swelling," and then Dr. Park dismissed the company with a benediction.

Miss Riddle in her address before unveiling the tablet said:— It is fitting that a tablet commemorating a large part of the life and work of William Claxton Bray should be given a place among the archives of this hospital, for here he labored unceasingly until the very last in those efforts that were to make it a most every nurse and employee in the community, and an instance of what a private institution may be to its city.

He apparently did his work here, because work was a habit with him and he could not refrain, and because the work was essential. He was interested, therefore it was done with a will and well done; indeed he was anomalous for his times. His industry and thoroughness, with their co-existent perseverance were the admiration of his associates, the marvel of those more remote, and an example to all people.

His steadfastness was exemplified by the regularity of his weekly visits, which, falling on Sunday afternoons, were made without failure to the hospital in general, and to those particular patients who expressed a wish to see him, or to whom he thought duty called.

He knew and greeted by name almost every nurse and employee in the hospital, and his associates here were always under the spell of his courtesy and kindness which had a particular grace and constant influence.

Loyal to country and friends and magnanimous toward critics with the "Charity that suffereth long and is kind"—this silent man went about his self imposed tasks in the Newton Hospital for more than a score of years. How well he wrought history will prove, but he invariably estimated the future good of the institution and its value to the community in every thing he did for it, and in every principle he advocated.

Unyielding, but respectful toward an opposition, with never a derogatory word for it but with a willingness to accept its good, he pressed on, and on and on until, overtaken by a prostration which even his great force could not conquer, he passed to the Great Beyond last August, the 19th.

He died as he lived, quietly, and without tumult. His falling hands threw the torch to those who were to follow, and they will not fail, they have taken it up, they grasp it firmly, they hold it aloft and light the way.

The flare of trumpets and the blazonry of artillery could not appropriately accompany any service in his memory, but a remembrance of him will live forever in the hearts of his friends, and this tablet erected by his peers will tell in the future with simple expressive dignity of the man that was faithful to his trust as he comprehended it.

"William Claxton Bray. In grateful recognition of his devoted and meritorious service to this hospital."

The Rev. Dr. Park's memorial address was as follows:— The art of life consists in growing a self worth while, and then being yourself. Most of us fail in one or other of these ways. Either our real self is so poor an affair that it is not worth being, or we have never discovered ourselves and are trying to be somebody else.

The great joy of Mr. Bray's life is that he did good effectively in his own way. He discovered something that needed to be done, that no one was doing, that he liked to do, and he forgot himself in doing it. Years ago he was a patient in the hospital and noticed how much was done for the patients, and as he put it, how little was done for the nurses.

The nurse gives of her skill and sympathy, she is expected to give, she is taken as a matter of course. She must be healthy, and happy, and cheerful all the time, and uncomplainingly be all things to all patients without a thought of self.

The idea came to him that there ought to be somebody in the city who, in an entirely unofficial way, would be a friend to the nurses of the Newton Hospital. I often used to think, as I saw his car coming and going to bring the nurses on outings and excursions, how much of the praise must go to the members of Mr. Bray's family who so generously acquiesced in the sharing of everything that they had in this princely manner with the Newton Hospital.

Here was an original way of doing good. He was always ready to bear the responsibility and expense of new ways of bringing joy into the lives of the nurses by the recreation room, the outdoor tennis and basketball, the social and physical director, till these innovations had proved their value. The story of his care for nurses and students who were ill, of fares paid to send those who needed a rest home, of the flowers which never failed to come to those who were sick, and

of the hundreds of minor attentions, will never be told but will be remembered in hundreds of hearts forever.

Mr. Bray lived for years among us and liked to have his influence hidden, a measure of the genuine leaveth of kindness in this city which helped to "leaven the whole lump."

If the spirit of this hospital today has less of the inevitable impersonality of an institution, and more simple human kindness than many we have known, much of this magic was imparted to it by its touch with its president, Mr. Bray, whose spirit was caught by those with whom he worked. His influence has been one of the best things in the life of our city all these years. There is not a village and hardly a home that has not been touched by it. He gave his time, his means, himself to make this hospital a healing influence for the assuaging of pain and the saving of human life.

I know that he would like to have us stop talking about him now. He would like us to look around upon these buildings and grounds which he helped to bring into being, and his word to us, could our dull ears but hear, would be, "Carry on."

Generations yet unborn may pause before this tablet, arrested by the simple sincerity of its inscription. But how little can they know of all the hours of labor and the lifetime of love which it represents. There is no earthly reward for such service; by reward must be in his own heart. In the high pride in their profession, with which this school of nurses inspires its graduates, in every sufferer's gratitude for cure and care and human sympathy, in the beauty of the lawns and shrubs and trees around this hospital, and in the fairness and soundness of its methods,—in these things is his memorial.

Surely he is not very far from us now, glad in our remembrance of him and pointing us on to finish his work, to build here the hospital that should be,—the hospital of his dreams.

STORES TO CLOSE

Bunker Hill Day, which falls on Tuesday of next week, June 17, will be observed in accordance with a custom throughout Metropolitan Boston with a general closing of stores and the curtailment of business hours in the stores and offices where the character of the business transacted requires remaining open for some part of the day.

While Bunker Hill Day is not a legal holiday, in the common sense of that term, it is always recognized in that way in Boston and the various cities and towns of the Metropolitan District. Boston stores close for the day and—in common with other communities—Newton, Waltham, and others in this section have recognized the day in the same way.

The matter was recently considered by the Mercantile Committee of the Newton Chamber of Commerce, which voted that a recommendation be made to all stores of the city that they remain closed all day.

AT SANDY BURR

On Tuesday last the first afternoon tea at the "Sandy Burr" Country Club was inaugurated. The hostesses for the occasion were Mrs. Frank Deland of Waban, Mrs. Cecil B. Atwater of Natick and Mrs. Augustus E. White of Chestnut Hill. The day was spent in golf, whist and Mah Jong parties. Prizes were offered for the various sports and games. The afternoon tea was poured, and the fifty odd ladies voted it one of the finest days on the calendar.

Next parties are to be renewed on each second Thursday during the summer.

PUT ON HONOR

Scores of leading Boston concerns just tell the McLellan Awning and Shade Company to go ahead and do the desired work. In 37 years of business the firm has established a reputation for reliability, honesty and fair dealing in their awning and shade business. All McLellan goods are made and sold on honor. McLellan Awning & Shade Co., 8 Canal street, Boston, telephone Hay. 150-151.

THE ROTARY CLUB

District Governor Dan Sullivan of Fall River was the guest and speaker at the regular weekly meeting last Monday of the Newton Rotary Club at the Newton Clubhouse.

Plans were made for the summer outing to be held tomorrow and Sunday at Joseph W. Crowell's camp in Buzzards Bay.

Beginning next week the weekly luncheon will be held on Mondays at Norumbega Park restaurant.

Newton Centre

—Miss Margaret W. Gates is one of the graduates of Mt. Holyoke College this June.

—Mr. and Mrs. Manning A. Williams leave for their summer home at Scituate today.

—Mrs. E. S. Brightman and family of Braintree avenue are at Oak Bluffs for the summer.

—Mr. and Mrs. John Norton of 92 North street, rejoicing in the birth of a daughter.

—Mr. E. P. Stratton won first place last Saturday in the handicap tournament at Brae Burn.

—Mr. and Mrs. Charles E. Macy of Bloomsfield, N. J., are visiting relatives on Ward street.

—Next Sunday morning Dean Athearn of Boston University will speak at the First Church.

—For your wedding photographs call Newton North 1727-M, Lila J. Perry, Newton.

—Mr. William R. Cording and family have taken the Cyrus Bates House on the Jerusalem road, Nantasket, for the summer.

—Box 714 on Tuesday was for a fire in a Ford Sedan owned by John H. Woods of 76 Dickerman road while on Summer street, near Ward street.

—Mrs. R. M. Stetson, who received all the prizes offered last week by the Mass. Horticultural Society for pelargoniums calceos.

—Mrs. Florence McGourty and Miss Nora Mahoney were delegates to the State Convention of the Mass. Catholic Club held last Saturday at Hotel Bellevue, Boston.

—Mr. and Mrs. Sidney R. Porter of Taunton, conducted a party of 40 members of the Appalachian Mountain Club at Camp Kiwanis, South Hanson, Mass., recently.

—Many young people of the First Church attended the "Godspeed Service" at Union Church, Boston, last Sunday. This is a farewell service for the young missionaries.

—Miss Lucy Ellis Allen and Miss Keefe sail Saturday from Montreal on the White Star "Argatic," for three months of travel to study in England, Switzerland and Holland.

—Union services will be held in the First Church on July 6, 13, and 20; in the Methodist Church on July 27, August 3, 10; and in the First Baptist Church on August 17, 24, 31 and Sept. 7.

—The Unitarian Church School is to have a picnic at the home of Mr. and Mrs. A. L. Lewis on Dedham St., opposite the Charles River Country Club on Saturday. Autos will meet at the church at 1.30 P. M.

—Services were held last Saturday for Mrs. Josephine Hall Werner, widow of Dr. Julius D. Werner, who died last week Wednesday at the home of her daughter, Mrs. Vincent P. Roberts of Chestnut Hill. Mrs. Werner was of an old Boston family, and was for many years a contralto singer in Catholic Churches in Boston. A requiem mass was held in the Sacred Heart Church.

—Rev. Charles F. Weeden of Glen avenue is to preach during June at the North Congregational Church, Portsmouth, N. H., while the pastor, Rev. H. Thayer, D. D. is overseas. Dr. Weeden is to preach at Park St. Church, Boston, next Sunday evening, June 15, at 7 P. M. Other supplies during the summer include Union Church, Providence, the Union Chapel, Siasconnet, Nantucket, at Plymouth, Worcester, Lowell and Auburndale.

—Mrs. Annie C. Snow, widow of Alpheus W. Snow, died last Saturday at her home on Pleasant street in her 74th year. Mrs. Snow was born in East Orleans, Mass. She has lived in Newton about thirty-six years. She was a member of the Unitarian Church and of the Newton Centre Woman's Club. She leaves a brother, Mr. John Linnell of Newton Centre, and a niece, Mrs. James Butler Studley of Newton Highlands. Services were held at Orleans.

—William Arduriano, of 391 Langley road, sustained contusions and lacerations of the body late Saturday when he was struck by the automobile patrol of the Hanover street station and jammed against a building at North and Richmond streets, Boston. The driver of the automobile patrol lost control of the machine when it skidded on the wet pavement. It was returning to the station with a prisoner. The machine went up on a sidewalk and was badly damaged.

—Among those receiving degrees this month from Mt. Holyoke College is Miss Margaret W. Gates, daughter of Rev. Herbert W. Gates of 38 Kenwood avenue. Miss Gates' major work in college has been done in the department of economics and sociology, and her minor in English. During the past year she served as chairman of Brigham Hall, one of the large residence halls. She has also held the positions of secretary to the Mount Holyoke College Community, chairman of the executive committee of the college Forum, member of the executive committee of the class of 1924, and class treasurer. She took part in the junior show given by her class, and is a member of its basketball team.

THE MOTHERS' REST

At a meeting of the Mothers' Rest Association of the City of Newton, Inc., held on Wednesday, June 11th, at 8 P. M. in the vestry of the Baptist Church, Newton Centre, with Mrs. H. H. Kendall, the president, presiding, the Association voted to accept the offer of Mrs. W. H. Carter of \$15,000 for the property in Needham Heights now owned by the Mothers' Rest Association; also to purchase for \$5675 a property of approximately 1½ acres on Brookline street, Oak Hill, owned by Mrs. W. M. Mick, and to erect necessary buildings thereon. It was voted to leave building plans in the hands of the board of managers of the Association.

LADIES' KENNEL ASSOCIATION

The 21st annual all-bred dog show of the Ladies' Kennel Association of Massachusetts, the oldest kennel club in America, will take place tomorrow at Norumbega Park, Auburndale, and in accordance with the custom of the organization in turning over the proceeds to some charity, this year's profits will be given to the Holy Ghost Hospital for Incurables, Cambridge.

ASK ONE OF OUR PATRONS

No. 10194
Commonwealth of Massachusetts.
LAND COURT

To the City of Newton, a municipal corporation located in the County of Middlesex and said Commonwealth; William S. Burke, Michael F. Turner, Maude W. Appleton and Mabel S. McLean, of said Newton; Edith F. Cushing, of Cambridge, in the County of Middlesex and said Commonwealth; and to all whom it may concern:

Whereas, a petition has been presented to said Court by Julia E. Stevens, of Norwood, in the County of Norfolk and said Commonwealth, to register and confirm her title in the following described land:

A certain parcel of land with the buildings thereon, situate in said Newton, bounded and described as follows:

Easterly by Winslow Road, 60 feet; southerly by land now or formerly of Edith S. Cushing, 150 feet; Westerly by land now or formerly of William S. Burke and Maude W. Appleton, 60 feet; and Northerly by land now or formerly of Michael F. Turner, 150 feet.

Petitioner claims as appurtenant to the above described land a right to use said Winslow Road for all purposes for which a street or way is commonly used.

The above described land is shown in a plan filed with said petition and all boundary lines are claimed to be located on the ground as shown on said plan.

You are hereby cited to appear at the Land Court to be held at Boston, in the County of Suffolk, on the twenty-third day of June A. D. 1924, at ten o'clock in the forenoon, to show cause, if any you have, why the prayer of said petition should not be granted, and unless you appear at said Court at the time and place aforesaid your default will be recorded, and the said petition will be taken as confessed, and you will be forever barred from contesting said petition or any decree entered thereon.

Witness, Charles Thornton Davis, Esquire, Judge of said Court, this twenty-seventh day of May in the year nineteen hundred and twenty-four. Attest with Seal of said Court.

[Seal.]
CLARENCE C. SMITH, Recorder.
May 30-June 6-13

Commonwealth of Massachusetts.
Middlesex ss.

To the heirs-at-law, next of kin, creditors, and all other persons interested in the estate of

Frank W. Pray
late of Newton in said County, deceased, intestate.

WHEREAS a petition has been presented to said Court to grant a letter of administration on the estate of said deceased to Thornton C. Pray of Scituate in the Commonwealth of Pennsylvania without giving a surety on his bond.

And whereas said petition is directed to give public notice thereof, by publishing this citation once in each week, for three successive weeks, in the Newton Graphic newspaper published in Newton the last publication to be one day, at least, before said Court.

Witness, George F. Lawton, Esquire, First Judge of said Court, this sixth day of June in the year one thousand nine hundred and twenty-four.

CHARLES N. HARRIS, Register.

How Much Have You Already Paid in Rent?

Just take your pencil and figure it out. If you have been renting for several years the total you have paid to the landlord is going to startle you and especially when you remember a home, you would now have something worth while to show for it.

It isn't too late to begin now, or if you are just starting out in life, don't you are just starting out in family life, don't make the mistake of paying rent to someone else. PAY IT TO YOURSELF and in ten to fifteen years from now you will be the proud owner of a FULLY PAID FOR HOME.

Let us show you how to do it and start you on the way.

—Mr. and Mrs. Frank H. Perry are being congratulated on the birth of a son, Robert Marston Perry.

—Mrs. George D. Byfield of Eldredge street, has returned to her home after an absence of several months.

—Mr. and Mrs. Miner Robinson of Park avenue are leaving this week for their summer home at Weirs, N. H.

—Inside and outside painting by experienced men. Deagle & Anselm, Newton North 4539.

—Advertisement.

—Mrs. William B. Clarkson, of Schenectady, N. Y., is visiting her father, Mr. Frank E. Perkins of Oakleigh road.

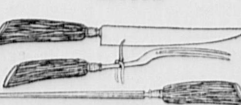

—Next Sunday at Eliot Church, Rev. Henry H. Tweedy, D. D., of Yale, will preach on Sunday, June 22nd, Rev. Richard C. Raines will preach, and on June 29th, Bishop L. J. Bierney, D. D., will preach.

—About forty-five attended the Channing Church Sunday School picnic last Saturday at Stony Brook. A program of games, including baseball, and races of various kinds made the occasion an enjoyable one for the young people. Robert Rees and Mary Moody were in charge of the games.

—This week marks the close of the Sunday School work at Eliot Church. On Tuesday, The Junior Department had a picnic, on Wednesday the Annual Social of the Home Department was held, on Thursday the Annual Party of the Primary Department was held on the grounds of Mrs. Marcy and Mrs. Day, and on Saturday the Annual Supper of the Intermediate and High School Department will be held at 6.30 P. M. There will be reports, election of officers, and games.

—Following a very delightful custom at Vernon Court of having all whose birthdays come within the month celebrate their birthdays at a monthly birthday party, a party was held on Wednesday night at Vernon Court for the following: Mrs. C. H. Clifford, Mrs. William H. Lucas, Mr. C. S. Chapney and Miss Florence Chapney, Mrs. William Woodruff, Andrew Titcomb, Mr. Stephen Holmes, Mrs. Edward P. Tuttle, with Bobby Holden as a special guest. The tables were beautifully decorated for the occasion. There was a birthday cake, a Jack Horner pie and gifts and favors. On Wednesday evenings and Sunday noons there is to be special music at Vernon Court.

Miss Peterson will be at the University of Grenoble this summer and will spend the winter at the Sorbonne in Paris.

WEST NEWTON NEIGHBORHOOD HOUSE

Mr. Martyn took the boys of the "Live Wire" Club on a sight seeing tour in Boston yesterday. The following boys went: Frances Gorgone, Joe Rizzo, Sam Rizzo, John Mulligan, Tony Moncusio, Joe Clancey, Arthur Mulligan, Besillo Gorgone.

The June meeting of the Boston Social Union took place at the Neighborhood House Wednesday. Mr. Robert Wood, president of the Social Union, presided, and Mr. Arthur Dunham of the Newton Central Council was the speaker. About thirty-five people attended the meeting.

The exhibition and fair last Saturday was well attended. In the boys' contests, races, etc., the following received prizes: Albert Cavallo, Charles Cavallo, Joe and Sam Rizzo. The prize for the girls' foot race went to Bessie Buckley. Three prizes, each a doll, were awarded in the doll carriage parade, 1st, Theresa Gentile; 2nd, Frances Noon, and 3rd, Lorraine Ford.

Mary Manning, Lillian McCarthy, Anna Manning and Greta Gorgone, four girls of Miss Davis' class in bead making, went to Boston Tuesday, and were entertained by Miss Davis in her rooms at the Dormitory for Women at Boston University School of Social Service. They also visited the State House.

R. L. S. HAD WRITER'S CRAMP

Yet Robert Lewis Stevenson's Laborious Copying of Manuscripts Kept Him Alive.

All Stevenson's creative work was done in the morning, though in those days before typewriters an author had an interminable amount of writing to do that was merely copying, and involved no mental effort.

The writers of today never have "scrivener's cramp," which pursued R. L. S. all his life, and which caused him often to hold his pen between his second and third fingers when the index finger was useless.

His preference was for white, ruled foolscap paper chosen because it approximated in his writing to a "Cornhill page" of five hundred words. His first essays had been taken by the Cornhill Magazine, and its page established for him a measure of computation. He calculated the length of all his work in "Cornhill pages" long after he had ceased all connection with the magazine itself, and indeed as long as he lived.

I think he found rewriting a very soothing pastime, and would not have thanked anybody for a mechanical shortcut; it was an equivalent and a much pleasanter one for the knitting and bead stringing that doctors nowadays so often enforce on their patients; and it had the agreeable quality that he could pause as long as he liked over a word or a phrase that was not quite to his liking, and polish endlessly.

Those who criticize R. L. S. for his excessive particularity are mistaken in their judgment. It was this rewriting and polishing that helped to keep him alive.—Lloyd Osbourne in Scribner's Magazine.

SABER TOOTH LONG EXTINGUISHED

Tigers Had Upper Canines Which Prevented Them From Eating Only Small Amount of Flesh.

The saber-tooth tiger, which seems to have become extinct at about the time of the beginning of the Glacial period, had upper canines which in some cases are said to have been five or six times as long as the neighboring teeth, and hence were called "saber-teeth."

The animals became extinct because the great canines had overgrown their usefulness, and became a hindrance instead of a help to them in getting a living.

The canines finally became so large that the animal could not open its mouth wide enough to make use of them in biting, and the space between them would admit none but a very small piece of meat to enter, even if a large piece could be torn away.—Detroit News.

He Could Hold Them.

A christening ceremony was taking place in a church in a mining district. The infant wore a resplendent bonnet which, when the critical moment arrived, the mother found some difficulty in removing.

With the eyes of the congregation on her, the mother became flustered and her attempts to remove the bonnet and hold the baby at the same time looked as though they would end in the baby being dropped on the floor.

The clergyman turned at last to the father, a powerful looking man.

"Can you hold the child?" he asked sharply.

The man looked at the clergyman, who was rather diminutive, very disdaintfully.

"Hold him?" he whispered fiercely. "Man, I could fling him over the church, and you, too."

Quartz in Photography.

It is well known that pure quartz glass possesses the property of transmitting, very abundantly, the so-called chemical rays of light, by means of which photographic effects are produced, and it has often been attempted to make photographic plates of quartz alone. Unfortunately, quartz also possesses the property of double refraction, so that, unless the opening of the lenses is very narrow, good images are not produced. A French optician, E. Morin, is reported to have succeeded in making small photographic lenses of quartz glass in which some of the difficulties have been avoided and the lenses show great rapidity of action.

Down.

They were discussing ways and means of getting down off an elephant. "Well, how do you get down?" asked Bob. "You climb down, of course." "No," replied his friend Tom. "Well, you grease his sides and slide down," suggested the other. "Wrong again," insisted Tom. "Then you take a ladder if one is handy and get down?" was the next suggestion.

"No." "Well, you slide down his trunk." "No, you ass; you don't get down off an elephant. You get it off a duck."—Kansas City Times.

The Rising Artist.

The class had been told to draw a picture of a river, with two figures sitting on the bank. Going round the class the teacher came to a boy who had finished his drawing. She looked at his paper and was surprised to find only a river.

"Why, Jack," she said, "where are the two people I told you to draw?" "Well, you see, ma'am," he answered. "I'm not very good at drawing people, so I put up a notice; 'Trespassers will be prosecuted.'"

DEATH OF MR. BARBER

Following a long illness which has confined him to his home for some time, Mr. J. Wesley Barber, the well known advertising man and head of the J. W. Barber Advertising Agency, and the dean among Boston advertising men, died yesterday noon at his home on Summit street, Newton.

Mr. Barber was born at Tuftonborough, N. H., on Aug. 28, 1848. He was descended from ancestors who were identified with the Mayflower and forebears who fought in the Revolution. At eleven years he was sent to school at Newbury Seminary, but only for a short time. At thirteen he went to Lancaster, N. H., where he combined studies with duties as the postmaster's assistant in the store of Royal Joylin. It was there that he first met George P. Rowell, who was a native of Lancaster and spent his vacations there. At sixteen he left Lancaster to "prepare for college at Tilton, N. H., but he did not long remain, however, agreeing to spend his summer vacation with George P. Rowell and Horace Dodd, then doing business as advertising agents at Boston, under a limited two years' partnership as George P. Rowell & Co. In April, 1867, at the dissolution of his partnership, Mr. Barber decided to remain with Mr. Dodd at Boston instead of going to New York, whither Mr. Rowell removed. He remained with the Dodd's Agency for many years. Thirty-four years ago Mr. Barber started the advertising agency that bears his name.

Up to several years ago, Mr. Barber had been prominent as a member of the Appalachian Mountain Club, and always an ardent devotee of the outdoors in general, and mountain climbing in particular. During the last few years he had been engaged in promoting the interest of all those who love the outdoors by founding the National Recreation Society, to provide a point of contact between the motor tourist and camper.

Mr. Barber is survived by a son, Harold F. Barber of Dover, who is the vice president and for the last eighteen years manager of his father's company, and a daughter, Mrs. Herbert H. Waller of Newton. Mr. Barber was a member of the National Arts Club of New York, the Boston City Club, Appalachian Mountain Club, Dalhousie Lodge of Newton and Gethsemane Commandery.

Funeral services will be held in the Newton Methodist Church Sunday afternoon at three o'clock.

JUNIOR PUPILS GIVE RECITAL

At the residence of Mr. and Mrs. Clarence C. Colby on Farlow road last Saturday afternoon, the junior pupils of Mrs. Frederick W. Whiting gave a piano recital that was much enjoyed. A most attractive program was contributed by the following:

TERMS, \$3.00 A YEAR

NEWTON HIGH SCHOOLS CLOSE

Graduation Exercises at Classical and Technical Schools.
Mr. S. Warren Davis Retires From Service

Technical High School

The graduation exercises of the Technical High School, held last Friday afternoon, were marked with an appreciation of the services of S. Warren Davis, who retires this year on account of age limit after 44 years as head of the Latin department.

Mayor Childs presented Mr. Davis with a purse of \$250 from the senior class and one of \$100 from the faculty.

A tribute was also paid to former headmaster Enoch C. Adams, for 25 years master of the school, by Howard Whitmore, Jr., president of the senior class, who presented to the school a bronze memorial tablet.

Numerous scholarships and prizes were awarded during the afternoon. The Meserve Fund scholarship was awarded John Tudor Bowen, who has elected to enter Cornell.

The Auburndale Woman's Club Scholarship went to Rachel W. Palmer; those of the Community Club of Newton to Irene W. Gallagher and Lois W. Cone; the Newtonville Woman's Club prize was awarded to Marion Maxim; that of the Newton Highlands Woman's Club to Louise W. Dyer; the Newton Centre Woman's Club award was given to Elizabeth W. Plimpton, and the prize offered by the Social Science Club of Newton to Elizabeth Marcy.

The exercises opened with a salute to the flag; singing by the seniors and prayer by Rev. Albert D. Parker. (Continued on Page 3)

Classical High School

The graduation exercises of the Newton Classical High School, held last Friday afternoon, were marked with an appreciation of the services of S. Warren Davis, who retires this year on account of age limit after 44 years as head of the Latin department.

Mayor Childs presented Mr. Davis with a purse of \$250 from the senior class and one of \$100 from the faculty.

A tribute was also paid to former headmaster Enoch C. Adams, for 25 years master of the school, by Howard Whitmore, Jr., president of the senior class, who presented to the school a bronze memorial tablet.

RECEPTION TO MR. DAVIS

An informal reception to which all his former pupils and friends are invited will be tendered Mr. S. Warren Davis at the Classical High School this evening at eight o'clock.

Mr. Davis, who retires from the faculty of the Classical High School with the present term, has given nearly 44 years to instructing the youth of this city.

His record is as follows:—Graduated at Newton High School; graduated at Harvard College, class of 1877; 1877 to 1878 taught in University of Vermont; 1878 to 1880 taught in Newton High School; 1880 to 1881 post graduate work at Harvard; 1882 and 1901 teacher of Latin and Greek in Newton High School; 1901 to 1902 High School, New York City; 1902 to 1924 teacher in Newton High School.

CITY OF NEWTON

Notice is hereby given that the Board of Aldermen will give a public hearing at City Hall, on Monday, June 24, 1924, upon proposed amendments to Chapter XXXII of the Revised Ordinances of 1922, viz:

Amendment of Section 574 by vesting in the Board of Aldermen instead of the Public Buildings Commissioner authority to act in the case of lots of peculiar size, shape or physical contour, particularly as to area and set back lines.

Amendment of Section 565 to allow greater height of buildings than fifty feet, or in other respects to amend said section.

At this hearing an opportunity will be given to objectors or others to be heard upon the proposed amendments.

Attest: FRANK M. GRANT, City Clerk.

—Advertisement.

NEW TRAFFIC REGULATIONS

The traffic regulations as approved by the board of aldermen require all slow moving vehicles to keep as close as possible to the right hand side of the road. Drivers must give proper signal when stopping, turning, starting or backing. Vehicles must not stop or stand within the intersection of streets, on any bridge, within 10 feet of a car stop pole, within 10 feet of a hydrant, or within 10 feet of the entrance to churches, schools, theatres, assembly halls, or private right of way.

No vehicle shall follow within 300 feet of a piece of fire apparatus, nor approach within 600 feet of any fire apparatus at a fire.

Police officers are given authority to direct traffic when necessary to prevent congestion or promote safety or convenience and may move any vehicle left on any street in violation of the rules.

No vehicle shall stand within the areas designated in this section for a longer consecutive period than thirty minutes.

Beacon Street—South side from Langley road to Centre street; south-east side from 1530 Beacon street to Waban avenue.

Centre Street—From Watertown line to Centre place.

Chestnut Street—From Boston and Albany Railroad Bridge at Davis street to Washington street.

Commonwealth Avenue—South side of south drive from Centre street to Reed Court.

Hall Street—Southwest side.

Peabody Street—Entire length.

Washington Street—North side from Boston and Albany Railroad Bridge at Charlesbank road, to Bacon street.

Washington Street—South side from the said Railroad Bridge to Hall street; north side from Elm street to Cherry street.

No vehicles shall stand within the areas designated in this section for any period longer than necessary to take on or discharge its passengers or load.

Auburn Street—South side from Grove street to Boston and Albany Railroad Bridge.

Bacon Street—Entire length.

Centre Street—From Commonwealth avenue to point 50 feet south of Rice street.

Channing Street—West side.

Commonwealth Avenue—North side of South Drive throughout the city.

Elm Street—From Washington street to Border Street.

Elmwood Street—South side from Baldwin street to Centre street.

Hall Street—Northeast side, entire length.

Pearl Street—North side from Centre street to point opposite Pearl street.

(Continued on Page 4)

SUCCESSFUL FIELD DAY

It was estimated that close to 10,000 persons attended the field day and sham battle of Newton Post 48, American Legion held at Claffin Field, Newtonville on Bunker Hill day. Owing to the rain on Saturday the event was postponed until Tuesday.

The baby show in the afternoon drew large crowds of women and children. The sham battle at night literally swamped the field with patrons.

The baby show was divided into four groups. Baby James, son of Mr. and Mrs. Charles Mullen of Eden avenue, West Newton, won first prize in the group under one year old. Baby Elizabeth, daughter of Mr. and Mrs. Algernon McCarthy of 58 Margin street, West Newton was awarded the prize in the 1 to 2 years old class and Baby June, daughter of Mr. and Mrs. Samuel F. Nesbitt of 417 Albemarle road, Newtonville, won the prize in the 2 to 3 years old group.

The twin babies of Mr. and Mrs. Patrick Delaney of 60 Webster street, West Newton were awarded a special prize. They were Edwin and Evelyn, aged two. The judges were Mayor Edwin O. Childs, Dr. C. N. Brady of West Newton and Dr. Henry W. Godfrey of Auburndale. A corps of District nurses ably assisted the judges and mothers during the contest, lending a hand wherever needed. The nurses were in a large measure responsible for the smoothness with which the baby contest was conducted.

The sham battle was started just before dusk and the roar of artillery and purr of machine guns, intermingled with the steady rattle of Infantry fire awoke the echoes for miles around.

So great was the crush of onlookers that police officers on the grounds were forced to work hard and fast to clear the "battlefield." Hundreds viewed the spectacle from the grandstand while others aligned themselves around the field.

The proceeds of the affair will be devoted to installing a free hospital bed at the Newton Hospital for the benefit of needy service men.

In addition to the main attractions there were, of course, attractively decorated booths and refreshment counters in charge of members of the Auxiliary and other girl friends of the Legion.

N. H. S.

Miss Irene Haworth, Miss Helen White, and Miss Emily Bordon, three Classical teachers on leave, are now traveling in France and Italy, together. Miss Haworth, of the English department, has attended Oxford University, England, during the past year, while Miss White and Miss Bordon have been in France, continuing the study of that language. Next year these teachers will resume their duties "behind the desk."

CITY GOVERNMENT MEETS

Aldermen Adopt Traffic Regulations. Strong Remonstrance Against Closing Elm Road

The regular meeting of the aldermen last Monday evening lasted until 1:30 o'clock Tuesday morning, partly due to a recess for refreshments.

The chief interest of the session centered around the proposed new traffic rules which had been presented by the Traffic Committee.

After Aldermen Weeks had presented the proposed regulations, Alderman White stated there was danger in having these matters regulated by ordinance, which was too rigid for ordinary use, and not susceptible to needed changes. He favored asking the Legislature for authority to establish a Traffic Board to handle the matter.

These regulations, he declared, operate for 24 hours a day, when they are only needed for a few hours each day. He instanced congestion at the Brae Burn Club, the Newton Centre Woman's Club, Players' Hall, Newton Highlands Square on evenings and Saturdays and the various churches on Sundays, but carefully refrained from adding the Community Theatre, in which he is interested, to his list.

Alderman Weeks said that this matter had been under consideration for a year and a half, and a start should be made in order to give the police and the citizens the relief needed.

The regulations were then taken up section by section.

A long discussion took place on the matter of requiring parking on the right hand of the road. The committee had omitted this provision, and was somewhat criticized for its action. Alderman Weeks stated that this requirement was needed on few streets in this city that the committee did not deem it necessary.

Alderman Ball presented an amendment to require right hand parking, except where directed otherwise by the police, and this amendment was carried, after Alderman Weeks had tried in vain to except one way streets from its operation.

The 30 minute standing regulations also brought out considerable discussion, during which Alderman White, after stating his interest in the Newton Trust Company and the Community Theatre, was successful in having the regulation, so far as it applied to Washington street in the vicinity of those enterprises, cut down from Thornton street, as recommended by the committee, to end at Bacon street.

Mr. A. D. Claffin said this discontinuance was a serious matter to the whole neighborhood, and would constitute a breach of good faith. He protested against the whole matter, and particularly on the fact that he had not received a proper notice of the meeting.

Mr. A. D. Claffin said this discontinuance was a serious matter to the whole neighborhood, and would constitute a breach of good faith. He protested against the whole matter, and particularly on the fact that he had not received a proper notice of the meeting.

Alderman Weeks, in defending the committee in reporting Thornton St., said it had been done on account of protests from residents against the noise caused by the automobiles leaving the parking space. Alderman Ball, Earle, Fitts and Lloyd favored Bacon street, and the regulation was so amended.

The regulations were then adopted by unanimous vote.

Another matter of great interest was an informal hearing granted by the board on the proposed discontinuance of Elm road, in order to provide a site for the proposed new addition to the High School plant.

An attorney for Mr. Chas. M. Howell made as an effective address as it has been the privilege of the writer to hear for many years. He related the history of this street from 1893, calling attention to the fact that by the deeds, this street was to be laid out as a public highway "forever"; that the donation of the Claffin land to the city was made with the full knowledge of the donors that Elm road was a public street; that the city had no legal right to take land already devoted to public use, for another public use; that the abutters had purchased their property on the basis that Elm road was to be a street "forever"; that the right of the city to take land by eminent domain carried with it an obligation to protect every citizen so far as possible, and then closed with a brief but pointed reference to the fact that these abutters were entitled to damages if deprived of their right of way.

Alderman G. W. Pratt called attention to the fact that under the proposed consolidation of the High schools, where there were a dozen children crossing now from the Classical to the Technical High school, there would be, next fall, a hundred such pupils, and that the discontinuance of the road was based on the ground of safety. He also stated that there was no reason for immediate action on this matter.

Mr. A. D. Claffin said this discontinuance was a serious matter to the whole neighborhood, and would constitute a breach of good faith. He protested against the whole matter, and particularly on the fact that he had not received a proper notice of the meeting.

Partly Matured Shares

(Five years old or over)

May be purchased in almost any amount below \$8000. These call for monthly deposits of One Dollar per share. The rate of earning in this bank for the past twenty-five years has been

5 3/4 %

These Partly Matured Shares offer the ideal opportunity to invest a sum on hand, or to change money which is not earning as high dividends, where it will grow rapidly with regular monthly additions of principal and interest compounded quarterly.

NEW INSTALLMENT SHARES

(June Issue)

Each share costs \$1 per month. Any person may have up to 40, joint accounts 80. The ideal way to save. Shares withdrawn within five years of issue receive 85% of profits credited, after shares are five years old full value is paid.

SHARES CERTIFICATES

(Paid Up)

5 %

Cost \$200 each
Are non-Fluctuating
Always Cashable at \$200
Dividends Quarterly
Exempt State Tax and Federal
Normal Tax

These are a splendid investment for any one desiring Liberal Interest, Complete Safety, and Availability of cash when wanted, with no monthly payments to make.

THE SUCCESSFUL HOME

THE road of married folks who have not cultivated thrift is pretty surely bound to be a rough and rocky one. In the case of young married people, and even sometimes in that of older couples, the saying, "When poverty comes in at the door, love flies out of the window," holds true. Prevent this by opening an account to-day;—the results will surprise you.

The **EASY** Vacuum Electric WASHER makes any day wash-day—at your convenience

IT WASHES so quickly—in a fifth of the time a laundress could do it by scrubbing—and so easily, without any watching. By forcing the hot suds through the fabric the Easy washes thoroughly and yet with a gentleness that makes clothes last longer.

Any Edison customer can have an Easy right now by making a small first payment of \$10, and pay the balance on terms amounting to less than \$3 a week, payable monthly with the light bill.

EDISON LIGHT

Please give me full details about your Easy Washer offer—without obligation.

Auburndale

—Photographic Portraiture, Lila J. Perry, Bank Bldg., Newton.

—Miss Mabel Eager and Miss Florence Tower sailed on Wednesday for Europe.

—Edward V. McCarthy graduated from the Law School at Northeastern College this week.

—Dr. Guy M. Winslow of Lasell Seminary has been elected a trustee for five years for Tufts College.

—Mr. and Mrs. Harry J. Farrington of Vista avenue are leaving today for Moosehead Lake for the summer.

—At the meeting this week of the Bunker Family Association of America, Mr. Horace M. Bunker was elected a member of the executive committee and Miss Anne E. Bunker of Grove street read an original poem.

—Newton should be proud to boast of the only woman graduating from the biggest engineering school in the world with the degree of S. B. The young lady is Helen Hardy of Auburndale. A farewell party was given to her at the home of Mr. and Mrs. Raymond Sikes by the choir of the Church of the Messiah where Miss Hardy has been soloist the past winter. A very happy evening was enjoyed by all and was ended by wishing Miss Hardy all kinds of good luck in her new work in Newark, N. J., and she was presented with a traveling bag.

—The Newton Lip Readers' Club met last Saturday afternoon with Miss Allen on Washington street, for their regular session. Matters pertaining to the schools were discussed. A list of fourteen children, which is the result of a census taken in the schools, shows the need of a special teacher for hard of hearing children. It was stated that if these children should be sent to an institution or to private schools, the expense of the City would be very large, and such a course would take the children away from their homes and from their playmates and happier surroundings. A partial loss of hearing is a more serious loss than a partial loss of sight, and unfortunately it is a loss which is more likely to be permanent one, and to increase. To fit a pair of glasses to defective eyes is a simple matter, and does not mean that a person is going to lose his eyesight, and that he must begin to study Braille. By no means. But with deafness, there has not yet been discovered or invented any instrument which makes the voice sound natural, when the hearing is much impaired. Sound is not so easily managed. The deaf person, therefore, is obliged to use the sense of sight to replace the lost treasure, and this may be done and is being done more and more all the time. It is not fair to deaf children to send them out into the world without the best knowledge of lip reading we are able to obtain for them. No course in the public school could compare in importance with this one. Other cities have realized the importance of this study; it is being introduced in Boston at the present time, and the Lip Readers' Club desires to see a teacher installed in the Newton schools at the approaching fall term.

—Mrs. Gifford LeClear of Upland road is at Brewster for two weeks.

—Mr. and Mrs. Harry Tilton have gone to Plymouth for the summer.

—Mr. and Mrs. Walter F. Wyeth of Quindick road leave next week for Chatham.

—Mr. and Mrs. Guy McKinney are leaving for their summer home at Scituate today.

—Mrs. Joseph R. Chandler and family leave tomorrow for their summer home at Plymouth.

—Rev. and Mrs. William Wood sailed on Wednesday for Europe to be gone all summer.

—Major Joseph W. Bartlett has been appointed judge advocate of the Massachusetts Department of the American Legion and will be ex officio chairman of the constitutional committee of that organization. Major Bartlett was an officer in the Judge advocate's department during the war. He was commander of the Greater Boston chapter of the Military Order of the World War last year and is city solicitor of Newton.

BROTHER DIMMED HER LIGHT

Little Anita Impressed Her Callers Until the Rude Boy Came In.

The Knoxes had just moved from the city to a New Jersey town where friendly couples come in to call after supper and housekeepers run in any time of the day to exchange the news.

Anita, six-year-old only daughter of the family, while pleased with the new surroundings and delighted with the friends she was making still felt it her duty, being from the city, to maintain certain formalities, says the New York Evening Mail. Her mother was therefore amused and a little dismayed at unexpected airs her small daughter assumed with the neighbors' children. However, they appeared to take it in good part and for a week Anita seemed in a fair way to become the social leader of her new circle.

If this was her ambition, however, she reckoned without her four-year-old brother, "Boy." The other day when she was exhibiting her dolls to two youthful callers and entertaining them with an extended and perhaps slightly exaggerated account of city life, "Boy" came in from play.

He cast a single look at her pursed lips and proud manner, listened in for a moment to her conversation, then shoved her rudely out of his way. "Aw, you're only a nut," he commented in brotherly fashion. And Anita hasn't tried the highbrow role since.

BABY KANGAROO TINY THING

Weights but Nine Grains and Is Only One Inch Long at Birth.

A kangaroo at birth weighs about eight or nine grains, is a trifle more than an inch long and not much thicker than an ordinary lead pencil, according to George F. Morse, Jr., of the Chicago Zoological society.

How the baby kangaroo was born was until recently a mystery to zoologists, Mr. Morse said, because, since it is a pouch animal, the actual birth was difficult to witness.

"One day I noticed that one of our kangaroos was acting strangely, so I got the head keeper to put it in a separate room used for the observation of animals," Mr. Morse declared. "We watched closely for a long time, and finally were rewarded by the appearance of a tiny thing not more than an inch long on the tail of the mother kangaroo. It was a baby."

"We took it and found it weighed about nine grains. It was an inch and one-sixteenth long, and not broader than a lead pencil. It was a perfectly formed kangaroo, with the exception of the hind legs, the matured kangaroo's powerful propeller. These developed later as the baby animal grew. The front legs, however, were perfectly formed, and were used by the baby to climb back into the mother's pouch, where it remains for a period of seven months."

Reading by the Body.

Professor Galeazzi, speaking at the Orthopaedic congress in Rome, described an appliance enabling blind people to use the Braille system, even though they have lost their hands. It consists of an ivory die having on one side six electric contacts. The die is fixed to one of the maimed arms, and when the man rubs the Braille letters with it, the ivory surface, by means of electric wires which touch the abdomen, sends sensations which vary according to the distribution of the dots of the Braille letters. Each letter provokes a set of peculiar sensations which will be received by the body.

The Vocal Selection.

A little girl six years old was much interested in the preparation for her sister's wedding.

"Sister, I want to sing at your wedding," she said.

"No, dear, you can't sing."

"But I can and I want to," she pleaded.

"What would you sing?" her father asked her.

"Heaven Look With Pity," was her rejoinder, and her father hasn't got over it yet.

Plan Lincoln University.

The Abraham Lincoln university may become a reality if the plans of 200 business and professional men of Springfield, Ill., carry. Effort is to be made to raise \$500,000 to begin organization of the school which will be built and conducted according to the democratic ideals of the martyred president. Within a few months a committee will begin a drive to raise a permanent endowment of \$5,000,000.

Big Typhoon Hits Hongkong.

The worst typhoon since 1906 recently struck the British crown colony of Hongkong, China. The wind attained a velocity of 130 miles an hour, uprooting huge trees and throwing them about like matches. The typhoon lashed the waters of the harbor into a white fury, sinking many ships, including a British submarine. The death toll among the inhabitants was heavy.

New Alloy Looks Like Gold.

A young French chemist named Mazarin has invented a new alloy resembling gold, and it has been called "areum." It has the brightness, durability and inoxidability of gold, which qualities will permit its substitution in jewelry and other manufactures where gold is now used.

STAGE SCENERY OF ALUMINUM

Chemnitz Opera House Management Finds the Metal Better Than Wood and Canvas.

From Chemnitz, in Saxony, comes the news of the use of aluminum as a substitute for wood in a truly novel manner, says the Scientific American. Sheets of thin aluminum are being used for stage scenery in place of the usual canvas-covered wood frames.

This innovation was originally introduced on account of the exceedingly high price of wood at that time; but repeated trials have convinced the management of the Chemnitz opera house, where the experiment was first introduced, that saving in expense is not the only advantage.

The scenery, in the first place, is lighter even than the old style frames; it is not subject to danger from fire, and scenery may be painted on both sides of it, an impossibility in the days of the old-style sets. Moreover, painted scenes can easily be erased and new ones substituted.

The acoustic properties of the new material seem to be as good as those of the old scenery.

The aluminum is delivered at the theater in roughly rolled sheets of the size and form of the original wooden sections of scenery. Its thickness is from 5 to 8 millimeters (0.2 to 0.3 inches).

HERE ARE TIPS ON SUCCESS

"Control the Business Cycle" is Advice of Writer, Derived From Actual Practice.

Considering business as a whole there will be great gain in every successful step toward stabilization—in "controlling the business cycle." But the individual business man is not nearly so much interested in leveling out the curve of prosperity as he is in cleaning up during the booms and cutting losses in slumps. There is small gain in caution unless it is coordinated with a plan of development and expansion. Such policies, as those worked out by the Dennison company, are most likely to inspire imitation.

For while they allow the business to adjust itself flexibly to the rise and fall of the tide, they do not check steady growth, says a writer in World's Work.

Of all these precepts, derived from observation of actual practice, there is no doubt that the most important one is:

The way to beat the business cycle is to understand it.

Succeed by controlling the business cycle.

Says Sea Worms Dance Fox Trot.

Shimmies, fox trots and old-fashioned round waltzes are danced by sea worms in submarine nuptials on the floor of the sea, said Dr. Legrande and Dr. Fape in a long report recently submitted to the French Academy of Science. For two years they have been studying the species to be found off the French coast.

When the moon is shining bright millions of the sea worms, led by a patriarchal male, draw close to the shore. While the females turn and twist in gay abandon, the males sedately dance around them in a circle. The climax comes when the twirling females, having reached a dizzy speed, suddenly burst, scattering tens of thousands of emerald colored eggs to be carried off on the backs of the males.

How They Get In.

Many Europeans and some Chinese have taken advantage of a clause in the immigration restriction act, which provides that any person who has resided for a year in Mexico, Canada, Newfoundland, Cuba or Central or South America, can enter the United States without reference to numerical quotas. Within the last nine months, 4,000 "Mexicans" and 62,000 "Canadians" have crossed the borders into the United States.

Russians Getting Fussy.

The head of an export firm hunted up his junior partner and complained: "Our correspondent in Russia says that soap wrappers and cigarette coupons are no longer going as money."

"Seems to me he is getting very fussy all of a sudden," snorted the junior partner. "What's his kick?"

"Being printed on paper, he claims they lack intrinsic value."

"All right. We'll ship tin tags."

Cheaper That Way.

A newly-rich woman, giving her first dinner party and anxious to make it a success, was engaging the services of a certain well-known singer.

"My fee," said the latter, "is twelve guineas."

"I agree to pay that," answered the hostess, "but you understand that you will not meet my guests, don't you?"

"Oh," came the quick reply, "then I will take eight."

Put Politely.

He was a polite man, and did not know what to reply when his pretty partner asked if they had not met before. He put his hand to his forehead reflectively.

"Yes," he said, "I think I have had the pleasure—and you the experience."

—Yorkshire Post.

Wilting Weeds.

"Which weeds are the easiest to kill?" asked young Tompkins of Farmer Jones, as he watched that good man at work.

"Weeds's weeds, replied the farmer.

"You have only to say, 'Wilt thou?' and they wilt."

pastor of the Newtonville Methodist Church. A response was sung by Stina A. Williamson, Leora H. Bacon and Virginia White. Robert A. Brown delivered the class oration, his subject being "Student Self-Government." Rosemary Park presented a humorous travesty on a senate investigation, which embodied the class history, after which Howard Whitmore, Jr., presented the class gift to the school. The valedictory, entitled "Courage," was given by Irene W. Gallagher and the class hymn was sung. The music of this was composed by Jerome P. Gill.

The Honor List included:
Lucy Babcock
Louise Elizabeth Baldwin
Helen Adra Bonser
Charlotte Cushman
Josephine Darrell
Mildred Caroline Davis
Louise Winslow Dyer
Louise Pratt Eddy
Constance Hope Elliott
Irene Winifred Gallagher
Esther Kirk Gates
Flora Spencer Hinkley

The Law of the Land, Must and Shall Be Respected

EDITORIAL

After months of careful study, the aldermen have at last adopted a code of traffic regulations, which have been sadly needed, since the advent of the automobile. The new rules, of course, must be given a fair trial, and it is to be expected that there will be some criticisms of its provisions, particularly in the matter of one way streets. We shall watch with interest the plan by which traffic is to be routed in and near Nonantum square. We sympathize with the idea that there ought not to be any cross traffic in this busy place, but we fear the routing of all traffic thru Hall street will create a situation which may be even more serious than present conditions. The thirty minute standing rule ought to meet with hearty approval, and should be enforced to the limit. If automobile owners will do their part, we venture the prediction that far better conditions, as a whole, will result.

The citizens of Newton are to be congratulated on the 93rd anniversary of the establishment of the Newton Savings Bank, on June 17th. An institution of this character, conducted during all its long history by able and experienced men, cannot help becoming one of the most valuable assets of the city. Hence our congratulations to the citizens rather than to the bank itself.

The hearing Monday night on the proposed closing up of Elm road for school purposes, clearly indicates that if action in this direction is taken by the city, there will be considerable litigation, involving months of delay. The Byfield case at the Underwood school should be a horrible example of how not to do it.

The police department and Officer M. J. Keating deserve thanks for their effective action in preventing the burglary at the residence of Mr. George A. Graves last week. Let the good work continue.

We call attention of our readers to the citation published this week of unclaimed savings bank deposits and suggest that if any names are recognized, the parties interested should be notified.

HESTER

A dainty miss with a happy face,
Is little Hester.
Chatting one day from her place on my knee
I laughingly asked to test her.
What do we do to those whom we love,
And the grey eyed little miss,
Put her lips to mine, and smilingly said,
"We give to them a kiss."

Dear little maid, with heart of love,
Sweet, winsome Hester.
When with years mature shall come the cares
Of a busy life to test her,
May childhood memories linger
Still,
Bring comfort, hope and bliss,
And love pay tribute to old,
In the giving of a kiss.

C. H. L.

NEWTON Y. M. C. A. NOTES

The regular summer schedule at the Newton Y. M. C. A. will go into effect on June 23rd. There will be swims for boys on every afternoon at 3 o'clock. Mr. William Bowyer, who will have charge of the boys during the summer months, is planning educational trips, overnight hikes, and other special features which will be of interest to the boys who will stay in Newton during the summer.

The advance party of cooks and leaders are now at Camp Frank A. Day to get everything in readiness for the opening on June 27th.

One of the most successful financial campaigns in the history of the Association has just been finished in St. Louis where \$3,000,000.00 was raised to provide five entire new buildings and the enlargement of three others. Thirteen days in June were devoted to the actual campaign.

SCHOOL OF OUR LADY

The graduation of the school of Our Lady took place last Sunday afternoon at 2 o'clock in the Church of Our Lady, before a large audience of relatives and friends of the pupils. Diplomas were presented by the Rev. Lawrence W. Slattery, pastor, to the following:

High School
Edward Grant
Charles Maher
Charles Murphy
Alice Sweeney
3 year Commercial Course:
Alice Atkins
Margaret Brennan
Mary Daly
Margaret Fay
Mary Garafola
Redmond Fallon
John McArville
George Herlihy
Mona Halleran
Edward Murphy
Helen Murphy
Margaret White

In the grammar department, diplomas were awarded to the following pupils:

Helen Burke
George Burke
Lawrence Barry
Mildred Colantuono
Lillian Cronin
Helen Connolly
Clementine Coletti
James Collins
Thomas Cummings
Paul Confrey
Alice Dunn
Florence Doherty
Helen Dwyer
Anthony DeSimone
Mary Fagan
Alice Fitzpatrick
Christina Grella
Daniel Gentile
Thomas Hurley
Francis Kickey
Gerard Keating
Stella Keller
Mary Kinchla
Russell Lane
Joseph Lombardi
Robert McArdle
Raymond McDonough
Edward Murphy
Grace Morello
Mary McDonald
Rose Murphy
Alice Murphy
Josephine Nally
James Quigley
Mary Shinnick
William Thornton
Francis Zeolla
Alice Meade
Catherine Winifred Drennan
Agnas Nora Earls
Mary Elizabeth Gallagher
Anna Louise Joyce
Catherine Mary Marchioni
Mary Margaret Matthews
Anna Mary McMullen
Margaret Loretta Morrison
Eileen Mary Nagle
Ruth Mary O'Donnell
Ellen M. O'Neill
Clare Mary Ryan
Frances Elizabeth Ryan
Dorothy Mary Shannon
John Edward Barry
William Joseph Considine
Daniel Thomas Culliton
Charles Frederick Feeley
Joseph Michael Foley
Arthur Thomas Geary
John Patrick Kenney
Gerald Richard McCarron
Edward Henry McHugh
George Francis Mitchell
Thomas Joseph O'Brien
James Augustus O'Donnell
Bernard Leo O'Grady
Francis Xavier Tobin

The address to graduates was delivered by Reverend Augustine F. Hickey, Diocesan Supervisor of Catholic Schools in the Archdiocese of Boston.

Newtonville

—Mr. and Mrs. Fred E. Mann spent last week end in New York.

—Mrs. M. B. Rimbach of Crafts street, have gone to Rye, N. H., for the summer.

—Mr. and Mrs. Albert C. Mann of Chicago have been the guests of Mr. and Mrs. Fred E. Mann.

—The property No. 20 Birch Hill road, has been sold to Mr. Herbert Blair, who will occupy.

—Mr. and Mrs. Cooley were the guests of Mr. and Mrs. Arthur O. Wellman at Cataumet, Mass., over the week end.

—New Cooperative Bank, June Shares, 50th Series, now on sale, last interest 53%.

—Mr. and Mrs. Spencer Arend were the guests over the week end of Mr. and Mrs. Arthur O. Wellman at Cataumet, Mass.

—Mr. and Mrs. Fred G. Schipper are leaving tomorrow for the Nautilus Inn, Allerton, for the summer. Mrs. Schipper has just returned from a trip to Washington and the South.

—Mrs. Harold F. Robinson of 643 Watertown street, entertained at a bridge party, Thursday afternoon. Mr. and Mrs. C. S. Ely and cousin, Miss Margaret Ely of Holmdel, New Jersey.

—Mrs. Celia Wellman, probation officer at the West Newton Court is being sent to the National Conference of Social Welfare Workers at Toronto, Canada, on June 21st, by the Newton Circle. Mrs. Wellman leaves on Saturday.

—The Circus Cowboy under the direction of Mr. Arthur O. Wellman has been shown at the Park Theatre, this past week. This picture is one of Mr. Wellman's best. Mr. Wellman was formerly a Newton Highland's boy, and served in the Lafayette Escadrille during the World War, when he was wounded and had to return to this country.

—At the annual meeting of the Newtonville Improvement Association, held Wednesday evening in the parish house of St. John's Church, the following officers were elected: Augustus Wakefield, president; Albert M. Lyon, Rev. Richard T. Loring and William Zoller, vice presidents; Fred C. Alexander, secretary-treasurer; C. C. Balcom, Charles and Harry Cabot, R. D. Hunting, James C. Irwin, Charles D. Kepner, G. R. Kraber, C. G. McDavitt, E. L. Miller, L. E. Moore, H. W. Orr, J. R. Prescott, D. E. Rust and George T. Tracy, executive committee.

Boy Phone Operators

Prone to Profanity

It is hard for the present generation to imagine a swearing telephone operator, but Miss Mary Beatrice Kennedy, New York's first woman exchange operator, says she got her job because the company was tired of firing its swearing boy operators.

In those days subscribers used to come down to the telephone office to fight the operators who had sworn at them and the company became so tired of the numerous complaints that it finally replaced the boys with young women.

Miss Kennedy recently celebrated her forty-fifth anniversary, she having entered the service in 1878. "In those days," she says, "subscribers had the habit of calling up for all sorts of information. They used to ask: 'How much are eggs selling for?'"

"Calling a number was unheard of. Subscribers would simply ask for Smith's drug store or Jones' grocery, or this or that building, or such and such a lawyer or merchant. I used to work from eight in the morning until six at night. I lived in Jersey City. To get to work I took a horse car to the river, ferried across, took another horse car and then walked up six flights of stairs. It is different now, isn't it?"

Sage Rats of Hawaii

Become Coffee Addicts

Thousands and perhaps millions of sage rats in the Kona district of the Hawaiian Islands have become coffee tasters. They subsist wholly upon the ripe coffee berries and cause big losses to the growers annually, it is stated. Although the rats make coffee their sole diet the rodents do not seem to be any the worse off by reason thereof, so far as their physical condition is concerned. They are sleek and fat and scamper about with an undue playfulness, their unusual activity being due to the stimulating character of the food, it is supposed.

Coffee growers have so far been unable to cope with the rat pest. The little animals swarm into the bushes when the berries begin to turn and eat and destroy enormous quantities of the product, it is asserted.

It was not until some time after the growing of coffee in the Kona district was started that the sage rats learned to like the taste of the berries. Gradually the addicts increased until now practically every rodent, young and old, will not eat anything else. They even store away large quantities of the ripe berries, in the same manner as squirrels.

Ancient City Dying

Fifteen miles from Laguna, N. M., stands Acoma, the City of the Sky. Not 50 years after Columbus discovered America, Friar Marcos, a Franciscan monk, heard of the Pueblos, "the people of the white rock." There is little reason to doubt that the community came into existence hundreds of years before the white man first saw the plains of our Southwest. It was an independent community then; it is an independent community today.

It is evident that this age-old city is fast approaching its end. The old people cling to the old customs, but they are dying off, and tradition is dying with them. Of late years the younger generation has been going off to surrounding ranches to work for white men. The present population is given as 600, but that includes all the Acoma Indians who come back to the parent city for brief visits.—Foster Wright, in Mentor Magazine.

Notions From Novels

"A frustrated love affair in early youth is perhaps the best solution for the romantic. It gives them an illusion to carry intact through life."—"The Fir and the Palm" by Elizabeth Bibesco.

"To be really inquisitive is the one great asset in life. It makes you confoundedly unpopular sometimes, but it's worth it."—"The Unseen Adventure" by Ralph Straus.

"A house that is not shared by the right person is as much like a home as a bowl of fresh water is to a whiting."—"Sympulse" by Sylvia Stevenson.

"Mr. Wycome quite upsets me. I always feel as if I had a smut on my nose when he looks at me."—"The Shoreless Sea" by Mollie Downes.

"Why shouldn't women prefer a strong silent man to a weak noisy one? Numbers of men must be wishing they had married strong, silent women."—Marjorie Bowen.

Chamois Skin Demand

There has been an increase in the production of chamois skins in the Nord district of France. The estimated production of 1923 was 125,000 dozen skins, compared with 120,000 in 1922. The local glove industry absorbed the major part of the production, and there has been a marked increase in the shipments to the United States, which took 10,953 dozen chamois skins, valued at \$235,820, in 1923, as compared with 2,888 dozen skins, valued at \$68,172 in 1922, and 5,562 dozen skins, valued at \$77,099, in 1921.

Read the "Personals"

Andy McClure, a cook in a lumber camp at Astoria, Ore., let his eyes fall on the "personal" column of a metropolitan newspaper the other day and read a few words asking for the whereabouts of McClure himself. The "personal" was inserted by Ed Wakefield, who had borrowed \$10 from McClure, and wanted to pay it back but couldn't locate his erstwhile friend.

1831 NINETY-THREE YEARS OLD 1924

A Bank which has served its community for nearly a century, and with constantly increasing strength, passed through years of prosperity as well as periods of depression, may properly be said to have earned the confidence and appreciation of its depositors.

Moving the Newton Savings Bank in 1896 to make way for the present building

It is with pride that we call attention to the fact that this Bank, on June 17, 1924, completed ninety-three years of business in Newton as an incorporated Savings Bank. Indeed, it is now 95 years since the Bank was founded by the Newton Temperance Society and Lyceum, a splendid organization of the public spirited people of that time.

In all these years the Newton Savings Bank has kept pace with the growth of our city and inspired confidence by its safe methods and conservative policies.

In the years to come we ask nothing better than to continue to serve the best interests of this community and to extend our various activities to a constantly widening circle of friends and patrons.

NEWTON SAVINGS BANK

"The Place For My Savings"

PUBLIC INSTALLATION

The newly elected officers of Dalhousie Lodge of Masons were publicly installed at a meeting held Wednesday night at the Masonic Building, a large audience of members and friends being present.

The installing officer was Wor. Bro. Walter L. McCammon, Past District Deputy Grand Marshal, who was assisted by Wor. Bro. Charles H. Clark, past master of Dalhousie Lodge. The following officers were installed: Master, George E. Rushforth; Senior Warden, Harrison Hyslop; Junior Warden, Henry A. Heath; Senior Deacon, Carl C. Davis; Junior Deacon, Arthur C. H. Walker; Senior Steward, A. Perry Martin; Junior Steward, James E. Mitchell; Inside Sentinel, George A. Haynes; Tyler, Winthrop B. Sargent; Secretary, Robert D. Diggs, Jr.; Assistant Secretary, Don M. Leonard; Treasurer, Frederick S. Fairchild; Marshal, George Knox; Organist, Kenneth S. Usher; Electrician, William A. Van Buskirk; Chaplain, Rev. Earl E. Harper; Assistant Chaplain, Rev. John W. Spiers.

The retiring master, Robert E. Hills, was presented with a past master's jewel and apron.

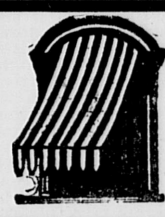

Dancing and refreshments followed the ceremony, Hafermehl's orchestra providing the music.

Waban

—Mr. and Mrs. Robert W. Moore have gone to Boothbay Harbor, for the summer.

—Mr. and Mrs. Guy B. McKinney of Crofton road, have gone to Seaside, for the summer.

—Henry A. Ambrose received the degree of Bachelor of Science at Norwich University, this week.

NEWTON BOY SIGNALLY HONORED

BY JAPANESE WAR DEPARTMENT

Captain Warren J. Clear, the son of Mr. and Mrs. James Clear, 15 Hovey street, Newton, who has been instructing the first class in boxing and other athletic sports ever organized in Japan, composed of fifty officers of the Japanese Army, has been presented with a sword of feudal Japan by the Japanese War Department.

At a time of such political tension the American officer's gratuitous offer to instruct the Japanese Army in the sport and his great success with the class was deeply appreciated by the Japanese and at the conclusion of the course he was the guest of honor at a reception and dinner in his honor. The scabbard, hilt and guard of the sword are in lacquer and gold and the blade, by Yoshimitsu, which took a year in the making, is priceless. It was finished in 1487—five years before the discovery of America.

A gold lacquer sword stand and two smaller blades, accompany the sword, as well as framed testimonials of the War Department's appreciation and framed history of the sword.

The sword was made for the great Daimyo, Matsudaira, and was handed down from father to eldest son in the Matsudaira Clan for four hundred years. It is perfectly preserved.

SERVICES AT AUBURNDALE

Services will be held at the Auburndale Congregational Church this summer as follows:

June 29, Rev. Frank W. Hodgdon, Boston, Mass.; August 3, Rev. William C. Gordon, Ph. D., Washington, D. C.; August 10, Rev. Benjamin A. Wilmott, D. D., Elliot Congregational Church, Roxbury, Mass.; August 17, Rev. Edwards R. Evans, D. D., Pawtucket Congregational Church, Pawtucket, R. I.; August 24, Rev. James D. Dingwell, Central Falls, R. I.; August 31, Rev. Stanley Ross Fisher, D. D., Wellesley Congregational Church, Wellesley, Mass.; September 7, Rev. Charles F. Weeden, D. D., Trinitarian Congregational Church, North Andover, Mass.; September 14, Rev. James L. Barton, D. D., Boston, Mass.

Newton Upper Falls

—Mrs. J. Thackston is ill at her home on Elliott terrace.
—Mr. and Mrs. Oldfield and family have gone to their summer home in Epson, for the season.

—Mr. Wilson Weldner of this village, is enjoying a short visit with friends in New Hampshire.

—Mr. Leo Crowley is home for the summer vacation from St. John's Preparatory School in Danvers.

—The first M. E. Church of Boston, held their annual picnic at the home of Mrs. Shaw on Chestnut street.

—Newton Cooperative Bank, June Shares, 80th Series, now on sale. Last interest 5 1/2%.

—Rev. Mr. Farrar of St. Paul's Church, Newton Highlands, held a service at the Upper Falls Clinic, last Sunday.

—The Methodist Sunday School picnic will be held on Saturday. It is hoped that there will be a large attendance.

—Upper Falls members of the Tennis Club, will hold their meeting at the home of Mrs. McGill, West Newton, on July tenth.

—The graduation party of the Emerson School was held in the School Hall, last Wednesday, and the usual enjoyable time was had by every pupil. School closes for the other grades on Friday.

—The Medford Sunday School, held a delightful picnic at Hemlock Gorge last Tuesday. The kiddies, as well as the adults, truly enjoyed the beauties of Echo Bridge and Hemlock Gorge.

—The Benefit given by the Vincent Club for Miss Lena Hurrell was well attended. Miss Hurrell is recovering slowly, and will probably be in the Hospital for some time. The Prayer Service will be held as usual on Friday evening.

—Miss Theresa Daker of High st., and Mr. Frank Morse of Beverly, were united in marriage at the Catholic Church, last Tuesday afternoon, by the Rev. Fr. Donovan. The bride was prettily attired in white crepe de chine and carried a huge bouquet of white roses. After the ceremony a reception was held at the bride's home, to the many friends and relatives. Mr. and Mrs. Morse will reside in Beverly.

—Miss Catherine O'Rourke of Chestnut street, and Mr. George Buckley of Sonantun, were joined in marriage by the Rev. Fr. Donovan, at nine o'clock last Tuesday, with a nuptial mass. The bride was attired in white satin, with veil and orange blossoms and carried a huge bouquet of carnations and sweet peas. Miss Marie Buckley, sister of the bride groom was bridesmaid and Mr. Joseph O'Rourke was best man. Two small flower girls, that helped make the procession so charming, were Winifred Van Tassel and Marie Gauthier. Friends from Worcester, New York, Providence and Boston, were present. A wedding breakfast and reception were held at the bride's home, after which the bridal couple departed for New York.

LODGES

After the meeting on Thursday, June 25th, of Sumner P. Lawrence Rebekah Lodge, I. O. O. F., there will be a whist party. Everybody invited. Sumner P. Lawrence Aids will provide a supper on Thursday, June 26th, at 6.30 P. M.

COAL

I am agent in the Newtons for the Metropolitan Coal Co.
Your orders will receive Prompt and Efficient Attention.
The old rule always holds good—"Better Be Sure Than Sorry."

Have your Coal in the cellar early. Prices are at the lowest ebb NOW.

I thank you in advance,

CEARCREST SPECIAL AND BABY MILK, 25 cts. qt.

POST ROAD FARM MILK 18 cts. per qt., CREAM 25 cts. per 1/2 pt.

Nearly all the cows that supply the Post Road milk are Pure Bred Guernseys. These cows are Government Tested which assures you that they are free from tuberculosis.

This is a wonderful milk, and is worthy of your giving us a trial order. Our regular delivery covers Brookline and a large part of the Newtons.

L. W. DEAN.

Indian Tribe Said to Use "Language" of Birds

A tribe of Indians whose members communicate among themselves only by whistling, and who can talk to birds in the same manner, has been found in the Siskiyou mountains in northern California. The discovery was reported to A. L. Kroeber, curator of anthropological museum of the University of California, by J. R. Saxon of the United States forest service.

Saxon said that for weeks forest rangers in the remote part of the Siskiyou had heard many uncanny whistlings over the service wires that stretch from station to station through the mountains. He went to investigate. He said the Indians conveyed to him that they had seen forest rangers using this instrument and had themselves experimented with it in their whistling language. This explained the mysterious sounds.

Saxon believes that the isolated clan of "whistling people" is an obscure offshoot of the Karok tribe of Klamath Falls Indians, says the Detroit News. Professor Kroeber says the Karoks are an unusually intelligent and industrious tribe numbering about 2,000. At a whistled command birds would flutter from the trees to a clearing to eat food scattered there by the women, according to Saxon's narrative. He described the men as shy, adding the women were like deer. "At the sound of my voice," he explained, "the women fled into the canyons."

Boy Prisoner's Plea Ingenious, at Least

A youth in the Indiana state prison recently sent a plea to the state board of pardons, in which he said:

"I am only a boy of seventeen and don't think I ought to be required to live up to the laws that I never had opportunity to learn what they were in school and it seems as though about nine-tenths of the lawyers of Indiana do not understand them, either."

The boy's letter amused more than it impressed, because the law he was convicted of violating was the law against stealing automobiles.

Under ordinary conditions the youth would be in the Indiana state reformatory, and not in the state prison, where more hardened and older convicts are sent, but the new reformatory is not yet sufficiently completed to house many more than about half of its intended capacity of 1,250 prisoners.—Indianapolis News.

Liner Steers Self

The Cunard liner Laconia is the first British liner to be equipped with a wonderful new invention, by means of which ships of the future will be able to travel hundreds of miles, unaided by a helmsman, without deviating from their intended course. The gyro pilot is controlled by the gyro compass. This compass passes all alterations of the ship's head to other compasses, working in conjunction with the latest wireless direction finders on the bridge and other parts of the ship. One of these repeater compasses is mounted on the gyro pilot, and immediately the ship's head changes its direction the information is passed to an electric motor, which turns the steering wheel the requisite amount to bring the ship back to her course.—Cleveland Plain Dealer.

"Jury of His Peers"

Ed Pendleton, member of the Kansas legislature from Franklin county, was called as a member of the jury recently, in United States court at Leavenworth.

"I never served on a jury of any kind in all my life before," Pendleton explained to his friends, "and I wanted to know if all those jokes about how juries perform were true."

"Well, after serving on a jury," asked a friend, "how would you like to be tried by one?"
"Not for me," replied Pendleton. "I wouldn't want to be tried by a jury—not even if I were a member of it."—Kansas City Star.

Fur Farms in Canada

Fur farming has shown a great increase in Canada during the last ten years that furs have been popular summer and winter. There are 1,000 farms devoted to breeding and raising fur-bearing animals, and of these 960 are devoted to foxes, seventeen to racoon, thirteen to mink and one to marten. The 21,433 silver foxes taken in the 1923 census of these farms are valued at \$5,372,262. As Canada became settled the wild animals retreated farther into the north and the farms sprang up with the demand from fur manufacturers.

Famous Fishing Rod

C. E. Pope of Sagamore, says the Boston Globe, owns a four-jointed fishing rod which is said to have been owned and used by Daniel Webster in the forties. The present owner has had it for fifty-three years. The rod is of gray ash, and is in perfect condition. Among the noted men of more recent years who have handled this relic of the expounder of the Constitution were President Cleveland, Joseph Jefferson and Professor Emerson of Dartmouth college.

Japs May Discard Kimono

Owing to the fact that the cumbersome kimono worn by Japanese women prevented many from escaping death during the earthquake and fire in 1923, prominent Japanese women have started a movement to discard the kimono as a national dress and to begin by dressing the children in modern European clothes.

Golf Seems to Have Taken Hold in Japan

Japan is perhaps one of the last places in which one would expect golf to become popular, yet within recent years the pastime has made enormous strides.

Formerly the leading players were members of the Anglo-American communities settled at Yokohama and Kobe, but Japanese golfers have now taken up the game so keenly that for some years past the holder of the championship of Japan has been a Japanese.

The prince regent, who was married recently, is one of the most enthusiastic golfers in the country. The Japanese national costume does not lend itself to golf, and nearly all Japanese golfers wear the regulation "plus fours."

In the Japanese paper Golfdom, which is printed partly in Japanese and partly in English, the following story is told (in English): "Oh, sir, ye see, anybody can teach these laddies" (meaning the students of the university); "anybody can teach these laddies Latin and Greek; but gowf, ye see, sir, gowf requires a heid."

One of the most noticeable differences in the Japanese game is the lack of bad language! Japanese contains no swear words; the worst term of abuse is "baka," which means "fool." But Japanese golfers, we are told, are rapidly making up for this deficiency by learning English!

Flour From Alfalfa, Montana Man's Claim

A westerner who is interested in the manufacture of breakfast foods some time ago made the startling announcement that he could make at least 75 various kinds of candy from alfalfa. It is also contended that an excellent grade of sirup can be made from that substance. The man mentioned is so enthusiastic with respect to his experiments with alfalfa that he is reported to be planning to establish a mill for the manufacture of alfalfa flour, which, he asserts, will be found to be superior to all other flours for baking.

Hitherto, at his small mills in Montana, this man has been turning out a balanced ration for live stock from alfalfa. Biscuits and a variety of pastries may be made from the flour. It is highly probable, in the opinion of experts, that alfalfa may some day revolutionize the confectionery business. Certainly if alfalfa proves its worth as a candy material the acreage planted yearly will quickly increase and prices may be demanded far above those now prevailing.

Record Frigidity

According to the United States weather bureau "the extreme low temperature for this country occurred at Miles City, Mont., in 1888, when a record of 65 degrees below zero was attained." Orris W. Roberts, meteorologist with the government weather bureau station at Bismarck, N. D., reports: "For the past forty to fifty years we have maintained minimum thermometers in all parts of the state, and while it is human nature to like to excel a record, the lowest temperature (official) ever recorded in North Dakota was 56 degrees below zero at Goodall, McKenzie county."

Tokyo's Broadway

The Ginza, the Broadway of Tokyo, its main shopping street and thoroughfare, has been rapidly resuming its former activity. Many jewelry stores, department stores, restaurants and shops for foodstuffs, furniture, clothing, toys, novelties and hardware have been able to secure sufficient equipment and stocks to reopen business on their former sites. American watches and clocks, hats, haberdashery, canned goods, toilet articles, hardware, cash registers, etc., are making their appearance.

Offended Potentate

Lord Castletown, who has recently published his reminiscences in "Ego," spent some time in Teheran, and he tells how he was received in audience by the shah of Persia, who said he contemplated coming to England, and inquired if there were any elephants there, as he wanted to shoot one. When eventually he did come to England he was taken to the Tower of London. He was greatly interested in the old block and ax, and said he wanted to see someone beheaded. On being told there was nobody ready at the moment, he promptly offered one of his own retainers, and was very annoyed when the officials refused his request.

Chief Canadian Wood

Yellow birch (Betula lutea) is the most important hardwood of Canada. It is found from the maritime provinces to the east end of Lake Superior and reappears along the international boundary from the west end of Lake Superior to the Lake of the Woods. It is found on good sites throughout the lower Laurentian type of forest. It is used extensively for flooring and cabinet work.

Art in Shoe Shines

A Paris bootblack now uses a palette when shining women's shoes. The Parisian woman's shoes vary so much in color that he found it often difficult to get the right hue of cream to match. So on his palette he puts a number of different creams and combines them in varying proportions according to the tone of the shoes with which he has to deal.

Newton Centre

—The property, 79 Elmore street, has been sold to Allison Catheron.

—Miss Florence Merriam of Coleman road, is spending a few days in Maine.

—Alan C. Bemis of Chestnut Hill, graduated this week from Milton Academy.

—Mr. Ralph D. Webber has bought the new apartment house, number 142 Warren street.

—Mrs. George C. Ewing and daughter of Oxford road, returned from Europe this week.

—Mr. and Mrs. Louis Nathanson of Cummings road, are rejoicing in the birth of a son.

—Rev. and Mrs. G. L. Parker and Cyril C. Parker are to spend the summer in England.

—Miss Virginia Speare of Montvale road, attended Smith College Commencement this week.

—Mr. Augustus White won the golf tournament held last Saturday, at Sandy Burr Golf Club.

—Miss Margaret C. Mason and Miss Edith G. Porter graduated from Wheaton College, this week.

—F. S. Parks of this village, graduated last Saturday, from St. George's School at Newport, R. I.

—Professor Albert E. Bailey of Lake avenue is sailing abroad on June 28, from Montreal on an Art Tour.

—Professor and Mrs. Harry E. Clifford and daughter of Beacon street sailed recently for Europe, where they will spend the summer.

—The Young People's Department of the First Church has chosen Mr. Howard Palmer President, and Mr. Richard Potter First Vice President.

—Mrs. Annie P. Varney gave an address at the 50th anniversary of the founding of the Sigma Kappa Sorority at Colby College, at Waterville, Maine, this week.

—Miss Oriana Bailey Miss Marion Bailey and Stephen Bailey of Lake avenue, return from France, where they have been spending the winter, on Friday, June 20.

—Mr. Theodore Pearson, a member of the Junior Class at Harvard, was in charge of the spread of the Phillips Brooks House Association, this week at Cambridge.

—Mrs. Chas. D. Merriam of Cypress street, has returned from the Newton Hospital, where she has been through an operation. Her many friends wish her a speedy recovery.

—Union services will be held in the First Church on July 6, 13, and 20, in the Methodist Church July 27, Aug. 3, and 10; and in the First Baptist Church, August 17, 24, 31 and Sept. 7th.

—The newly elected officers of the Four-square Club of the First Church are: President, Galen Bloom; Secretary, Fred Howard; Treasurer, Bradford Blackman; Tyler, Frank Wetherbe.

—There will be a picnic for the members and friends of the Unitarian Church on the grounds of Mr. and Mrs. A. L. Lewis, 432 Dedham street, opposite the Charles River Club next Saturday at 1.30.

—The following graduated from Smith College this week, with a degree of Bachelor of Arts: Miss Catherine C. Carlson, Miss Helen H. Gordon, Miss Gertrude G. Ross and Miss Gladys W. Ross. Miss Gladys W. Ross also received honors in Botany.

—An alarm from box 9 was sounded Wednesday night for a fire in the unoccupied house at 24 Lagrange street, Oak Hill. The house is owned by Timothy Carney of Templeton street, Dorchester. The cause of the fire is unknown. The damage was slight.

—Mr. and Mrs. George B. Graff of Commonwealth avenue, accompanied by their daughter, Miss Dorothy Graff, sailed this week via the Cunard Line for a three months' tour of Europe. They will visit the principal European countries, and also plan to spend several weeks motoring through the Alps and through the rural districts of England. Miss Graff will also visit Greece, Egypt and Palestine before returning home.

—Mrs. Annie E. Gould, wife of Robert F. Gould, died last Saturday at her home, 19 Maple Park, in her 56th year. Mrs. Gould was born in Dedham, N. B. She has lived in Newton about thirty-five years. Surviving her, besides her husband, are two daughters, Miss Margaret S. Gould of Newton Centre, and Mrs. Charles Black of Denver, Colorado. Mrs. Gould was a member of the Methodist Church. Services were held at her late residence on Monday, Rev. Ralph E. Davis officiating, and the burial was in the Newton Cemetery.

—Mrs. Ellen M. Rayner, widow of Walter H. Rayner, died at the home of her son, Mr. Arthur W. Rayner, 137 Lake avenue, last week, Wednesday, in her 55th year. Mrs. Rayner was born in Peabody, Mass., and has lived in Newton the greater part of the time during the last twenty years. Surviving her are the son with whom she lived, and a daughter, Mrs. George C. Whipple of Cambridge. Services were held at 137 Lake avenue on Saturday, Rev. Raymond Calkins of Cambridge officiating, and a committal service was held at the grave in the Newton Cemetery, Rev. Edward M. Noyes of the First Church, Newton Centre, officiating.

—Miss E. Gertrude Melick, who has been visiting her former home in New Brunswick will return to this village. Miss Melick, who has been in charge of Health classes in the Newton schools for the past two years, was given a leave of absence last December on account of her health, which is now fully restored.

NEWTON SCHOOLS CLOSE FOR THE SUMMER

Diplomas Presented to Graduating Classes in Junior High and Grammar Schools, With Interesting Exercises

The F. A. Day Junior High School and the various grammar schools of the city close today for the usual summer vacation.

Mason School

The Class Party this year was held on the night preceding the giving of diplomas to the eighth grade, contrary to the usual custom.

Music, a short program, dancing and refreshments completed the evening's entertainment.

This morning diplomas were given by the Rev. Ralph E. Davis to the following:

Stella M. Adams
Dino Alterio
Jerry R. Angelo
Celia Antonucci
George E. Bailey
James F. Barr
Francis E. Beecher
Rhoda A. Bolinger
Kathleen L. Boush
P. Sherman Bonney, Jr.

Hyde School

The members of the Health Class entertained the children of the Hyde School in the hall Tuesday afternoon. "Brother Brownie" from the American Red Cross with her puppets gave a very interesting program of health songs and plays.

The graduation exercises of the class of 1924 were held in the hall this morning. A brief program was rendered.

The Class gift was presented by Fred Hill, class president.

The diplomas were presented by Miss Mabel C. Bragg, Asst. Sup't. of Schools, who with her usual happy, inspiring remarks, delighted both the children and the audience.

The class memorial consisting of two pictures, "Amal" and "Pyramids and Desert," were purchased from funds raised by the class for this purpose.

The following were graduated:

Paul Vincent Bertch
Dorothy Christina Belsclair
Robert Bonner, Jr.
Donald Burns
Catherine Meyer Carrick
Ruth Cobleigh
Richard Stanley Cody
Marjorie Stone Dow
Herbert Wilton Ellms
Gladys Olive Frolick
Alice Magdalen Galvin
Linzee Gifford

Albert Angier School

The graduation exercises of the Albert Angier School were held Friday morning. The exercises included songs and recitations by the following: Helen Favinger, Marjory Whitaker, Muriel Andrews, class president, Ralph Phillips, Mary Gould, Grace Wyeth, Phyllis Bourne, Arthur Chamberlain, Palmer Congdon, Kilburn Adams, Mary Louise Chandler, Gilbert Adams, Lorraine Phipps, Raymond Kenney, Stuart Patterson, Ralph Phillips, Norman Lockwood, Alfred Brown, Marjory Whitaker, Muriel Andrews, Lois Rice, Virginia Elmer, Jean MacDonald, Carol Upham, Virginia Willard, William Bradford Gove.

The Class of 1924 presented to the school two plants of Boston climbing ivy. The planting took place Wednesday afternoon. The presentation was made by Muriel Andrews, the class president, Alfred Brown and Norman Lockwood did the planting of the ivy. Alfred Brown gave a talk on "Uses of the Ivy," then the graduating class sang their Ivy Song, which was composed by Mrs. Gove, mother of Bradford Gove, one of the graduates, Mr. Crowell, the principal of the school, responded with fitting remarks.

The graduating exercises of the Angier School took place Friday morning, June 20. The presentation of diplomas was made by Mr. Angier, who has just returned from Europe.

The pupils graduating who deserve special mention for having a perfect attendance record for the entire year are, Marjory Whitaker, Carol Upham and Norman Lockwood, Kilburn Adams was absent only one half day.

The graduates are as follows:

Muriel Andrews
Phyllis Bourne
Mary L. Chandler
Jane Cady
Mildred Durocher
Florence Durocher
Virginia Elmer
Helen Favinger
May Gould
Elizabeth Ham
Eleanor Lamb
Jean MacDonald
Lorraine Phipps
Lois Rice
Katherine Troy
Carol Upham
Helen Warren
Marjory Whitaker
Grace Wyeth
Virginia Willard
Dorothy Lak
Gilbert Adams
Kilburn Adams
Donald Bliss
Alfred Brown
Palmer Congdon
Arthur Chamberlain
Joseph Cotter
Wm. Bradford Gove
Ritchie Garrison
John Harvell
Raymond Kenney
Norman Lockwood
Floyd Robbins
Stuart Patterson
Ralph Phillips

Ralph Waldo Emerson School

Mayor Childs presented diplomas Friday morning to the following:

Elizabeth E. Curtis
William T. Curtis
Alice Tompkins
Helen Smith
Frank Lempiety
Mary C. Yates
Anna M. Walsh
Mary M. Walsh
Doris Eyre
Paul B. Snyder
Mildred F. Stuart
Alberta J. Carey
Norman H. Payne
Theodore Elie
Florence M. O'Hara
George W. Cashman
William F. MacDonald
Dorothy McCarthy
John P. Burns
Anna M. Wasilevski
Joseph Valukis
Marion K. Bridley
Joseph Balakus
Mary A. MacDonald
Thomas C. Seery
Margaret E. Goodwin
Valverina M. Anzivino
Antonetta F. Guido
Beatrice M. Azeault
Edwin Rummil
Emily A. Morse
James T. Boston
Francis J. Simpson
Frederick M. Kaye

Peirce School

The graduation exercises of the Peirce School took place this morning. Mrs. Helen F. Hutchinson of the school committee presented the diplomas.

Mr. Ernst Hermann presented a cup to the school for winning the baseball championship.

Two prizes were awarded by the Community Service Club for compositions on "The Constitution." The first prize in the 8th grade went to Ruth Larned, while Bradford Bachrach received honorable mention. In the 7th grade, Anna Kerr received the first prize, and Constance Dort, honorable mention.

The following pupils graduated:

Boys
Anderson, Frank Willard
Barberio, Francis F.
Cassidy, Thomas Joseph
Hoyt, Herman Francis
Hoyt, Ivan Kenneth
Bachrach, Bradford Keyser
Henson, James Monroe
Carpenter, Allen Francis
Carter, Philip Sidney
Cate, Henry Francis, Jr.
Dewine, James Thompson
Folkes, George Harding
Ford, Harry J.
Glasier, Marshall Atwood
Grant, Munro Mead
Leatherbee, John Howland
Perry, Louis Philippe
Rogers, Elliot Francis
Brandt, Walter Rudolph
Cain, Stanley Matthew
Mahon, Joseph
Rondina, Henry Martin
Tedesco, Michael
Walsh, Joseph
White, Thomas
Armstrong, Robert E.
Scott, Charles Daniel

Brennan, Walter D.
Rae, Morton Black
Holihan, Harry James
MacAuland, Clarence E.
Stefani, Harold J.
Bergeson, Roy J.
Conroy, Eugene
Kerns, John
Brown, Walter Elliott
Duane, Francis
Carson, Walter Albert
Dohoney, John
Kiley, Francis William
Sheehan, Philip E.
Stimite, C. Elmer
Chiaccia, Alfred
Delahanty, William Joseph
Glanferante, Nicholas Norman
Green, Edmund
Jensen, William George
Macutan, Nicholas
Olsen, Arthur Harding
Tenantry, George Joseph
Brown, Walter Elliott

Girls
Copp, Lucy M.
Feneoy, Mildred
Maloney, Gertrude Eleanor
Yerardi, Theresa
Allen, Sylvia Mae
Buchanan, Marjorie Anna
Gliman, Dorothy
Hatch, Virginia Newhall
Haynes, Ruth Gibson
Jack, Eleanor Harvey
Kathleen, Frances
Larned, Ruth
McGrath, Marie
Moyhan, Elizabeth H.
O'Connor, Irene May
Rich, Elfrida W.
Snow, Gertrude Elizabeth
Upham, Constance
Cullen, Dorothea Loretta
McGough, Helen Marie
Murray, Ethel Elizabeth
O'Neill, Beatrice Alma
Palmer, Louis Wilmer
Pattito, Ida R. P.
Saunders, Emily
Yenger, Ellen Clair
Lander, Martha
Tedesco, Marie Elizabeth
Ryan, Alice
Chandler, Ruth H.
La Monte, Anna Elizabeth
Manning, Mary Ellen
Sheehan, Katherine E.
Leary, Mary Lillian
Nordstrom, Ranghild V.
Welch, Alice
Wolfe, Helen J.

Davis School

The Community Service Club and the West Newton Educational Club have given two pictures to the new Davis school.

F. A. Day Junior High School

Monday the school assembled for an unusual meeting to hear and sing the school songs, the words of which were thrown on the screen. Wednesday morning, however, Mr. Carr introduced Mr. Eddy, author of the song contest and the prizes were awarded to Dorothy Merrill and Virginia Rogers respectively. It was announced that over a hundred songs had been submitted. A very commendable group of nine songs printed in blue on gray paper (the school colors) were then distributed to each pupil in memory of this school contest. The school is very grateful to Mr. Eddy, the committee, and the contributors for a most successful school spirit campaign.

Wednesday, Thursday and Friday in the library, there was held a splendid exhibit of prints made by the Camera Club. Among the contributors of meritorious pictures were: Suzanne Slocum, Constance Barber, William Schultz, Mary Cuniff, Henrietta Kraber, Gordon Paul, Naida, Pauline, Constance Danforth, Louise Maynard, Edith Yelland and Melvin Becker.

The baseball team has had another splendid week of games resulting in the following scores:
At Cabot—South Jr. High of Somerville, 5-0 in our favor.
At Somerville—So. Jr. High of Somerville, 6-5 in their favor.
At Cabot—Wellesley Jr. High, 16-1 in our favor.

The teachers of the F. A. Day Jr. High enjoyed a picnic outing to Harvard on Tuesday. In testimony of the appreciation for her work and friendship Miss Scheib was presented a desk set as a parting gift.

The graduates were as follows:

Boys
Andrews, David
Arch, Sherrard
Ashenden, Richard
Borley, William
Bassett, Leonard
Batstone, William
Beckley, Fred
Bennett, Robert
Blue, George
Bruce, Philip
Casey, Charles
Casteau, Henry
Delacourier, Campbell
Dutton, Leslie
Ebelhaer, Edward
Edmonds, Lincoln
Gadsden, Webster
Glanferante, Pasquale
Gilligan, Joseph
Halvard, William
Hart, Peter
Hayes, Arnold
Helgesen, Elmer
Heudrick, Robert
Hession, John
Hicks, George
Horton, Stanley
Keen, Henry S., Jr.
Kenyon, Ralph
Kiddler, Stephen
Larley, Edgar
Lippincott, Clement
Littlefield, Lawrence
Lupo, Carmen
Mackin, Charles
Maggioli, Oscar
Matterer, Francis
McEaney, James
McIntyre, Donald
McKahan, Lawrence
McMullen, Kenneth
McNeil, George
McVish, Carleton
Morrell, Curtis
Morris, Vernon
Nason, Paul
Gaberne, Lloyd
O'Sullivan, Fred
Pitt, Albert
Reed, Malcolm
Reed, Robert
Reimer, Leighton
Rondina, Louis
Root, Harold
Roper, Clinton
Rousseau, John
Rulin, Isadore
Sherman, William
Sholes, John
Smith, George
Stuart, Charles
Swin, James
Sweetser, Preston
Thomas, Rowland
Trusell, Wilbur
Vassellotti, Louis
Wakefield, John
Welch, Richard
Whittaker, Maynard
Wye, George
Yancey, Albert

Girls

Adams, Margaret
Alexander, Bernice
Antonellis, Annie

CITY GOVERNMENT MEETS

(Continued from Page 1)

revious hearings. Messrs. F. C. Perry,
Charles F. Cheney and Louis S. Ross
so spoke against the discontinuance
written remonstrance was filed with
the board.

There was another hearing of the
petition of James W. Gibson to alter
and enlarge a building for a non-con-
forming use under the Zoning ordin-
ance at 683 Walnut street. Mr. Pitt
Drew said this was the waiting sta-
tion of the B. & M. St. Rwy. on Wal-
nut street, and it had been sold to
Mr. Gibson on condition he could get
permit to transform it into four
stores. The railway company needed
the money, and it should not be de-
rived of this sale on the ground that
the city might at some future time
use this property for a park.

Mr. Gibson said that stores were
needed in that vicinity, and he pro-
posed to have a drug store, market
and grocery store there with an office
for himself. Mr. A. L. Wakefield, for
the Newtonville Improvement Society,
Mr. C. J. Mowry for the Newton
chamber of Commerce, and William
McLeod spoke in remonstrance.

Mr. Mark V. Croker, ex-alderman
Harry L. Cook and Mr. George L.
Carter spoke in favor of taking some
4,000 square feet of land to enlarge
the Upper Falls Playground. Mr.
Croker estimating the cost at about
\$600.

Hearings were also held on petition
of the Waban Garage to sell gasoline
at 1172 Beacon street, on petition of
J. M. Pratt, to keep gasoline at 763
Washington street, on sewers in Aven-
ue road, sewer in Clarendon street,
sewer in Harvard Circle, widening
centre street at Walnut street, widen-
ing Lincoln street at Hartford street,
widening land to enlarge the Newton
Highlands Playground, and establish-
ing a building line at Ellis and Boyl-
ston street.

Mayor Childs sent in recommenda-
tions relative to amending the Zoning
ordinance, for \$2500 for the Contin-
uation school, \$1500 for settlement of
the Enholm claim for land damages,
a Beacon street, the claim of Ellis G.
ult for damages to automobile, and
the offer of Charles F. Jones to pur-
chase land of the city on Endicott
street for \$500.

The board approved the application
Mary E. Day, Lucy C. Bolster, Mary
McGovern, Abby L. Eaton, Elizabeth
Carter, Jeanne B. Kenrick and
quise W. Lovett for incorporation of

the Newton Local Council, Girl Scouts,
Inc.

The Department of Public Works
sent in the application of the Kerr
Advertising Co., for advertising on
building at 65 Union street.

Petitions were received for laying
out of Ellison road, for laying out of
Crosby road, for laying out of Gay
street, for improvement of Cummings
road, for sewer in Owassa road, for
transfer from general residence to pri-
vate residence districts of land at
Grove and Hancock streets, and on the
north side of the railroad at Auburndale.
E. P. O'Halloran filed a claim
for \$50. D. J. Farrar asked for a
hackney license, Elsa M. Malley for
a truck license, B. W. Riley for an
auctioneer license, J. F. Murphy for an
express license, M. A. Thompson for
a truck license, and the Silverman
auto for a 3rd class auto license. J. C.
Cole asked for restriction of parking
on Elmwood street.

Leave to withdraw was granted in
petition of the Newton Sand and Gravel
Co., for a conveyance over Farwell
street, on petition of W. J. O'Brien
for an express license, on petition of
C. S. Nelson for a 3 car garage on
Austin street (Alderman Leahy dis-
senting) on petition of Kligman Auto
Co., for 3rd class auto license, on the
petition that Short street be made a
Tarlton road at cost of \$7400, for an
easement for the Newtonville drain,
for sewers in Salisbury road, Cedar
street, Orris street, and Harrington
street, and for the laying out of Fred-
erick street and payment of land dam-
ages on Beacon street.

Orders were passed for the widen-
ing of Walnut and Centre streets at
a cost of \$1243, for construction of
Tarlton road at cost of \$7400, for an
easement for the Newtonville drain,
for sewers in Salisbury road, Cedar
street, Orris street, and Harrington
street, and for the laying out of Fred-
erick street and payment of land dam-
ages on Beacon street.

The board adjourned at 1.30 A. M.

MILLER-WOOD

The marriage of Miss Delphine
Wood, daughter of Mr. and Mrs. A. S.
Wood of Ponda, Iowa, and Mr. H. Allen
Miller of Newton Highlands, took
place at the home of the bride's
parents on Thursday, June 19th, at five
o'clock. Miss Wood is a graduate of
the University of Wisconsin, and
visited in Newton last summer. Mr. Mil-
ler is the son of the late Hiram Allen
Miller, consulting engineer at 8 Beacon
street, Boston. He is a Yale 1917 man,
and during the war served as a cap-
tain with the field artillery in the first
division sent overseas. He is now
production manager of the Myer Com-
pany in Chicago. Mr. and Mrs. Miller
are enjoying a lake trip, and will make
their home in Evanston, Ill.

NEWTON HOSPITAL

For the week ending June 14: Pa-
tients in hospital, 113; those paying
as much or more than cost of care,
57; those paying less than cost of care,
32; free patients (including babies)
24; accident cases, 6; babies born, 9;
social service calls at hospital, 10; at
homes, 15; patients transported in so-
cial service car, 18.

Just at present the hospital is hav-
ing a quiet spell. The excitement of
the graduation in the Training School
is over, and the students there have
settled down to the regular routine.
Nothing unusual nor out of the ordi-
nary is occurring in the hospital, though
the doctors and nurses are busy with
their regular duties, and the race be-
tween the boy babies and the girl ba-
bies keeps on, last week five boys and
four girls having been born at the hos-
pital.

Mr. Charles E. Kelsey, the president
of the hospital, was among the six
upon whom Amherst College at its
commencement on Wednesday conferred
honorary degrees. Upon Mr. Kelsey
was conferred the degree of A. M., in
recognition of the work which he
has done for the college. Mr. Kelsey's
activities are many, for not only is
he president of the Newton Hospital
and president of the Perry Mason Co.,
publishers of the Youth's Companion,
but he is also active in promoting the
interests of Amherst, his alma mater,
and is a trustee of one or two colleges
in the south.

Arabs Gave China Opium

Opium for use as a medicine was
introduced into China in the Thirteenth
century by Arabs. The intro-
duction of opium smoking was not un-
til the Seventeenth century and came
from India. The first edict prohib-
iting this was by the Emperor Yung
Cheng in 1729.

HAD SUBSTITUTE FOR "WEED"

Ancient Romans Used Coltsfoot as
Remedy and Also as Tobacco,
Says Writer.

The fumes of dried coltsfoot were
used as a remedy in case of difficulty
in breathing, both in ancient Roman
times and in Tudor England. Lyte,
in his translation, 1578, of Dodoens'
"Historie of Plants," says of coltsfoot:
"The perfume of the dried leaves layde
upon quicke coles, taken into the
mouth through the pipe of a funnell,
or tunnel, helpeth such as are troubled
with the shortness of wind, and
fethche their breath thicke or often,
and do breake without danger the impos-
toms of the breast."

The leaves of coltsfoot and other
plants have often been used as a sub-
stitute for tobacco in modern days. A
correspondent of Notes and Queries, in
1897, said that when he was a boy he
knew an old Calvinist minister who
used to smoke a dry mixture of the
leaves of horehound, yarrow and
"foilsfoot" intermingled with a small
quantity of tobacco. He said it was a
very good substitute for the genuine
article.

Similar mixtures, or the leaves of
coltsfoot alone, have often been
smoked in bygone days by folk who
could not afford to smoke tobacco only.
—Detroit News.

HAD NEVER TASTED CANDY

Hunter in South Africa Discovered
Child Who Was Above Sweet
Tooth.

It is generally conceded that the af-
fections of a child can be gained, tem-
porarily at least, through gifts of
candy. But one kind-hearted old gen-
tleman who has an irrepressible affec-
tion for children and always goes
around with his pockets full of sweet-
meats, which he distributes to his
small friends, learned on one occasion
that candy was not an open sesame
to a child's heart.

He was on a hunting expedition in
Africa. His supplies included several
tins of tinselled-covered chocolates. Ha-
ppening to have some of these loose in
his pocket one day when far inland
he encountered a small native. He
produced a couple and endeavored to
present them to the wide-eyed two-
year-old. They were refused, even
when their tinsel wrapping was re-
moved. The youngster had never
seen candy and did not know what it
was. —New York Sun and Globe.

The Hasty Departure.

Ethel had been warned time and
again that she must not keep com-
pany with Tom Jones, a young man
with a questionable character. But
it so happened on this particular
night that Ethel's father was the one
who greeted the young man as he
entered the vestibule of his sweet-
heart's home. He no sooner had
passed the time of the day than he
found himself seated in the middle
of the street, assisted by the foot of
Ethel's angry father.

Ethel, just having completed her
toilet, came downstairs and asked of
her father what had become of Tom.
"He just went out," replied the
father, gruffly.
"Gone out? How soon will he be
back?" asked his daughter.
"Well," replied he, with sarcasm,
"if he comes back as quickly as he
went out he's due here now."

Advice Came High.

The only sure way to command a
good price is never to cheapen one's
stock in trade.

A Texas justice of the peace received
an inquiry from a neighboring city at-
torney in regard to a judgment that
had been entered against a certain
client. He inclosed a stamped en-
velope for reply. Some few days later
he received a postal card bearing this
information:

"Your inquiry duly received. I beg
to inform you that my time is highly
valuable just now. Hay cutting is
most high here, politics is sizzling hot
and automobilism is mighty fine. If
you would inclose a dollar bill it
might stimulate me some. I paid two
once to a lawyer for answering a ques-
tion, and all he said was 'No.'"

Correct.

In a public school recently the chil-
dren were called upon to write an es-
say, and at the appointed time little
Hugh submitted an effusion on the
ark, in which he made the statement
that Noah fished one day for about
five minutes.

When the teacher looked over the
composition she was not a little puz-
zled. She couldn't understand why
anybody fond of piscatorial sport
should give up in so short a time.
"Hugh," she remarked, looking up
from the essay, "you say that Noah
fished for only five minutes?"

"Because," was the prompt explana-
tion of Hugh, "he didn't have but
two worms." —Harper's.

Like a Mule.

Pat was standing in the road when
he noticed a motor car coming up
the street. He stepped back a little.

The car caught up with him and,
just as it was passing, the driver
had occasion to turn off down a side
street. As he moved the steering
wheel the car skidded, causing the
back end of it to swing around,
striking Pat and knocking him down.

Pat was seen to get up and look
after the car and say: "Now, what
do ye think o' that? When ye stand
in front o' thim they run over ye;
and whin ye git out o' the way to let
them pass they turn around and kick
ye."

FUNGI AIDS POTATO'S GROWTH

Roots and Orchids Owe Their Ex-
istence to Tiny Parasitical
Plants.

Common potatoes and beautiful or-
chids owe their existence to queer
partnerships with tiny fungus plants.
Dr. George H. F. Nuttall, director of
Molteno Institute for research in pa-
rasitology of Cambridge university,
pointed out in an address here.

When potato plants are raised from
seed, tubers are not formed upon the
roots unless they are invaded by a
microscopic fungus. In soil free from
the fungi, tuberization does not oc-
cur. In the case of many orchids the
seed will not germinate without the
assistance of fungi.

Dr. Nuttall said that this condition
of partnership life may be regarded
as balancing between two extremes—
complete immunity and deadly in-
fective disease. It probably originated
as a conflict in which one of the part-
ners was a parasite on the other, but
in course of time ended in mutual
adaptation. It is by no means so rare
a phenomenon as was formerly sup-
posed, he explained. In some cases
the microscopic partner becomes a
permanent inhabitant of the cells of
the host plant or animal, and may
even be transmitted from host to host
hereditarily.

He predicted further discoveries in
parasitism and in these mutual part-
nership arrangements of life. —Min-
neapolis Journal.

WELSH ARE PEOPLE APART

Have Less Connection With England
Than Those of Scotland and
Ireland.

Wales is the territory in the west of
the Island of Great Britain lying be-
tween the mouth of the Dee and the
Bristol channel. It is inhabited by a
distinct race, the descendants of the
ancient Britons who took refuge in the
mountains and dales of Western Great
Britain at the time of the Anglo-Saxon
invasion.

These "Welshmen" (foreigners), as
the English call them, or Cymru as
they call themselves, are not only dif-
ferent from the English in language,
customs, religious life, culture, in fact,
in all that goes to make up national
personality, but are actually more
widely sundered from their English
neighbors than are either the Scots to
the north of them or the Irish to the
farther west. —Alfred E. Zimmern in
the Century Magazine.

Full of "Go."

A Glasgow man who had a friend
who was the manager of a large
business house in London sent a let-
ter to the latter asking him if he
could give a job to a certain young
man he knew.

The Londoner read the letter and
after interviewing the young man gave
him a clerkship in his firm's count-
ing house.

Some time later the two friends
met and the Glasgow man ventured
to hope that his recommendation had
been productive of good results.

"Quite the contrary," replied the
manager.
"Well, well!" I thought he was
the very man you were looking for."

"So he is, so he is!" was the sad
response.

"What do you mean?" said his
friend. "I thought he would suit you.
He was so full of go."

"He was," replied the other. "He
has gone with 1,000 pounds sterling
of my money."

Followed Instructions.

Muggins presented a most peculiar
spectacle. He was really quite a thin,
small man, but on this particular
morning he looked bulky, to say the
least of it.

The neighbors were surprised.
Jenkins, on his way to the station,
paused in astonishment as he saw
Muggins emerge from his house.

"Hello!" he said, "You look well
wrapped up. Where are you going?
To the North pole?"

"No," was the reply. "I'm going to
paint the front door."

"But why are you wearing all those
coats?"

"Because it says on the paint tin,"
retorted Muggins, "To obtain the
best results put on three or four
coats."

Tremendous Rainfall.

The astonishing effects sometimes
produced by cloudbursts are well
known, but not many trustworthy
records of the depth of the rainfall
during such occurrences exist. The
following instance, therefore, pos-
sesses much interest. On August 6,
during a thunderstorm in the Fiji
Islands, the measured depth of the
rainfall in a gauge elevated twenty-
five feet above the ground was 3
feet and 1 inch. The rain continued
thirteen hours, and owing to unmeas-
ured overflow, the total amount re-
mains unknown, but it is estimated
to have been not less than forty-one
inches.

Once Was Enough.

During a tense scene at the picture
show a young man leaned over and
nudged his girl. He then proffered a
paper bag with the whispered invita-
tion: "Say, Myrt, have some chest-
nuts."

Myrt shook her head with such
energy that a couple of hairpins were
dislodged. Some previous experience,
no doubt, accounted for the emotion
in her voice as she replied: "No,
Jim, I don't eat chestnuts in the
dark."

LOCATES FIRES ON SHIPS

Smoke Detector, Invented by Briton,
Used to Find Flames Before
They Become Dangerous.

An ingenious device for detecting
and locating fires on ships at sea is
embodied in the Rich smoke detector,
an English invention.

Pipes, communicating with all parts
of the vessel, are led into a glass-
enclosed chamber in which a vacuum
pump is constantly at work, thus draw-
ing air from every part reached by the
pipes. Should a fire start at any
point, the smoke is drawn into the
chamber; a beam of light crosses
above the pipes, against which the
smoke is plainly visible.

The pipes are numbered, so that the
observer knows instantly where the
fire is by noting from which pipe the
smoke emerges. Below the vacuum
chamber is a system of levers which
control three-way valves; each lever
controls a valve feeding a part of the
ship corresponding to the numbering
of the pipes. By pulling a lever steam
is forced into the part which is burn-
ing, effectually quenching the blaze
before it reaches dangerous propor-
tions.

When ships are heavily loaded it is
often difficult to get at a fire, and fre-
quently the flames get under full head-
way before they are discovered. With
the use of the Rich detector a blaze
can be put out literally before it
starts. —Kansas City Star.

SULTAN HAD WRONG TITLE

Al Raschid the Just Could Listen to
Complaint of Outraged Widow
Without Feeling.

The title to the name of Al Raschid
the Just is sullied by his extirpation
of the generous, perhaps the innocent,
Bernardine. Yet he could listen to
the complaint of a poor widow who
had been pillaged by his troops, who
dared, from a passage in the Koran,
to threaten the inattentive despot with
the judgment of God and posterity.

Al Raschid was the third sultan of
the line of Abbasides. He was a
contemporary of Charlemagne, to
whom he sent an embassy with a
present of a famous clock, which,
when put in motion by means of a
clepsydra, pointed out the hours,
struck them by dropping little balls
on a bell or drums, and caused little
doors to open, and a number of knights
on horseback to come out as cor-
responded with the hours. He was
last of the caliphs who made a pil-
grimage to Mecca, and he visited the
prophet's shrine eight different times.
He reigned A. D. 780 to 806.

The meaning of the word caliph is
"successor or vicar," indicating the
claims of the sultan to be the suc-
cessor of Mohammed, and hence, in a
more exalted sense, the vicar of God.

The Opposite.

The teacher had spent two solid
hours giving the class a lesson in En-
glish grammar. The particular point
she wished to impress upon her pupils
on this occasion was that of words
and their opposites.

She gave them numerous examples
and then thought she would apply a
little test to see if they understood
what she had been talking about.
"Now, tell me," she began, "what is
the opposite of misery?"

"Happiness!" said the class in un-
ison.
"And sadness?" she asked.

"Gladness!" came the answering
chorus, and the teacher smiled as she
saw what good fruit the lesson had
borne.

"And the opposite of woe?" she
asked, as the bell rang to signal din-
ner time.

"Gee-up!" responded the enthusias-
tic class. —Kansas City Times.

Cautious Horse.

Harris prided himself on a thorough
knowledge of horses and their habits
and so he was interested when, on a
visit to the country, he saw a farmer
having some trouble with his mount.
It would start, amble along slowly
for a short distance and then stop.
Then the farmer would have great
difficulty in getting it started again.
Finally Harris approached the farmer
and asked kindly:

"Is your horse sick?"
"Not as I know of," was the short
reply.

"Is he balky?"
"No. But he's so afraid I'll say
'Whoa!' and he won't hear me that he
stops every once in a while to listen."
—Kansas City Times.

Ideal Shattered.

Movies were very real to tender-
hearted Mrs. Toodles. She always
went freely through the sad scenes
and considered that her favorite ac-
tress was nothing short of an angel
with a baby stare. So when she came
home looking grave Mr. Toodles knew
that something serious had happened.
"What's wrong, my dear?" asked he.
"I don't like this. My favorite her-
oin is playing a vamp," she replied.
"You mustn't let that worry you. It
is only pretense. You know that."
"Maybe so. But where did she
learn to smoke cigarettes?"

Needed Lots of Space.

A recruit wearing fourteen in-
boots was enlisted in the Irish Free
State army. One night he was in-
cluded in a round-up party, and
when the roll was called afterwards
he was absent.

"Has anyone seen O'Halloran?"
asked the sergeant.

"Sir," said a voice, "he's gone up to
the crossroads to turn round!"

MR. AVERAGE RENTER

—HERE ARE SOME
FACTS YOU
SHOULD READ

The average rent paid by the great mass of renters is about \$50.00 per month.

If you continue paying rent for the next ten years, you will have paid to landlords during that time a total of \$6,000.00 and aside from having had shelter for your family you will have 120 slips of paper worth NOTHING to show for that large amount of money.

That surely isn't a pleasant thing to look forward to, when you can just as easily have the shelter and at the end of ten years OWN that shelter instead of having just rent receipts.

Building and owning a home is such a really easy matter these days that EVERY family should at least know the way to go at it and what it will cost them per month for the kind of a home you want.

That information can be had at our office at any time FREE. Won't you call soon for the facts for YOUR family?

LEXINGTON LUMBER COMPANY

Lexington 0370
LEXINGTON MASS.

Newton

—Mr. Frank P. Schofield and family leave tomorrow for Cotuit.

—Mr. L. J. Wood has purchased the property 14 Jamieson road.

Youthful Prodigy Has
Temperament of Genius

Nini Rota Rinaldi of Milan is twelve years old. He is a sort of three-in-one prodigy—musician, composer and conductor.

When eleven, Nini composed an oratorio—"The Childhood of Saint John the Baptist"—which has been pronounced by those who know a very excellent thing. Be that as it may, the youthful composer came something of a cropper recently at Tourcoing, France, when he attempted to lead an orchestra of 250 musicians in the rendition of his composition. The musicians, at least some of them, did not measure up to Nini's conception of what a musician should be. Perhaps the musicians themselves did not take kindly to the idea that "a little child shall lead them." In any event a false note or two from some careless member of the 250 brought Nini's artistic temperament into play.

He criticised and protested, stormed and perhaps cursed. No one knew just what anathemas he was calling down upon the erring orchestra. He quit in a fury after less than five minutes and could not be persuaded to try again. He did finally come before the audience and complain that the orchestra lacked soul.

This boy's mother wants him to be a real boy, not a prodigy. Since mother seems to be having her own way at present, it will, in all probability, be some time before the youngster again faces an audience.—New York Times.

Increase Capacity by
Variation of Labor

The working capacity of persons engaged in dexterous physical work may be greatly increased by varying their work from day to day, says Dr. J. P. Baumburger of Leland Stanford university as the result of a recent study of the problem of human efficiency.

In work where there is a slight change in the task from time to time it was discovered that the actual working capacity was about 7.7 per cent below the maximum capacity, while in other tasks which were continuous and uniform there was from 36.8 to 39.4 per cent loss from the maximum working capacity.

The findings indicate to Doctor Baumburger "that men working at alternating occupations have an output more closely approaching their maximum work capacity than do men in processes studied in which the same occupation was continued throughout the day."

"Many industries could easily apply this finding," Doctor Baumburger says. "Workers could be trained to operate two machines and exchange places at regular intervals of time. I feel convinced that this plan would lead to increase of output and decrease in fatigue on the part of the men."

Concerning Gossip

The right sort of gossip is a charming and stimulating thing. Men are generally understood to be less given to this amusement than women, and the most ardent lover of her sex must own that no ordinary husband would go home and tell his wife that he had met Brown wearing a fourth new suit since Christmas. The more restricted interests of the vast majority of women do oblige them to seek distraction where they can find it, which is very often next door or down the street; but nobody can see a man devouring the evening paper without suspecting that this taste in him has only found a different outlet, because every newspaper is interesting to the ordinary reader in proportion as it is salted with gossip.—From "What I Have Gathered," by J. E. Buckrose.

Unexpected Casualties

Phosphorus bombs and grenades used in practice by the army at the proving grounds at Aberdeen, Md., caused heavy mortality in an unexpected source. After the tests large numbers of dead ducks were found in the neighboring waters of Chesapeake bay. Examination showed that the ducks had eaten fragments of unconsumed phosphorus which had fallen in the water of their feeding grounds. Now they are using devices to frighten the birds away before the tests are made, and the bombs are being exploded either over the land or over water so deep that the ducks do not feed in it. Casualties so far are estimated at 500, and it is feared they may be much greater before all the poison is dissipated.

Formed Ages Ago

On view at the American Museum of Natural History, New York, are three blocks of limestone from the slopes of Mount Lebanon, near Beirut, Syria. Their age is estimated at a million years. They were taken from limestone which formed the bed of an ocean which once covered that area. They contain the remains of shellfish and other marine organisms which lived at that time, and which were entombed in the mud at the bottom as they died, thus being preserved as the mud hardened into limestone.

Holds Absence Record

Annie Albano, eight years old and a pupil in the East Boston schools, has been absent from school more than 100 sessions since the opening of the school term, which was little more than half over when the record for truancy was announced. Her truancy was not voluntary, however, as she was kept home to care for other children or by illness due to tonsil trouble.

Williams School

Contributions given by Parents' Day guests at the Williams Kindergarten have made possible the purchase of several outdoor toys which will help in the physical development of the kindergarten children.

On Wednesday the Williams Kindergarten children enjoyed an excursion to Norumbega Park.

The Wilbur Club, composed of the Williams and Burr School teachers, has been entertained most pleasantly by its members, several times during the year. The teachers of the district have co-operated in play as well as in work.

Miss Fuller, the third grade teacher at the Williams School, is completing her work, June 25th. Her absence from the building will be greatly regretted by the other teachers.

Due to an increase of measles, the attendance of the Kindergarten and Primary grades has been extremely small. As other children have left for their summer homes, the class development has been greatly retarded.

W. C. T. U.

At a recent meeting of the West Newton W. C. T. U., the following officers were elected: President, Mrs. Helen M. Merriam; 1st Vice President, Mrs. M. Millie Beardsley; 2nd Vice President, Dr. N. Louise Rand; 3rd Vice President, Mrs. Della Jenkins; Secretary, Mrs. May E. Sweet; and Treasurer, Mrs. Bertha McKay.

Commonwealth of Massachusetts, Probate Court. To the heirs-at-law, next of kin and all other persons interested in the estate of John Wesley Barber, deceased.

WHEREAS, certain instruments purporting to be the last will and testament of one codicil—of said deceased have been presented to said Court, for Probate, by Harold Fletcher Barber, who prays that letters testamentary may be issued to him, the executor therein named, without giving a surety on his official bond.

You are hereby cited to appear at a Probate Court, to be held at Cambridge in said County of Middlesex, on the seventh day of July, A. D. 1924, at ten o'clock in the forenoon, to show cause, if any you have, why the same should not be granted.

And said petitioner is hereby directed to give public notice thereof, by publishing this citation in each week, for three successive weeks, in the Newton Graphic a newspaper published in Newton the last publication to be made on or before said day of July, and by mailing post-paid, or delivering a copy of this citation to all known persons interested in the estate, seven days at least before said Court.

Witness, George F. Lawton, Esquire, First Judge of said Court, on the nineteenth day of June in the year one thousand nine hundred and twenty-four.

CHAS. E. N. HARRIS, Register. June 20-27-July 4.

Commonwealth of Massachusetts, Probate Court. To the heirs-at-law, next of kin and all other persons interested in the estate of Isabelle Verona Taylor, deceased.

WHEREAS, certain instruments purporting to be the last will and testament—of one codicil—of said deceased have been presented to said Court, for Probate, by Henry Hutchinson, who prays that letters testamentary may be issued to him, the executor therein named, without giving a surety on his official bond.

You are hereby cited to appear at a Probate Court, to be held at Cambridge in said County of Middlesex, on the ninth day of July, A. D. 1924, at ten o'clock in the forenoon, to show cause, if any you have, why the same should not be granted.

And said petitioner is hereby directed to give public notice thereof, by publishing this citation in each week, for three successive weeks, in the Newton Graphic a newspaper published in Newton the last publication to be made on or before said day of July, and by mailing post-paid, or delivering a copy of this citation to all known persons interested in the estate, seven days at least before said Court.

Witness, George F. Lawton, Esquire, First Judge of said Court, on the sixteenth day of June in the year one thousand nine hundred and twenty-four.

CHAS. E. N. HARRIS, Register. June 20-27-July 4.

Notice is hereby given, that the subscribers have duly appointed administrators of the estate of Laura P. Danforth late of Newton in the County of Middlesex, deceased, intestate, and have taken upon themselves that trust by giving bond, as the law directs. All persons having demands upon the estate of said deceased are required to exhibit the same; and all persons indebted to said estate are called upon to make payment to—

FRANK S. DANFORTH, WILLISTON LINCOLN, Adms. (Address) 115 Devonshire St., Boston June 19, 1924. June 20-27-July 4.

The graduating class of the Burr School held a Class Party Wednesday afternoon, June eighteenth. The president, Arthur Wilson, made a short speech of welcome in which he thanked the class for the support which they had accorded him and expressed on behalf of his classmates, their appreciation of what the school had tried to do for them.

The President then introduced Elliot Smith, Newton High School, 1924, who entertained the girls and boys with many wonderful feats of magic.

Refreshments were served by the committee in charge of the arrangements followed by a social time gathered around the piano. The names of the committee follow: Arthur Wilson, president; Lorraine Holmes, secretary and treasurer; Barbara Hansen, Eleanor Webster, Eugene Brookings, Parker James.

Presentation was made by School Committeeman Maxwell C. Hutchins after the rendition of several musical selections by the class directed by Music Supervisor Edward N. Griffin.

THE NEWTON GRAPHIC.

VOL. LII.—NO. 41

NEWTON, MASS., FRIDAY, JUNE 27, 1924.

TERMS. \$3.00 A YEAR

SCHOLARSHIPS

On June 18, Abbott B. Rice returned from Brown University to attend the fourth anniversary of his graduation, that occasion he gave to the College \$5,000.00. The income from this fund is to be given annually as scholarships to worthy young men graduates from the Newton High Schools who are to go to Brown.

Any young man, a resident of Newton, who graduates from the Classical, technical High School is eligible for one or more of these scholarships. The principals of the High Schools nominate each year those whom they consider worthy to receive these scholarships. All who receive these scholarships will hold them subject to the rules and regulations prescribed by the College.

Mrs. Abbott B. Rice left in her will, subject to similar conditions, two scholarships to be given annually to graduates of the Newton High Schools who desire to go to Boston University.

A WORTHY CAUSE

Forty underprivileged boys from Newton are entertained each week during July and August at the Newton Y. M. C. A. One day in the week set aside when these boys enjoy a trip to Newton, a ball game, a swim, a picnic, games of all kinds, and a social time. A number of citizens have contributed \$1.00 or more to enable us to give these boys their much appreciated outing. If you could like to help, send check to Arnold T. Dougherty, Treasurer of Newton Y. M. C. A., 276 Church street, Newton.

POMEROY HOME

The Pomeroy Home children left today for their summer home at Wolfboro, N. H., which has been so kindly provided for them for the past five years by Mr. S. P. Burton, Jr. Automobiles for the party were furnished by Mr. Charles E. Riley, Mrs. J. P. R. Herman and Mrs. Frank W. Webber.

BOY SCOUTS

On Friday afternoon, June 20, a merry party left West Newton for Center Barnstead, N. H., for a week-end frolic amid the pines beside Suncook Pond. The party consisted of the following members of Troop 7 Boy Scouts, of West Newton: Scoutmaster Harlan D. Crowell, Assistant Scoutmasters Charles M. Smith, Ernest F. Dow and Egon Kattwinkel; First Class Scouts Jack Ford, Horace Rounds, Sidney Carter, James Benson, Harry Ford, James Dewing, Eddie Roberts and Chandler Abbott. The party traveled in two automobiles furnished by scoutmasters, and the baggage in a truck piloted by former scout Elliot Smith. Arriving at Suncook Pond late in the afternoon, tents were pitched, hitched and ditched, and everything made snug for the night. A few unwary and inexperienced mosquitoes essayed an intrusion, but met such a warm reception that the survivors departed in haste, and must have passed the word around, for they were seen no more. After a period of exploring, story-telling and songs, the sandman arrived, and peace and quiet prevailed, with the exception of one tent which was used by three of the scoutmasters, who suffered from "alternate insomnia"—the first one asleep kept the others awake. Early Saturday morning a few venturesome spirits made the circuit of the pond before the rest were awake. During the preparation of breakfast the proceedings were enlivened by a thunder shower, which arrived just in time to separate the frying of the bacon from that of the eggs, so the meal had to be partaken of on the instalment plan, and was finished just in time to start preparing lunch. The afternoon was passed in boating, fishing, and the various ways which boys will find to pass away the time, and after supper the automobiles were called into service to take all hands to Pittsfield, where "the movies" proved the greatest attraction, after which a tired and happy crowd returned to camp and crawled between the blankets and were neither seen nor heard until a late hour Sunday morning. After breakfast, tents were struck, grounds polished, and the party started for home, arriving late Sunday afternoon after a leisurely trip, everybody tired, tanned and triumphant.

ROTARY CLUB

At the weekly luncheon on Monday, held at the Norumbega Park restaurant, Vice President T. J. Sullivan presided during the absence of President Halliday at the Toronto convention. The editor of the Graphic, who has just returned from a trip through the state of Oklahoma, gave a brief account of his visit to that state.

BUSINESS MEN'S OUTING

Emulating the success of last year, the Newton Corner Business Men's Association have decided to again hold their annual outing at the Shore Gardens, Nantasket Beach, Wednesday afternoon and evening, July 23 (rain or shine). A strong committee consisting of John T. Burns, chairman, Fred Avantaggio, Wilfred Chagnon, Thomas F. Delaney, Frank Fell, Clifford Hunting, Walter Moore, Henry K. Rollins, and W. L. Simpson are hard at work perfecting the numerous details to make the affair an even greater success than any of the former outings held by the local business men.

An automobile squadron will leave Hall and Washington streets, at 12.45 sharp, and immediately upon arrival at the Gardens a lobster and chicken dinner will be served. Immediately following the dinner there will be an attractive program consisting of music and a few short talks by some of the guests. The next part of the program will be held on the athletic field, and will consist of some boxing bouts, nail-driving contests, obstacle races, ball game, and swimming races, for which valuable prizes are to be offered.

The evening will be enjoyed, taking in the sights along the beach.

The Business Men's Association, as in former years, cordially invites the merchants, clerks, and other business men of the entire city to take part in the outing. Tickets are \$3.50 each and may be secured from any of the committee.

Mr. John T. Burns has offered a five dollar gold piece to the member selling the largest number of tickets.

BURR TENNIS

The final matches of the spring tournament of the Burr Tennis Association were played during the past week and resulted as follows:

In the girls' singles Katherine Sprague defeated Virginia Spurrier, scores 6-4, 6-2.

In the boys' singles Francis Broughton won from William Clark, scores 6-1, 6-2.

In the men's doubles Richard Raines and Paul Blanchet defeated H. W. Pitts and G. A. Sampson, scores 61-8, 6-4.

The mixed doubles produced a well contested match, Avis Trowbridge and Lawrence Trowbridge winning from Grace Sutcliffe and Paul Blanchet, 12-10, 3-6, 6-3.

In the women's singles Avis Trowbridge defeated Marion Lyons, 6-4, 6-0. The men's singles was won by Abbott Gottshall. He defeated G. A. Sampson in the semifinals, 5-7, 7-5, 7-5. He was to play R. C. Raines in the final match, but Mr. Raines defaulted.

The trophy for the women's singles is the Challenge Cup presented in 1922 by the Newton Community Club. Miss Lyons has won the cup twice. This is the first year that Miss Trowbridge has been the winner.

The trophy for the men's singles is the Challenge Cup presented by the Newton Improvement Society in 1921. This has been won as follows: 1921, Alden H. Clark; 1922, Richard C. Raines; 1923, Abbott Gottshall.

The trophies for the other matches are gold and silver medals presented by the Burr Tennis Association.

Drawings for the fall tournament will be made the first week in September. All residents of Wards 1 and 7, Newton, are eligible. Application for membership may be made to Miss Elinor Marsh, Secretary, 22 Hollis St., Newton.

BAND CONCERTS

The Metropolitan District Commission has arranged for the following band concerts at the Riverside Recreation Grounds:

The 10th Regiment Veterans' band will play on June 29, July 5, July 13 and July 20 at 3.30 P. M.

MacKenzie's band of Cambridge will play on July 27, Aug. 3, Aug. 10 and Aug. 17 at the same hour.

MARBLE CHAMPS

The following boys and girls have been invited to come to the City Hall on Saturday morning, June 28th, at 9.30, to receive from the hands of His Honor, the Mayor, the medals awarded by the management of the United States Marble Shooting Championship Tournament. They will report at the office of the Playground Department and will then be conducted to the office of the Mayor: Allen Hinkle, Burr Playground; Mary Farrell, Stearns Playground; Clyde D'Angelo, Hawthorn Playground; John Mullen, Horace Mann Playground; Helen Cavallo, West Newton Playground; Bartlett Nichols, Auburndale Playground; James Bingle, Upper Falls Playground; George Liberty, Newton Highlands Playground; Charles Leach, Waban Playground; Charles Barry, Newton Centre Playground; Frank Marcoli, Thompsonville Playground.

HUTCHINSON-BANKS

Miss Edna Banks, granddaughter of Mr. William F. Banks of Park St., Newton, well known in musical circles in and about Boston, was married on Thursday afternoon to Mr. George Royal Hutchinson of Readfield, Maine. The ceremony took place in Grace Church, Newton, and was performed by the Rev. Laurens MacLure, rector of Grace Church.

Miss Cecil A. Champney of Boston was the bridesmaid, and Mr. Chester Beattie of Medford the best man.

The bride wore a gown of white brocade canton crepe, and the bridesmaid a gown of orchid taffeta.

The church was tastefully decorated for the occasion, and many of the bride's friends attended the informal reception which followed the ceremony.

After a wedding trip to the Belgrade Lakes, Maine, Mr. and Mrs. Hutchinson will live at Kents Hill Seminary, where both bride and groom have been teaching. The groom is a graduate of Bates College.

V. W. C. A.

CAMP FRANK A. OAY

The Frank A. Day Camp at East Brookfield begins its ninth season today, June 27. The camp family consists of 98 boys and 24 leaders under the direction of Mr. Clyde G. Hess, the Boys' Secretary of the Newton Y. M. C. A.

The new library and boat house will be ready for use. This building is a gift of friends of the Association, and will be a great addition to the camp. The Women's Auxiliary have furnished the library and the Newton Rotary Club has donated \$100 to purchase books so that everything is in fine shape for the opening of camp.

Following are the leaders and boys who make up the camp family: Leaders, Clyde G. Hess, A. Verne MacCullough, John W. Strieder, Harvey B. Lovell, Albert S. Leonard, Nathaniel Greenwood, John J. Wilson, Homer Ginn, Dwight Shepler, Kenneth Kepner, Don Solis, Milton Edgar, Richard Breed, Robert Person, Franklin Hoyt, George Colburn, Francis Tower, Sam Moore, Roland Dustin, Alan Shaw, Paul Noble, and Philip Perry. Campers, Malcolm Robb, R. Patey, E. Harrington, G. Maynard, W. Lewis, R. Kemper, V. David, H. Lodge, C. Kirkpatrick, G. Kirkpatrick, J. E. Baxter, Frank Spain, H. Blake, W. Chadwick, Bryce Jose, G. Brown, G. Marsh, G. Defren, R. Ashenden, F. M. Bean, W. Schipper, W. Hartford, W. Giddings, R. McAllister, B. Brooks, N. Hawkes, E. Githens, E. LaCrosse, W. Hood, J. Harvell, L. Edmonds, R. Hunt, F. Becker, J. Farmer, R. Eddy, D. MacIntyre, C. Whelden, M. Whitcomb, J. Weidner, Jack Weidner, K. Hurd, A. Albrese, J. Albrese, L. Woolston, J. Woolston, N. Thomas, W. Rugles, F. Weatherbee, R. Bennett, R. Zoller, J. Hamburger, E. Kent, H. Allen, J. Hodgkins, R. Coombs, R. D. Brown, F. H. White, W. Hutchinson, Wendell Hutchinson, O. Martinsen, J. Thompson, J. W. Davis, Davis Hatch, Dana Parks, W. Bray, G. Lamb, W. Wrye, S. Mather, A. Nichols, B. Marlon, R. Nichols, K. Wood, S. Farrell, W. Lodge, C. Jack, D. Curtis, R. Burkhardt, D. Craig, R. Mann, F. Mann, D. Bishop, H. Pettengill, D. Plouff, Hitchcock J., J. Bicknell, E. Meehan, G. Lawrence, J. Wakefield, R. Carter, J. Harman, A. Young, S. Bonney, R. Rice, A. Osgood, S. Macdonald, E. Clark, Lee Pevear, and P. Wright.

CHAMBER OUTING

The joint outing of the Newton Chamber of Commerce and Brookline Board of Trade will be held on Wednesday afternoon and evening, August 13, and promises—if the preliminary committees are competent to gauge the interest and enthusiasm that is developing among the business men of the two cities—to be one of the most attractive and successful outings events in the annals of these organizations.

The date was determined at a meeting of committees representing the two organizations on Friday of last week. Tentative plans were considered and developed at that time for a series of events and features that promises a varied and entertaining program, to include a dinner, a baseball game, between teams representing Brookline and Newton, field sports, and various kinds of entertainment. A snappy program, without a pause or dull moment from beginning to end, is the objective of both committees, and nothing is to be left undone that may contribute in any respect to the successful achievement of this result.

At a subsequent meeting of the two committees, at Norumbega Park on Tuesday, it was practically decided to hold the big outing at this popular resort. The reasons for this are both numerous and obvious. The problem of transportation is reduced to the lowest possible minimum, while there are few, if any, of the larger summer resorts which are so well equipped to handle a large crowd so satisfactorily, or which can offer so many facilities to insure a maximum of both variety and enjoyment for all who attend. Amusements of almost every conceivable type are provided by the park management, and the field and athletic sports may be conducted under the most favorable conditions, while the reputation and available accommodations at the Norumbega Park Restaurant are such as to leave no doubt in the minds of anyone as to the manner in which the dinner part of the program will be handled.

The committees from the Brookline Board of Trade includes Secretary Walter D. Allen, chairman; President Harry E. Marvel, and Col. George W. Bunnell, while that from the Newton Chamber of Commerce includes Chairman George W. Schade of the Mer-

What Homes Mean to This Community
Home owners are splendid citizens. They are leaders in any movement to boost "our city" and to keep it a good place to live in.
The building of homes gives employment to all the building trades and to others who manufacture and sell building materials. Therefore, home building means prosperity to this community.
Homes mean a happier home life—and at less cost than rented houses.
Because these are facts, our institution was organized to make home ownership easy—to give the average family this opportunity. All our funds are working in this field. We are at present short of funds to meet the demand. We appeal to you to invest your savings here, also to join our systematic savings system. Your savings will be put to this fine use while they earn GOOD PROFITS FOR YOU.

MAGAW—BOYD

Wednesday was the wedding day of Miss Gladys M. Boyd of Crafts street, Newtonville, and Donald F. Magaw, also of Newtonville. The wedding took place at the Church of Our Lady, and the ceremony was performed by the Rev. Fr. Walter Roche.

The maid of honor was Miss Edythe M. Fitzpatrick of Newtonville, and the best man Ralph E. Boyd of Newtonville.

The bride wore a gown of grey canton crepe with trimmings of pearls, and the maid of honor a blue canton crepe.

A reception at the home of Mr. and Mrs. William T. Grinnell of Waverley avenue, Watertown, followed the ceremony at the church.

After a trip to Canada, Mr. and Mrs. Magaw will make their home in Newtonville.

DEATH OF MR. HARRIS

Mr. William Bernard Harris, for many years treasurer of the William A. Jepson Corporation, coal dealers of Boston, died at his home, 11 Sylvan avenue, West Newton, last Friday after an illness of several months.

Mr. Harris was born in Philadelphia, in 1890, and is a graduate of Harvard College and of the Massachusetts Institute of Technology. He was a member of the Alpha Phi Sigma Club of Harvard, of the Harvard Club, and of the Brae Burn Club of West Newton.

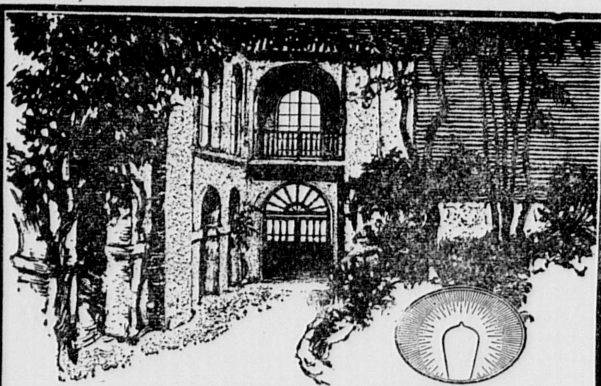

Surviving him are his widow, Helen Shoemaker of Philadelphia, and a daughter, Faith Harris.

Services were held at his late residence on Monday, and the burial was in Philadelphia.

ONE THING AND ANOTHER

Written by
Leverett D. G. Bentley

It is about this time that a good deal of solemn warning is heard of the need of safety and sanity, in connection with the celebration of the Fourth of July. How much of that warning is heeded, we are not in a position to state. We recall some stirring occasions on the "night before" when a lot of mischief was done in the name of patriotism. Many of the pranks that are supposed to be part of the Halloween program nowadays were then the "big stuff" of July 3 or 4, as we remember. Lifting off gates—there were more gates by far to be lifted—and iron hitching posts, were the principal feats of manual labor. The hitching post of a horse's head has now become a curio. There was once a time when a citizen who found such a post lying on his lawn would raise almost as much of a rumpus as the man from whom it had been taken. We believe we are safe in saying that nowadays if a man found such a post on his lawn in the morning, he would seek to conceal his discovery, and place the post in his collection of valuable antiques. As regards the market for gates, we do not understand there is any call for them. The game now seems to be tipping over ash barrels, and scattering their contents on the street. We confess that we got a laugh out of hoisting a front gate to the limb of a tree in the next yard, but we were never inspired to make a rubbish dump of the highway. Our sense of humor was not then developed, and as far as ash barrels go, is stunted at present. One of the wildest things was slipping out late in the night of July 3, when the family supposed you were in bed. A bicycle was sometimes a convenience, as it enabled one to ride here and there whenever one of the numerous false alarms of fire were sounded. There was also the danger of losing the bicycle, if you laid it down unwatched for a few minutes.

Whether it was the impressive mind of youth, or a matter of record, we cannot say, but the notion still clings that there were many haystacks and barns destroyed by fire "the night before." As we look back, an incendiary of this character, who committed the "crime," is the "Fourth" was less criminal by about 80 per cent. The authorities never seemed to make any vigorous attempt to locate the offenders, and the only one who had any sympathy for the luckless owner was the insurance company. If it happened the place was uninsured, the owner had no one to console him. The police of those days, as do the police of today, put the hard pedal on some minor acts of mischief, and the soft pedal on more serious ones. It also depended on who were the parents of the boys. That condition has little changed, too. But there was more noise a score of years ago to "usher in" the Fourth. The "ushers," we recall, were volunteers, and dressed according to their own ideas. The boys who could produce a small cannon was the envy of the gang. We remember at least one blunderbuss, but do not know now who the owner was. It made a terrific racket, and was not as troublesome to transport as the young cannon. The blunderbuss could be and was concealed beneath the coat of the owner without arousing suspicion. There were huge fire-crackers that were truly dangerous. When we got to writing news of our home town for a living, we recorded more than one accident that was most disastrous. We remember one victim had her right hand completely blown off. From the moment we wrote of that happening for our paper, we realized the absurdity of the indiscriminate use of high explosives is today rare, due to legislation that regulates the size of fire-crackers, and the enlightenment that comes from sad experience. We firmly believe that the Fourth should be fittingly observed; that it need not of necessity be a tame observance studded for and participated in by mollycoddles. But we do not believe there is any need of high explosives in either dry or liquid form.

We believe it is a very fortunate circumstance that the shelves of our city's own free library should be stocked with useful books for the townsmen. A most attractive list is that published last week. Handbooks for campers should be of great value, and no doubt are. We find that you are free to obtain an abundance of excellent suggestions as to selecting a camp site, preparation of food outdoors, and other information, to make one feel more at home in the wilderness. Thus it will be seen that we have no wish to disparage these competent authors, experts and guides. We do ask, however, where we may find a book on how to keep away mosquitoes. Will someone prepare a text book that will give one the secret of sleeping in a grove without being enveloped in a shroud of netting? Will a benefactor of mankind come forward and tell us how we may secure a couple of armfuls of firewood without going near a chopping-block? Will someone place between covers the knowledge necessary for all members of a camping party to lie in bed, and have the coffee prepared itself and walk to their bedside. Will a genius appear to show us how no one of the crowd need be forced to wash dishes, and yet those dishes be cleaned there by an inventor who will fix it so no crawling things will disturb us on our beds of grass; that heavy rains may never flood the camping ground, and how we may provide ourselves with a wonderful and picturesque camp without the expenditure of any labor whatsoever? If such volumes should appear, we feel sure in saying they will prove among our very best sellers at the shops, and the most-borrowed books on our library shelves.

"I wish that in your story of the wandering dog," writes W. P. T., "you

had stressed the failure of the owner of the animal to have his name and license number on the collar plate. People who are fond of their dogs and who actually shed tears when they disappear, should remember that marked collars save many a stray dog from an unhappy fate. Of course, it is the old human failing of putting off until tomorrow what should be done today. Dog-owners who wish to save themselves regret or even remorse, should see to it that their pets' collars are properly marked. If the humane side does not appeal to them, they should remember that it gives them legal standing in court in case of an accident or theft of the canine. Besides, not to mark a collar is to violate a city ordinance."

"At this hearing an opportunity will be given to objectors or others to be heard upon the proposed amendments," officially announces the court-courts' clerk in his advertisement of a hearing at City Hall next Monday night. We can readily understand why objectors should be allowed the privilege of expressing their views, but we do not agree that "or others" have any right to take up the time of the Board of Aldermen. When we read "or others" it occurred to us that it was meant to describe such citizens as were in favor of the amendment. If any reader should inquire of us what the subject of the hearing is to be, we regret that we do not remember. It was set forth in Roman numerals, such as Chapter XXXII, and we have long been urged to suspect anything these days bearing "XXX" on the label. Thus we can easily explain our disregard for everything except "objectors" or "others." Just who "or others" could be, if not proponents, we do not know unless it be a group of citizens who might see fit to drop in for a pleasant evening. It is next to impossible, however, for us to visualize a pleasant evening at City Hall on the last Monday in June. Those who do appear will have certainly proved their deep and sincere interest in the topic of the evening, whatever it may be. As we get it, the Aldermen will adjourn next Monday night for the summer. Knowing that most everybody who can will surely avoid the hot and stuffy municipal building at West Newton next Monday night, it may be that the hearing is a little dodge of the Aldermen to get the newspapermen and other genial spirits to come and spend the evening there, and keep them company.

The "thirty-minutes limit" is a part of the new traffic rules, and does not apply to the debates and discussions which said rules and their enforcement may provoke.

The aerial ladder of the fire department will not be taken out for every alarm. It will respond to private boxes, and the larger and more threatening blazes where a long ladder would be much needed. In other words—the higher the fewer.

If the new passenger coaches destined for the Boston & Albany line up to the representations of their publicity agents, they should prove pretty nearly perfect.

TAKE ALONG A BOOK

Take along a book,—yes, several books—for the rainy days during your vacation, or the occasional hours when you are not busy with other special plans. Or perhaps the summer brings the only leisure when you can read at will on some of the many subjects that especially interest you outside of your regular work.

The Newton Free Library is ready to loan books to borrowers who are leaving the city for vacations, as in previous years. Leave your name and summer address at your nearest library, with a small deposit to cover postage if you wish the books mailed to you, together with list of the books you wish, and the books will follow you there. Or you may of course take the books with you.

Under this plan you may borrow any except seven-day books and non-fiction purchased within a year. Additional books will be sent you from time to time, upon request. This applies equally to juvenile books, except that we would prefer to send not more than three fiction and three non-fiction at a time to one juvenile borrower.

If summer vacation books are not returned by October 1st, a charge is made. Books may be retained until the borrower returns to the city, unless there is other demand for them, in which case a notice asking prompt return of a particular book by mail will be sent. The library is of course glad to have books returned by mail, when the borrower is thru using them, that they may be at the disposal of others.

NEWTON FREE LIBRARY.

PIANOFORTE RECITAL

Last Saturday afternoon at the Grace Home gallery in Boston, a short and interesting program of pianoforte music was played by a few of the pupils of Josephine G. Collins, organist of the Methodist Episcopal Church in Newtonville. The last number was a Kinder-Symphony performed by the pupils, assisted by young violinists and a cellist.

Those taking part from Newtonville were Edith Stevens, Jean Currie, Robert Beebe, Norman Beebe, Laura Beebe, Elsa Swift, Phyllis Wild, Charles Webster and Francis Timble. A large audience cordially applauded.

LODGES

Last week, Wednesday evening, the Highland Rebecca Lodge, 82, I. O. O. F., gave a play entitled "Sally's Aunts" and a reading illustrated by living pictures framed.

There were also violin solos by Sigmund Romaskiewicz, accompanied by Miss Marjorie Kenyon; also solos by Miss Josephine Lupien and Miss Anne Blakemore. Miss Dorothy Swadlow played some delightful pieces on the piano.

The entertainment was followed by the sale of candy and punch, after which there was a social hour.

WHITNEY—BACHELDER

Last Saturday Miss Margaret Bachelder, daughter of Dr. and Mrs. Frank Herbert Bachelder of Manchester, N. H., was married to Mr. Wilnot Whitney, son of Mrs. Waldo F. Whitney of Newton.

The wedding took place in Grace Episcopal Church, Manchester, N. H., and was performed by the Rev. George R. Hazard.

The church was beautifully decorated, each side of the altar being flanked by huge vases of pink roses, and at the foot of the chancel were placed large potted hydrangeas.

Miss Harriet Bachelder, a sister of the bride, was maid of honor, and Eben Howes Ellison of Newton, the best man. The bridesmaids were Miss Carlotta Bachelder, sister of the bride, Miss Charlotte Parker, Smith College '20, Miss Olive Taggart, Simmons College, Miss Marigold Chandler, Smith '18, Miss Dorris Bunton and Miss Cordelia Bingham, Smith '19.

The ushers were Robert Tenney Davis of Nashua, William Roby Swart of Nashua, Henry Bothfield of Wellsley Hills, C. Vincent Daiger of Newton, Gerald Daiger of Newton, and Wingate Rollins of Milton.

Miss Mildred Chamberlain Palmer of Holyoke was the flower girl.

The gown of the bride was of crepe Elizabeth with a court train, wide bertha and sleeves of duchesse lace.

A chaplet of orange blossoms held her veil in place. She carried orchids and lilies of the valley.

The maid of honor wore a gown of cornflower blue georgette crepe with a hat of brown tulle, and carried a bouquet of butterfly roses.

The gowns of the bridesmaids were of coral georgette crepe, and their hats of brown tulle. They carried bouquets of larkspur and butterfly roses.

The little flower girl wore a dainty frock of pale pink georgette crepe, and carried a basket of pink roses.

After the ceremony at the church, a reception was held at the Manchester Country Club.

Mr. and Mrs. Whitney are now on an extended wedding tour, after which they will make their home in Nashua, where Mr. Whitney is affiliated with the Jackson mills.

The bride is a graduate of Smith College, class of '19, is socially popular, and has had prominent roles in dramatics in Manchester.

PATTERSON—CUNNINGHAM

On Wednesday evening, Miss Hazel Frances Cunningham, daughter of Mr. and Mrs. W. S. Cunningham of Newtonville, was married to Mr. Harry James Patterson of Arlington. The ceremony took place at the Universalist Church, Newtonville, and was performed by the Rev. James E. Norcross.

The maid of honor was Miss Thelma G. Cunningham of Newtonville, and the bridesmaids, Miss Marion A. Mercer of Newton, and Miss Evelyn P. Swift of Taunton.

The best man was Mr. Richard J. Jennings of Arlington, and the ushers Walter Sorenson of Arlington, Ernest E. Pearce of Arlington, Arthur Brown of Jamaica Plain, and Kenneth Wood of Somerville.

The bride's gown was of white satin crepe with a white tulle veil and orange blossoms; the maid of honor's gown was of white chiffon, trimmed with silver lace, and the bridesmaids' dresses of orchid and peach colored chiffon with silver lace.

A reception in the church parlors, which were tastefully decorated for the occasion, followed the ceremony at the church.

After a trip to Washington, Mr. and Mrs. Patterson will spend the summer at Mattapoisett.

The groom is a graduate of the Institute of Technology.

HIGH SCHOOL ENGLISH CLASSES

An unusual opportunity is offered to high school students for work in English at the coming session of the Harvard Summer School. Those who have finished the work of the eighth grade may enter the Junior High School demonstration class, which will be conducted by Miss A. Frances Brennan, Assistant in English, John Winthrop School, Boston. Those who have finished the sophomore or the junior year may enter the Senior High School demonstration class, which will be taught by Miss Sallie F. Dawes, Quincy High School. This will be an admirable preparation for those who are planning to take the comprehensive examination of the College Entrance Examination Board. Both of these classes are under the general direction of Mr. Charles Swain Thomas, formerly head of the Department of English in the Newton High School.

Classes will meet daily, except Saturday, at 11, from July 8 to August 7. Full information concerning these courses may be secured by addressing Dean Henry W. Holmes, Graduate School of Education, Harvard University.

POLITICAL NOTES

Senator Abbott B. Rice has sent out an announcement of his candidacy for renomination for the State Senate. The announcement gives Senator Rice credit for almost all the important legislation of the past two years, including the reduction of the indebtedness of the state as well as of the state tax.

Representatives Bernard Early and Leverett Saltonstall will be candidates for renomination for the House.

Robert H. Kempton, Secretary to Congressman Robert Luce, will close the Congressman's office at Washington and arrange to transact business in Waltham. He can be reached by mail or telephone at 91 Summer street, after June 28th. He will be glad to see any constituents who may have any matter connected with governmental business where he can be of service.

Superstition

Among the peasantry of Europe it is a superstition that it is unlucky to carry anything from the house on Christmas morning until something has been brought in.

MR. S. WARREN DAVIS

Who has just retired after 44 years of teaching in the Newton High School

TO EX-SERVICE MEN

The Newton Post, American Legion, and the Newton Chapter, American Red Cross, are formulating plans to assist the ex-service men in filing applications for the Bonus.

Arrangements will be made for a central office and evening hours. As soon as plans are completed, the notices will be in the papers and posted in public places.

RECEPTION TO MR. DAVIS

Mr. S. Warren Davis, who has just retired as the teacher of Latin at the Newton Classical High School, after a service of nearly 44 years, was tendered an informal reception last Friday evening in the library of the High School.

About three hundred former pupils and friends of Mr. Davis were present to assure him of their appreciation and regard. Mr. Davis assisted her husband in the receiving line.

A committee, headed by Judge Thomas Weston, Jr., class of 1891, has started a trust fund, from contributions made by the thousands of pupils of Mr. Davis and the formation of the trust fund is announced. Mr. William F. Chase is chairman, and the trustees are Judge Alonzo R. Weed, 1893, Henry B. Day, and Frank L. Richardson.

The following editorial was recently published in the Newtonite:

Among all the joys of commencement there is one deep regret in the hearts of all true sons of Newton. Mr. S. Warren Davis is to retire from active teaching upon completing forty-four years of faithful service.

In all the long splendid history of Newton High School, there is probably no other individual whose influence has been more widely felt, no one who has done more for the youth of Newton, no one who is held in such affectionate regard by young and old alike.

He came here in 1880, a young man just out of college, and since then has remained in the department of ancient languages, becoming its head some years ago. Mr. Davis is a man of splendid personality, always a perfect gentleman, thus inspiring in others the same conduct; forceful and considerate, kind and appreciative; reasonable in all things and giving a square deal to all those with whom he comes in contact.

As in the case when any prominent man retires from active work, a great gap seems left. At this time, friends rally to do honor to him who is to leave.

Nothing can ever show the loyal grade and sincere affection which all who know him feel for Mr. Davis. Words seem to fail when an attempt is made to express adequately the true sentiment of everyone.

So it is that with the commencement of 1924, all who know Mr. Davis, pause to pay tribute to him who for so many years has been an essential part of Newton High School.

WELSH-MOORE

The wedding of Miss Louise Moore, the daughter of Mr. and Mrs. Louise E. Moore of Church street, Newton, and Mr. Homer Le Mont Welsh of Wesley street, Newton, took place last Friday evening in the parlors of Immanuel Baptist Church, at Newton, the ceremony being performed by the pastor, Rev. Newton A. Merritt, assisted by Rev. Dr. George S. Butters.

The bride wore a gown of white satin, with veil, and she carried a bouquet of bride roses. Her sister, Miss Helene Moore, was maid of honor and was in jade green and carried pink roses. Miss Gertrude Cutler of Newton, as bridesmaid, wore Lanvin green and also carried pink roses. The bridal party passed through an aisle formed by white ribbons and held by the Misses Margaret Reid, Eleanor Reid, Helen Achorn, Helen Gentzel, Lilla Ritcey and Eleanor Leacy, Mary Gentzel, the flower girl, carried a basket of pink rose buds.

Mr. Walter Moore, brother of the bride, was the best man, and the ushers were Messrs. Charles A. Orne, Harold Moore, and Dr. Howard Moore, the last two being also brothers of the bride. The wedding march was played by Miss Inez Cormack.

A reception followed at the home of the bride's parents, which was beautifully decorated with mountain laurel, daisies and buttercups. The bridal couple were assisted in receiving their friends by Mr. and Mrs. Louis E. Moore and Mr. and Mrs. S. W. Welsh.

The wedding tour will include an automobile trip to Lake George, the Adirondacks, and the White Mountains.

Mr. and Mrs. Welsh will reside at 199 Church street, Newton.

REAL ESTATE

The apartment house known as "The Summer" on Summer street, Newton Centre, has been sold by The Directorate, Inc., to M. R. Molineaux of Boston. This is a seven family stucco house, well located in the heart of Newton Centre. This property, valued at \$40,000, was sold by Alvord Bros.

The estate of John C. Smith has been sold by Alvord Bros. to R. A. Carleton of Newton Centre. This property consists of a splendid 12 room house with three baths and two garages. It is located on one of the finest sites in Newton Centre at No. 45 Devon road. This property is valued at \$25,000.

The property at No. 17 Cushing St., Newton Highlands, has been sold through Alvord Bros. to E. R. Hayward. This property, consisting of single frame house and garage, is valued at \$10,000.

The home situated at No. 92 Langley road, Newton Centre, consisting of a single frame house and garage and about 12,000 feet of land, has been sold for F. P. Burnham to Lorenzo Chesley, who will occupy for a home. The property is valued at \$12,000.

Alvord Bros. have sold the frame house with about 7,500 square feet of land, located at No. 15 Bacon Place, Newton Highlands, belonging to F. W. Gates. It is valued at about \$9,000.

The same brokers have sold a single house and garage, together with 8,000 square feet of land, located at No. 14 Hillside road, Newton Highlands, for E. H. E. Mark. The property is valued at \$9,000.

DEATH OF MISS BURR

Miss Lucy Williams Burr died last Friday at her home, 42 Hancock street, Auburndale, after a long illness.

Miss Burr was born in Auburndale and is the daughter of Charles C. Burr and Amelia S. Burr. Upon the death of her mother in 1887, Miss Burr moved to Boston and made her home with her brother, Charles Burr. When the father died, Miss Burr and her brother returned to their old home in Auburndale, where they have lived since, with the exception of a few months in Boston in the winter.

Miss Burr was a member of the Congregational Church of Auburndale, and an honorary member of the Review Club of Auburndale. Miss Burr, when in Boston, attended the Old South Church, and was a member of the Women's Board of Missions of Boston.

Surviving Miss Burr are her cousins: Mrs. John W. Farlow of Bay State road, Heman M. Burr of Chestnut street, L. Tucker Burr of Marlboro street, Alston Burr of Chestnut Hill, John Burr of Auburndale, George T. Dodd of Boston, and Edwin M. Dodd of Cambridge.

Services were held at her late residence on Sunday, Rev. George A. Gordon of the Old South Church officiating. Mrs. Earl E. Harper of the Methodist Church, Auburndale, sang. The committal service in the Newton Cemetery was in charge of Rev. Edward Payson Drew of Auburndale.

Spreads Cotton Seed

The wind plays an important part in spreading the numerous down-covered seeds when the cotton plant is not systematically cultivated. The root penetrates deep into the soil. The plant responds readily to differences in climate, soil and methods of growing.—Nature Magazine.

Difficult Task

It is sometimes easier for a girl to think she is pretty than it is for her to make other girls think so.

IF IN DOUBT—SAVE

The wisest men cannot foretell the future—they can only guess.

This much is sure—if prices continue upward, your savings will be handy—if they go down, your money will buy more—if wages go up, you can save more—if they go down, your money will help—and if you lose your position, your savings will carry you until you get a better one.

In case of doubt, save.

EDITORIAL

The retirement from active life of such a man and teacher as Mr. Warren Davis is most appropriately taken by his numerous friends as an opportunity to show him that his long labors for the youth of this city are sincerely appreciated, and we feel sure that the splendid reception tendered to him last Friday evening would have been much larger had there been time to have notified a large number.

Mr. Davis will carry with him in his retirement not only the best wishes of hundreds of his former pupils, all of whom are his friends, but what is even better than good wishes, the knowledge that his life work has been a great success and that he has well merited the eulogium of the Scripture, "Well done, thou good and faithful servant."

The late Robert H. Gardiner, whose death was noted last week, was some thirty years ago a resident of this city, and chairman of the Republican city committee for some years. It was largely due to his efficient work at the head of that committee that Newton established and maintained for many years a high standard of city government. Since the days of the primary ballot, supplemented somewhat by the preferential system of voting in this city, the work of a city committee has been so seriously handicapped that it is impossible for the city committee to function as it did a generation ago. Let us bear this in mind when we vote next December on the proposed change in our method of elections.

The new traffic regulations should be studied by every automobile operator in the city. Stopping and standing of cars on the left hand side of the road, prohibiting parking near fire hydrants, requiring adequate signals when about to stop or start a machine, all simple matters in themselves, but heretofore neglected by the average driver—now may and we hope will lead promptly and effectively to the Police court.

The Commonwealth is to be congratulated on the appointment by Governor Cox of Mr. Clarence C. Smith of this city as associate judge of the Land Court.

The work of the Newton Y. M. C. A. in giving the poor boys of Boston an outing each week Wednesday should meet the hearty approval of the residents of this city.

Let us all help to make the celebration of July 4th next week, one of sincere patriotism, and not merely one of noise and nuisance.

ANNUAL MEETING

A number of the staff of the Newton Free Library attended the annual meeting of the Mass. Library Club at Swampscott last week. There were many attractive features in the program aside from the round-table discussions which are so helpful. Mr. R. R. Bowker, of the Publisher's Weekly; Mrs. May Lamberton Becker, of the Saturday Review of Literature; the first number of which is to be published in New York in August; and Dr. Charles W. Townsend, well known as a physician and as a writer on out-of-door subjects; and a number of others were included on the program.

REDUCED EXCURSION FARES

Very low round trip fares to California, all Pacific Coast points, Colorado and the national parks. Tickets allow stopovers, are good via the water routes, via New Orleans or through the Panama Canal, which include meals and accommodations. The Colpitts Tourist Company make a specialty of Western business, securing choice Pullmans and hotel accommodations. For full particulars and lowest rates one way or round trip West apply 281 Washington street, Boston.

SCHOOL NOTES

Edited by DOROTHY DRAKE

The F. A. Day Junior High School

In the lower corridor of the school are posted the individual records of the F. A. Day Junior High boys and girls for their physical efficiency test. These records are a graphic representation of what the Junior High School is accomplishing in raising and enriching the standards of health.

The last baseball game of the season proved successful for F. A. Day. The boys won over the Wellesley team by 17-1.

The ninth grade dramatic club—"The Lion Tamers"—presented "The Happy Man" before the school in assembly. Those in the cast were: Ruth Pileo, Eleanor Valente, Marjorie Sisson, Ellen Cuniff, Helen Chasson, George Blue, Donald McIntyre, Lloyd Osborne, Harold Root, John Wakefield, Maynard Whittaker; Introducer, Doris Rudy.

It was a very well appreciated play because it was so admirably staged and interpreted.

Previous to the play letters won in athletics were presented by Miss Mason and Mr. Simmons to the girls and boys respectively. Monograms for the school were also presented to those who have had perfect attendance records for the year.

Stearns School

The following children have not been absent or tardy during the past school year:—

Thomas Hughes, Henry Hughes, Marion Murphy, Eleanor Porter, Charles Dunne, Marion Pecovari, John L'Allemant, Louise Tedeschi, Lillian Mackin, Attil Proia, Tony Volante, Frank Pouliot, Nelson Boudrot, Clement Barisano, Leroy Coleman, Mary Rousseau, Antonette Antonellis, Joseph Doucet, Wilfred Ticehurst, Gladys Ballinger, Mary Vassalotti, Neigly Cupoli, Marjorie Bland, Thelma Lavers.

A baseball game was held in Boyd Park between the Stearns School girls and the Horace Mann girls. Score 24 to 23 in favor of Stearns.

At a teachers' meeting called by Mr. Winslow on the last day of school, Mrs. Howe, our retiring member, who has taught in the city for twenty-three years, was presented with a very beautiful pin and a basket of roses by the teachers of the district.

Miss Yetten, our director of the Stearns School Centre, delightfully entertained the teachers for luncheon on Monday at her home in Waltham. This was given in honor of Miss Swann, who expects to spend the coming year in Oakland, California.

On Thursday morning an interesting program was given in the school hall. This has become an annual affair and the children of the lower grades look forward to the day when they shall be allowed to participate.

For several years the Daughters of the Revolution of the Sarah Hull Chapter have offered prizes for the three best essays on some patriotic subject. Since 1919 our seventh and eighth grades, the sixth grades have been given the opportunity to compete.

About three hundred children of the upper grades were invited to the hall to listen to the reading of the essays and to see the prizes awarded. The program opened with a song and a poem by the fifth grades. Mrs. Adelbert Fernald, Regent of the Chapter, then explained the object of the contest and awarded the prizes to the successful competitors. Jesse Demmons was given first prize—a two dollar and a half gold piece. The next two essays being deemed equally good by the judges, Paul Lennon and Susan Drough were each awarded second prize which was a crisp one dollar bill. The essays were then read to a most appreciative and enthusiastic audience. After the applause had subsided, all were asked to join the sixth grade chorus in the singing of "America, the Beautiful."

Bigelow School

Simple graduation exercises were held last Friday morning in the Assembly hall. The program included music, the reading of the list of Honor pupils, and the awarding of the school letter to the individual members of the Girls' Captain ball team and the Boys' baseball team. Dr. Foster was particularly happy in his speech to the class, before he presented the diplomas. He held, too, the close attention of the adult members of his audience.

Alexander Fletcher was the winner of one of the three prizes (a five dollar gold piece) offered to the science classes of Newton by the W. C. T. U. for an essay upon one of the following subjects:

"Abstinence from tobacco as a help to fitness for school athletics," and "How Total Abstinence Increases the Margin of Safety from Accidents."

Record attendance for the last quarter: Miss Searl's division, 98.5 per cent; Miss Dyer's, 97.4 per cent; and Mrs. Jenkins, 97 per cent.

The English Club of the eighth grade has been corresponding this year with the Central Grammar School, Vernon, British Columbia. In reply to a set of letters full of the at-

RIVERVIEW TERRACE

A remarkable photograph of Stone Bridge, which is over 200 years old. This substantial structure arches the Sudbury River at Porter road, connecting Framingham and Wayland.

mosphere of the Great Northwest: Indian customs and legends, forests, lakes and mountains, the Bigelow club has recently sent a return set of letters. Many of these were illustrated by photographs taken by the writers. These letters gave a graphic picture of the interests, sports, and environment of young Newtonians. The letters were enclosed in an attractive cover, made and designed by club members.

Honor Roll

Miss Dyer's Division—Four Quarters, Alexander Fletcher, Priscilla Moore, Elizabeth Sweet; Three Quarters, Frances White; Two Quarters, Jacob Canter, William Clarke; One Quarter, Jeannette Donnelly, Ralph Angier, Frances Thompson, Donald Curtis.

Honorable Mention in Latin—Jacob Canter.

Honor Pupils, Room III, Miss Searl's Division—Four Quarters, Margaret Sutcliffe; Three Quarters, Malvin Mayer; Two Quarters, Sibyl Pelton, Warren Lewis, Frances Altieri; One Quarter, Olive Clarke, Marjorie Briggs, Nancy Howary, Anna McPhee, William Hanley, Joseph Tracey.

Miss G. E. Caswell's Division, Roll of Honor—First Quarter, Richard Gardner; Second Quarter, Eloise Logan; Third Quarter, Lois De Mone; Fourth Quarter, Lois De Mone, Marion Hawes, Harry Shain.

WIN SCHOLARSHIPS

The captains of four major sport teams at Newton High have been awarded prizes for high standing in scholarship during the school year which has just closed. They are Theodore Bowen, for three years a member of the Newton football team and two years on the track team, has been awarded a good-sized scholarship to Cornell University for next year.

Bowen, although elected captain of football, was unable to play through the 1923 season because of a leg injury. Edwin Dewing, who replaced him as leader on the gridiron last fall, has played three years of football and a like number of baseball seasons with the Orange and Black. He received the 1924 medal for efficiency and improvement in history. Howard Whitmore, regular pitcher on the baseball team for four years and captain for the last two seasons, received the Charles D. Meserve Cup, an award which is considered the greatest honor that is bestowed in the senior class. The cup is given for all-round efficiency, with stress being laid on classroom standing. Whitmore winds up his school career this June and will enter Harvard next fall. The fourth of the group is Robert Adams, who has the honor of being football captain at Newton for next season. He received the award for being the most promising male member of the junior class. Scholarship was a primary requirement.

Dewing, who was reckoned as one of the best line players in Massachusetts last fall, is bound for Exeter next fall. His father, who is a Harvard graduate, wants his son to receive the training of a year away from home before sending him to college, although Dewing's credits and standing are sufficient to permit his matriculation at Harvard at the present time.

A LONG TRIP

From Newton to Indianapolis, a distance of about 1200 miles, in about 29 hours running time, was the trip just made by Charles D. O'Malley and Louis J. O'Malley, sons of Charles J. O'Malley of Upper Falls, and their cousin, Miss Marie Reine Fusz.

The first day's run took them from here to Elmira, N. Y. That was nearly 400 miles. Next day they whirled through bad rainstorms into Cleveland, reaching there the night President Coolidge was nominated, about 10.30.

It was impossible to get accommodations anywhere. So after a brief rest they started on for Columbus, getting there at 5.30 in the morning.

After a rest there until noon they headed for Indianapolis, reaching that place in the evening. There they spent several days with relatives before going on to St. Louis. They traveled so fast that they arrived at Indianapolis a couple of days ahead of the schedule Mr. O'Malley had mapped out for them. But they were used to motoring, having toured over the Alps and other places in Europe for weeks last year. They wrote that the car made a wonderful trip. They will drive back via the Southern route.

CAMP SITES

At this time of year when plans are being made for the vacation season, the consideration of many resorts are in order with an ultimate decision of the one to be finally chosen.

For those who desire a bit of the hills, a sojourn in the country with bathing and fishing, a splendid choice is Riverview Terrace, Wayland. This multiple recreation ground is less than twenty miles from Boston. Good automobile roads to the Weston-Wayland town line, thence to the Connecticut road leading into Potter road, which connects with Wayland and Riverview Terrace.

Here is to be found the sportsman's paradise. Bass, perch, pickerel and the speckled trout are in such quantity as to satisfy the most avid angler. From the point of the river many miles of boating is ever tempting and clean fresh water bathing always inviting the vacationist.

Riverview Terrace has a long frontage on the Sudbury river and there are many choice camp lots to be had at extraordinary low cost. Fortunate is he who owns one of these summer home spots sheltered from the sizzling heat by the protecting pine groves which abound here.

The Bay State Realty Exchange, No. 101 Tremont street, Boston, is handling this summer camp development at Wayland.

TWILIGHT BASEBALL TEAM

The recently organized Newton athletic association, composed of Newton High School men and citizens of Newton interested in aiding the development of athletics in the Newton schools, will have a summer baseball team, composed entirely of Newton men.

Mr. Fred Woodcock, former Brown College star, and a resident of Newtonville, is Chairman of the Baseball Committee. Mr. Woodcock, together with Mr. Bankart and Mr. Harris, both prominent Newton men in athletics, have already gathered together a galaxy of stars. The first game has been arranged with the Lynn Cornets, one of the strongest semi-pro teams in the state, and will be played at the West Newton Common on Thursday evening, July 3rd, at 6.30 o'clock.

The Newton Athletic Association will have the following all-star lineup: Stan Lyon, pitcher, Bud Seavy, catcher, Bub Eaton, 1st base, former Newton High and Dartmouth stars; Bunny Ayles, 2nd base, former Northeastern College star; Jack Leary, short, former Newton High and semi-pro star; Polly Harris, 3rd base, Colgate star; Tom Kerivan, left field, local semi-pro star; Geo. Owen, center, former Newton and Harvard star; Mutt Peppard, right field, former Newton High and star.

This wonderful array will be supported by Shaw, formerly of the Newton Legion, Leahy of Canisius, Harris of Penn State, and others.

All of the funds received from this source will be placed in the Treasury of the association for use in aiding athletics in the city.

The association is particularly desirous of having all citizens of Newton interested in the athletics of our schools, become members. This can be done by sending your name and address, together with one dollar for annual dues, to Mr. H. R. Bankart, 365 Cabot street, Newtonville.

This association will not in any way dictate what the policies of the schools shall be in regard to athletics, but rather hopes to aid those how in charge, by securing a larger interest and by placing their experience in the hands of those who are responsible for this work.

DIED

HARRIS — At West Newton, William Bernard Harris, age 34 yrs. BURR — At Auburndale, June 20, Lucy Williams Burr, age 71 yrs.

WRIGHT — At Newton, June 21, Celestia A. Wright, widow of John A. Wright.

HILL — At Newton Highlands, June 22, Frederick R. Hill, age 58 yrs.

BARKER — At Newton, July 26, Abbie Anna Barker, widow of the late Hiram E. Barker, age 82 yrs. Services private.

POLICE NOTES

Patrolman Michael Mooney, who sustained a fractured leg last Saturday evening, while making an arrest at a field day in Newton Corner, is resting comfortably in the Newton Hospital. His leg was not badly fractured, but he will be on the sick list for some time to come. The officer was found lying at the police box on Adams street, and according to his story he had placed a man under arrest for being drunk when two other men jumped on him. All three were strangers to the officer, but the man under arrest was seen by many as he was taken from the field.

CITY OF NEWTON

June 23, 1924

Publication is hereby made in accordance with the provisions of Section 23 of Chapter 40 of the General Laws of the following:

AMENDMENT TO CERTAIN REGULATIONS OF THE BOARD OF ALDERMEN OF THE CITY OF NEWTON, No. 16

ORDERED: That the Standing Regulations of the Board of Aldermen be, and hereby are amended by adding thereto, the following regulations entitled "General Traffic Regulations in the City of Newton," and it is further:

ORDERED: That the Police Department shall be provided by the City Clerk with copies of these Regulations for issue on application, and it is further:

ORDERED: That the Police Commissioner erect and maintain official traffic signs in furtherance of these regulations.

GENERAL TRAFFIC REGULATIONS IN THE CITY OF NEWTON

ARTICLE I

GENERAL PROVISIONS

VEHICLES IN MOTION

STOPPING, STARTING AND TURNING

Section 1. Slow Moving Vehicles.

Slow moving vehicles shall keep as close as possible to the right side of the street.

Section 2. Signals.

When driving before slowing up, stopping, turning, starting from a standstill, or backing, shall signal either by hand or by mechanical or electrical device, indicating the action about to be taken.

Section 3. Stopping, Standing and Distances.

A driver shall not permit a vehicle to stop or stand within the intersection of any street, or on any bridge, or within a safety zone, or to stand within twenty feet of a street corner, or when a round curbstone marks the corner, within ten feet of the point where the curve of the curbstone begins, or on any crossing, or within ten feet of the entrance to any driveway, school, theatre, public assembly hall, church, or private right of way. A driver shall permit a vehicle to stop or stand only with its right side to the curb except when otherwise directed by police officers or by traffic signs as provided in Article 2, Section 3.

ARTICLE II

FIRE REGULATIONS AND POWERS OF THE POLICE DEPT.

Section 1. Following Apparatus of Fire Department.

No vehicle shall follow within three hundred feet of any apparatus of the fire department.

Section 2. Approaching Apparatus of the Fire Department at Fire.

No vehicle, except by direction of the chief of the fire department, or the officer acting for him, shall approach within six hundred feet of any apparatus of the Fire Department, after the same shall have reached the location of the fire.

Section 3. Directing Traffic.

Police officers may direct vehicular traffic when necessary to avoid congestion, or to promote safety and convenience; drivers shall stop or proceed when so directed and place their vehicles as directed.

Official traffic signs may be erected by the street commissioner at any place or places in the city, or on any street, for the purpose of dividing and directing traffic and for the purpose of indicating safety zones.

When congestion in any street occurs, owing to temporary conditions, official temporary traffic signs may be erected indicating "Two Parallel Lanes."

Section 4. Directions on Official Traffic Signs.

Drivers shall conform to directions as placed on official traffic signs.

Section 5. Removal of Vehicles Standing in Violation of Regulations.

A police officer may remove or cause to be removed any horse or vehicle left upon any street in violation of any of these regulations to another place on such street, or from such street to another street, or to a place of safe keeping and there leave the same.

ARTICLE III

SPECIAL REGULATIONS AS TO STANDING

Section 1. Thirty Minute Standing Limit.

No vehicle shall stand within the areas designated in this section for a longer consecutive period than thirty minutes.

Section 2. No Standing.

No vehicle shall stand within the areas designated in this section for any period longer than necessary to take on or discharge its passengers or load.

Section 3. No Standing.

No vehicle shall stand within the areas designated in this section for any period longer than necessary to take on or discharge its passengers or load.

Section 4. No Standing.

No vehicle shall stand within the areas designated in this section for any period longer than necessary to take on or discharge its passengers or load.

Section 5. No Standing.

No vehicle shall stand within the areas designated in this section for any period longer than necessary to take on or discharge its passengers or load.

Section 6. No Standing.

No vehicle shall stand within the areas designated in this section for any period longer than necessary to take on or discharge its passengers or load.

Section 7. No Standing.

No vehicle shall stand within the areas designated in this section for any period longer than necessary to take on or discharge its passengers or load.

Section 8. No Standing.

No vehicle shall stand within the areas designated in this section for any period longer than necessary to take on or discharge its passengers or load.

Section 9. No Standing.

No vehicle shall stand within the areas designated in this section for any period longer than necessary to take on or discharge its passengers or load.

Section 10. No Standing.

ARTICLE V

EXCEPTIONS

Nothing in these Regulations shall prevent United States mail vehicles, or the vehicles or apparatus of any department of the City of Newton or the vehicles or apparatus of public service corporations, from standing anywhere in any street for a length of time when public necessity requires it; nor shall anything in Article III affect the maintenance of cab stand by a licensee of the first class or apply to vehicles of physicians or clergymen while making professional calls.

ARTICLE VI

DEFINITIONS

Vehicle
Any contrivance on wheels or runners used in the roadways of public streets for carrying persons or things.

Horse
This term includes all domestic animals used as draught animals or beasts of burden; also cattle.

Driver
A person operating or in control of any vehicle or having charge of a horse.

Street
The area bounded by the side lines of two or more streets which meet or cross each other at right angles.

Crossing
A place for pedestrians to go from one sidewalk to another, which is marked by a pavement or otherwise.

Corner
A point where the curb lines of intersecting streets, if extended, would meet.

One Way Street
A street in which vehicles shall go in but one direction.

Safety Zone
A place in a highway set off for people to await street cars or the passing of vehicles; a place in a highway raised above the level of the roadway where people may stand during the passing of vehicles.

Car-stop
A place in public streets indicated by a white painted post, or otherwise, where street cars stop to allow passengers to board or alight.

Official Traffic Sign
A sign erected and maintained by the Street Commissioner and marked thereon: Newton Traffic Regulations. Police Department.

Approved as to form and legal character. Adopted in Board of Aldermen, June 16, 1924.

Approved by Edwin O. Childs, Mayor, June 23, 1924.

Publication is also made of the following: Standing Regulations of the Board of Aldermen.

PENALTIES

Section 23. Whoever violates any of the provisions of the standing regulations of the board of aldermen whereby any act or thing is enjoined or prohibited, whether included in these regulations or any hereafter enacted, shall, unless other provision is expressly made, be liable to a penalty not exceeding twenty dollars for each offence.

Met Misfortune With True American Spirit

They had shut off the largest oil well in America three days before. There were not enough pipe lines to handle the flow. It had filled a 1,000-barrel tank in 20 minutes; then, to prove that its performance was no flush production freak, had filled three more tanks in exactly one hour. When we arrived the monster was still, but preparations were being made to open it up, writes Max Bentley in Harper's. They opened it up cautiously when they were ready. They thought they were ready. The driller waved an imperious signal. The chief roughneck on the rig swung a lever.

"Stand back, everybody!" Gas, faintly blue and transparent, sprayed thinly from the flow pipe. With an ear-filling roar the oil came. A six-inch stream shot from the pipe against the splash box. The pipe trembled, buckled, reared backward. Then as we looked, rooted to the spot, came disaster. The top of the well blew off. Through every obstacle that man had assembled the ruthless monster tore its way to freedom. A jet-black stream leaped cleanly upward until it attained a height of 200 feet. As the oil began falling the deep green of the pine trees was blotted away. On the instant they were turned a greasy black and their befoiled branches literally rained oil.

The owner of the largest oil well in America had watched the proceedings from a convenient hillside. Sitting loosely in his saddle, hat pulled down, he had idly overseen the preparations. It meant a lot to him to save that well, but he gave no sign. He could only lose; it is to his everlasting credit that, losing, he lost cleanly and gamely.

Made Stable in Cellar for His "Nice Mules"

William Conquest so loves his two mules that he keeps them in the cellar of his house at Queens boulevard and Tremble street, Winfield, Queens, and the Society for the Prevention of Cruelty to Animals worried about them so that Conquest was taken before Magistrate Doyle in the Flushing Court, says the New York Herald-Tribune. L. Ray, an officer of the society, said that somewhere in the case there was undoubtedly cruelty to animals, but Conquest said not.

"They are nice mules," he said, "and they have a good time in the cellar. They like to stay there. Every time I put them in the stable they are uncomfortable, and as soon as I leave the door open they go back to the cellar." "Why not put them in your dining room?" asked the magistrate.

"Well, I might," said Conquest. "They're nice mules. But they prefer the cellar." "But the officer says their health is endangered," said the magistrate.

"You can't hurt a mule," said Conquest. "They're just mules. They haven't any health. Mules don't get sick. They're just mules until they die."

As no evidence was offered to show that the mules were other than frisky and happy, the magistrate dismissed the charge. He directed the officer, however, to keep an eye on the mules and see how they were treated.

One of the Reefs

Mrs. Richard C. Cabot of Boston, the society leader who conducts a course in "human relations" in a fashionable girls' school, said at a dinner party:

"The object of my course is to bring about happy marriages, and I have been very successful. Indeed, I point out the reefs on which the marriages are often wrecked."

"A man," Mrs. Cabot went on, "said to a group of women at a tea: 'Before I was married I could never save a cent.'"

"The women above their teacups exchanged triumphant smiles. 'I managed to keep out of debt, though,' the man added."—Pittsburgh Chronicle.

Operates Itself

Operating without human control, halting while minor difficulties are adjusted, and stopping altogether if something goes seriously wrong, a new electric power station at Searsburg, Vt., embodies astonishing mechanical intelligence, says Popular Science Monthly.

The turbine of the plant drives a generator with a capacity of 6,500 horsepower. The only help from human beings is occasional inspection, lubrication and regulation of the governor mechanism. The turbine starts and shuts down when the flow falls below an efficient limit.

Fifth Reel

A friend who had been reading about a well-known director's divorce case, thinking to set himself in strong with the director, ventured to say some uncomplimentary things about the wife, whereon, to his surprise, the director replied: "Man, she's an angel."

"But," stammered the friend, "I thought—"

"She's an angel," continued the director, "because she was always up in the air, she was always harping and she never had anything to wear."

Matter of Judgment

Success is gauged by a person's judgment percentage. If your judgment is 90 per cent good, it won't be long before you'll get ahead; if your judgment is 90 per cent bad, you'll continue to be in debt and work for the other fellow. Ever think of it that way?—Enterprise Ledger.

THE SECOND CHURCH, WEST NEWTON

10.45 Morning Worship.
Dr. Park will preach.

All Seats Free

Commonwealth of Massachusetts, Middlesex, ss. Probate Court.

To the heirs-at-law, next of kin, creditors, and all other persons interested in the estate of

Francis F. Hussey late of Newton in said County, deceased, intestate.

WHEREAS a petition has been presented to said Court to grant a letter of administration on the estate of said deceased to Newton Trust Company, Newton, in the County of Middlesex, without giving a surety on its bond.

You are hereby cited to appear at a Probate Court to be held at Cambridge, in said County of Middlesex, on the fourteenth day of July A. D. 1924, at ten o'clock in the forenoon, to show cause, if any you have, why the same should not be granted.

And the petitioner is hereby directed to give public notice thereof, by publishing this citation once in each week, for three successive weeks, in the Newton Graphic a newspaper published in Newton, the last publication to be one day, at least, before said Court.

Witness, George F. Lawton, Esquire, First Judge of said Court, this sixteenth day of June in the year one thousand nine hundred and twenty-four.

CHARLES N. HARRIS, Register.

June 27, July 4-11

Commonwealth of Massachusetts, Middlesex, ss. Probate Court.

To all persons interested in the estate of

James Clarke Tilton late of Newton in said County, deceased:

WHEREAS Edith F. Bala, the administratrix of said estate not already administered of said deceased, has presented for said Court, to be held at Cambridge in said County, on the seventeenth day of July A. D. 1924, at ten o'clock in the forenoon, to show cause, if any you have, why the same should not be allowed.

And said administratrix is ordered to give public notice thereof, by publishing a copy thereof to all persons interested in the estate fourteen days at least before said Court, or by publishing the same once in each week, for three successive weeks, in the Newton Graphic a newspaper published in Newton, the last publication to be one day, at least, before said Court, and by mailing a copy of this citation to all known persons interested in the estate, seven days at least before said Court.

Witness, George F. Lawton, Esquire, First Judge of said Court, this twenty-fifth day of June in the year one thousand nine hundred and twenty-four.

CHARLES N. HARRIS, Register.

June 27, July 4-11

Commonwealth of Massachusetts, Middlesex, ss. Probate Court.

To the heirs-at-law, next of kin and all other persons interested in the estate of

Ellen F. Keefe sometimes called Ellen Keefe late of Newton in said County, deceased:

WHEREAS certain instant petition purporting to be the last will and testament of said deceased has been presented to said Court, for Probate, by Daniel F. Keefe, who prays that letters testamentary may be issued to him, the executor therein named, without giving a surety on his official bond.

You are hereby cited to appear at a Probate Court to be held at Cambridge in said County of Middlesex, on the fourteenth day of July A. D. 1924, at ten o'clock in the forenoon, to show cause, if any you have

BOY SCOUT NEWS

Nearly all of the troops have closed their regular meetings for the summer but will meet for hikes and camping trips at various times. The Council camping ground, known as the "Ohio" will probably see one or more troops every week end from now until September.

Certain restrictions have been made in regard to the use of the camping grounds, scouts may not go there unless accompanied by an officer or an adult leader and no fire arms are allowed, consequently no shooting. Scouts are urged to encourage their fathers to go with them for an over night or longer trip and any information in regard to camping will be gladly given by Scoutmasters or the commissioner, Mr. J. M. Carley.

The fifth troop of troop one, Newtonville, Mr. Richards W. Cotton, Scoutmaster, have been doing some wonderful shooting recently. This team is composed of Samuel Moore, Leader, Norman Cary, Richard Hunt and Ernest Farley in addition to the scoutmaster. In the contest held by the Winchester Company, for units of scout marksmanship contestants, they have been allowed a perfect score, 500 out of 500, although in scoring it themselves they only allowed 497 out of 500. This is really an international affair as scouts from all over the United States and Canada competed and Troop one has been awarded second place, Hartford, Conn., the winners for two years, getting first place. This is a great record as the team has only been formed a year.

The date of applications for the next Court of Honor has been set ahead to July 5th. Announcement of the date and location will be made later.

NEW TELEPHONE BOOK

With the delivery of the new Boston telephone directory, next week, the Somerville central office name will be changed to Somerset. The name of the Prospect office will not be changed.

Whenever a second central office is established in any city or town, the name of the municipality, if used for the first office, is always discontinued in order that neither office, to the exclusion of the other, shall bear the municipal name. Such action was taken when Cambridge became University and Brookline was changed to Regent. During the next six months a new central office, to be called Stadium, will be established to serve a portion of the present Brighton area; and another central office, to be named Capitol, will be established to serve a portion of the present Haymarket area. Ultimately both Stadium and Capitol will be machine switching central offices.

Coincident with the issue of the new book, 66 more central offices will be added to the toll points reached from Greater Boston just like a local call; that is, by giving the number to the local operator and holding the line. This service has now been extended to 254 central offices serving nearly 800,000 telephones. The entire list is printed on page seven of the new book. Over 430,000 copies of the new book have been printed, and the volume has 75 more pages than the telephone directory now in use. It includes the listings of all subscribers in the 62 central office areas in Metropolitan Boston.

DEATH OF MRS. JOHN H. ROBINSON

Mrs. Helen F. (Barnes) Robinson, one of the oldest and best known residents of Newton, widow of Mr. John H. Robinson, died suddenly Tuesday afternoon, June 24, at her home, 38 Richardson street. The news came as a great shock to her many friends and to those who had met and talked with her as she went about town that same morning doing her accustomed marketing.

Born on Beacon Hill in Boston in 1839, she came on her wedding day to live in Newton, 65 years ago this June. Within the week has come the news of the death of her bridesmaid, Mrs. Bancroft, in New Jersey.

Mrs. Robinson was a wonderful example of sturdy New England ancestry. Loyal and courageous. She has been a member actively interested, of Eliot Church, since 1872. Her husband, Mr. John H. Robinson, so well-remembered for his genial spirit, died in 1919, and three years later their youngest son, Mr. Philip H. Robinson.

She is survived by her children, Mrs. Enos Moore of Newton, Mr. Frank H. Robinson of New York, Mr. Richard B. Robinson of Hingham, Mr. Edward Q. Robinson of San Francisco, all of whom are married. There are four grand-children, and six great-grandchildren, also a sister, Mrs. Emily F. Aiken.

The funeral will be held at her late residence on Friday afternoon, Rev. Dr. Butters will conduct the services, as he has done for so many of his Eliot Church friends since the death of Rev. Dr. Person.

The burial is to be at Mount Auburn.

KELLY-OHLUND

West Newton was the scene of a pretty home wedding on Monday afternoon, June 23rd, when Miss Olga Joan Ohlund, daughter of Mr. Niles A. Ohlund of Watertown, became the bride of Hayward Kendall Kelley, son of Mr. and Mrs. Hermon A. Kelley of Cleveland, Ohio.

The ceremony was performed at the home of the bride's sister, Mrs. Joshua B. Clark, 5 Sylvan avenue, West Newton, by the Rev. J. Edgar Parks, D. D. The bridal couple will live in Cleveland after a short wedding trip.

NEWTON HOSPITAL

For the week ending June 21: Patients in hospital, 113; patients paying as much or more than cost of care, 54; those paying less than cost of care, 37; free patients, including babies, 22; patients treated by out patient department, 58; accident cases, 5; babies born, 8; social service calls at hospital, 18; at homes, 7; patients transported in social service car, 10.

The other medical clubs that meet at the hospital have adjourned for the summer, but the Know More Kokki is keeping right on and is to hold a regular meeting next Monday evening.

Vacations have begun at the hospital, and class work in the training school is over until fall, except for members of the first year class or "probationers" as they are called.

Monday, June 30, is the day for the regular quarterly meeting of the hospital trustees. Miss Laura Gumb of the class of 1922 died Monday morning at Rutland, where she has been for several months. Funeral services were held Wednesday in Arlington.

Mr. Howard, the engineer at the hospital, is on vacation at Hubbardston, and spending most of his time as usual studying birds.

At the National Nursing Convention at Detroit, June 16-21, which was attended by Miss Allen and Miss Humphry of the hospital, and also by Miss Riddle, formerly superintendent of the hospital, and by Mrs. Keever and Miss Marie Knowles as delegates from Newton organizations, there were present seventeen graduates of the Hospital Training School. They came from eight states, Massachusetts, Rhode Island, Connecticut, Michigan, Colorado, Texas, Pennsylvania and New York. Among the positions held by the graduates were those of superintendent of a hospital, superintendent of nurses, assistant superintendents of nurses, superintendent of visiting nurses' associations, assistant superintendent of visiting nurses' associations, and member of a board of district nursing instructors. Three of the graduates acted as hostesses during the convention.

The Newton graduates were entertained by Mrs. Dorothy T. Brown, a Newton graduate and now the wife of a Detroit doctor. All but two of the graduates gave a luncheon at the Hotel Statler in honor of Miss Riddle, and of the two graduates who could not attend one was able to be present for a few minutes. There were at the convention over six thousand nurses, and only two states had more representatives in attendance than Massachusetts.

Miss Susie Watson, a Newton Training School graduate, now at Rochester, N. Y., as an instructor is going to the Union Hospital at Ann Arbor, Mich., as educational director of nursing.

CHAMBER OUTING

(Continued from Page 1)

cantile Division, with the Secretary and Associate Secretary of the Chamber. These are both preliminary committees, which have been empowered to appoint various sub-committees to further develop the details of the various activities under consideration. At the Tuesday meeting at Norumbega Park and Manager Osgood of the Norumbega Restaurant, met with the committee, and gave assurances of a degree of co-operation that is unquestionably going to exert no little influence on the success of the big event.

Members of both committees were unanimous in a desire to get away from the necessary restrictions of former outings when a dinner and a few athletic sports have constituted practically the entire program. The desire to choose a location where there are facilities for a continuous program, with something doing every minute, was influential in determining upon Norumbega Park, while the reputation of its restaurant and its general popularity as a place of recreation and amusement were also material factors in making a choice.

It is also believed that most of those attending will welcome an opportunity to avoid long automobile rides to distant points and the convenient proximity to both Newton and Brookline will prompt many to attend who otherwise could not arrange to do so, it being possible for those who cannot join the main pilgrimage to drop in at their convenience during the afternoon. A Wednesday date has been chosen because of the fact that the stores in both Brookline and Newton are closed on Wednesday afternoons during July and August, and retail business is virtually at a standstill on those dates in both communities.

The most gratifying phase of the outing developments has so far been the favorable comment and enthusiasm that followed the initial announcements of the joint outing plan two weeks ago. Since that time, many inquiries have been received by both committees, and a substantial representation of members from both organizations have voluntarily announced their intention of not only participating in the event, but to also lend their fullest cooperation to make it a success. Subsequent announcements will be made from week to week, the committees having several special and unusual features tentatively under consideration, some of which will undoubtedly be adopted and announced in connection with the further developments of plans for the event as a whole.

Train Indian Boys in Fine Art of Stealing

The Stone Hammer society, an organization to teach Hidatsa Indian boys how to steal, is described by Miss Frances Densmore of the Smithsonian Institution's bureau of American ethnology in a study of the music of these little known and almost extinct North Dakota Indians which has just been announced.

While the chief purpose of the society was to train boys in stealth and theft, there were strict regulations of the manner in which the stealing was done. The Stone Hammer raids took place at night, and it was required that, before sunset, the boys go through camp announcing that they would steal that night. Everyone was fully notified and proceeded to hide their provisions in what they considered the safest places.

It was not unusual, Miss Densmore reports, for the Stone Hammer boys to lift the blanket on which an old woman was sleeping, lay the blanket and the old woman gently to one side, and take the dried meat or other food from beneath her bed without waking her.

The next night the boys made up packs of gifts for the people who had been robbed, and it was considered that everything was properly adjusted.

Builders Unable to Make Wind Scapegoat

The wind that accommodately comes in at the kitchen window on a summer morning and into the library or across the front porch on a summer evening, when the architect has given due consideration to orientation factors in certain locations, becomes a veritable demon when it topples a brick wall or a billboard onto a pedestrian. And, demon though it is, it is designated an "act of God" in law if the wind were hanging up a record run. This circumstance opens the way to a fertile field of excuses in court cases. The weather bureau of the United States Department of Agriculture was recently called upon to furnish evidence in a court case concerning a wall which went up in the afternoon and down at night; and in the lack of a justifiable windstorm, cross-examiners developed some embarrassing facts about the manner of the wall's construction.

Simple Hairdressing

While one or two ornamental pins may be stuck into the hair of the Chinese or Japanese woman, they are at best only added attractions, and all the work of keeping the complicated coil and elaborate structure firmly in place is done by one pin and one pin only, the Detroit News says.

Oil of camellia, cactus, or some other perfumed lubricant is applied freely while the hair is in process of being combed. This combing, as well as the final arranging, is hardly ever done by the well-born woman herself, but by her waiting maid. The hair is brought to a perfection of black satiny gloss and smoothness, in which a stiffening of gum plays no small part. It is then bound tightly close to the head with a silk cord, coiled, and the ends tied with silk. It is then twisted into the desired knot and the famous single pin deftly slipped through the center, maintaining the whole. No matter how thick and heavy the tresses may be, the one spoon-shaped "pin" does the trick.

Capital's Government

The government of the Federal City (as President Washington called it until the commissioners gave it his name in 1791) has been since 1874 vested in a commission of three officers, appointed by the president and the senate. They have charge of all municipal and administrative affairs, police, street improvements and schools. Congress is the sole legislative body of the city and district, the citizens having no suffrage. Since the government owns nearly half the property in the district, and the city exists largely for the benefit of the officers—legislative, executive and judicial—it has been settled by act of congress that the government pays half the annual expenses of the city government, the other being taxed upon the property of the citizens.—Kansas City Star.

Official Headpiece

"Halt, there!" commanded Constable Sam T. Slackpitter, the well-known guardian of the peace and dignity of Petunia. "Consider yourself under arrest for exceeding the speed limit!" "Wha-at?" returned the offending motorist. "How do you know how fast I was going? You didn't even glance at your watch?"

"I don't need to. If I see you coming and turn my head away just as you pass the Methodist church corner, and then turn it back and you're reached the hay scales, I know you're exceeding the limit. You may say I can't tell time by my head, but I've been using it for forty-nine years now, and know just about what it can do." —Kansas City Star.

New Street-Car Idea

Hope appeared on the horizon of the strap hanger the other day in Detroit in the form of a new type of street car. This car, or rather three-in-one car train, is designed to give greater seating capacity for the same street space than the usual type of cars. It consists of three connecting cars on four sets of wheels and seats 140 people. The street railway company also wins, as the three-in-one train weighs less and is cheaper to run than three ordinary type cars.

White Pine Prominent in American History

The white pine has been more important to the commercial development of America than any other tree, says the American Tree association of Washington, which is compiling a countrywide vote in an endeavor to select a national tree, according to the American Tree association.

When the Pilgrims landed the pine was the only green thing to greet them and it became their emblem on the historic "pine tree shilling" and other coinage. The forests retreated before the ax, but Maine still is called the Pine Tree state.

History of the white pine until 1890 is practically the history of the lumber industry in America up to that time. The first house built in America of which there is authentic record was constructed of white pine.

White pine is native from Newfoundland and the northern shore of the Gulf of St. Lawrence to southern Manitoba. It ranges southward through the region of the Great Lakes to northern Illinois, northern and eastern Ohio, Pennsylvania and along the Allegheny mountains to northern Georgia.

Vacation and Profit Gathering Spruce Gum

Spruce gummers are now busy in Northwest forests harvesting a unique crop worth about \$100,000. Some spruce gum diggers or pickers who are industrious and real woodsmen bring out gleanings valued at \$1,500 for six weeks' work.

To these workers gum gathering is a vacation, living in the open with wild game for food and health building hiking in the dense woods seeking the gum deposits, says the New York World. About three-score workers have entered the spruce timber this season, but several hundred might easily find rich territory to earn a nice piece of pin money.

A canvas pack bag, light ax and a miniature long-handled pickaxe are the tools needed. The gum nodules are often many feet above the ground, so improvised ladders are fashioned to reach the pockets. Most of the gum, however, is chipped out of the cracks within easy reach. A day's work for a hustler averages twenty-five to thirty pounds.

Old Ring-Off Signal

Among the early types of telephone switchboards manufactured by the Western Electric company was the universal board, which made its appearance in 1879.

These early boards were rather crude affairs and were soon replaced, as inventions were made and developed, but they are of interest because of certain important features they contain. The universal board was different from preceding switchboards in that it enabled the operator not only to connect the subscriber but also to know when the conversation was completed. This was made possible by means of special ring-off signals which heretofore had not been used.

It was soon after the appearance of the universal board that the Western Electric company became the headquarters of telephone apparatus and the manufacturing plant of the Bell system.

German Students

With an increase from 10,265 in 1913 to 22,863 in 1924, the number of students of law in German universities has risen far above that of those studying medicine, who numbered 13,121 in 1913, against 12,476 at present, reports the Statistisches Jahrbuch. Theology has lost much popularity, there being only 2,514 Evangelical students, compared with 3,672 in 1913, and 1,824 Catholic students, against 1,968. Students of political economy rose from 2,212 to 16,212, and those studying the technique of electricity in the technical colleges increased from 753 to 3,749. Students of historical philology fell from 13,892 to 10,496, and those of mathematical and natural sciences from 7,276 to 3,746.

Murderer's Doom

Papuan, according to Mr. J. H. Holmes' book, "In Primitive New Guinea," believe that a man guilty of murder is doomed to an eternal living death in a swamp in the next world. "He will strive continually to escape and be everlastingly sucked down again till only the top of his head is visible. By an extraordinary effort he will struggle upward, only to be sucked back again. His eyes will bulge with pain as he rises and sinks forever and ever. His arms and fingers will grow long and gnarled, like the roots of a mangrove tree."

Wood in Disguise

Material which seems to be a very coarse stone, used for decorative purposes in large public buildings, is really a wood composition, a contractor explained. The wood is ground up and chemically treated, then pressed into strips. When prepared, it looks like stone, and adds decorative value to almost any building. It is deceptive to an uninitiated person, however, to watch a carpenter or other workman saw this "stone" into strips or trim off a corner with a knife.

Revenue From Cards

The Peruvian government, through the Tax Collecting company, its own monopoly, reserves the right to import playing cards, according to an executive decree of February, 1924. A fine of from 5 to 50 Peruvian pounds is imposed for illegal transportation of playing cards.

Waban

—Mr. and Mrs. Philip L. Warren of Avalon road, have gone to Brookline, N. H.

—Robert Boggs goes this week to a camp at Passaconaway.

—Mr. Frank L. Miller and family leave tomorrow for Buzzards Bay.

—Mrs. Harry H. Matthews of Carlton road, is spending the summer at Hyannis.

—Mrs. Walter F. Wyeth and family of Quindic road, left on Thursday for Chatham.

—Mrs. Russell Burnett of Crofton road left on Monday for Hancock Point, Me.

—Mr. and Mrs. James Willing of Woodward street, have gone to Rockport, Mass.

—Miss Dorothy Boggs goes this week to the Sargent Camp at Peterboro, N. H.

—Mr. and Mrs. Joseph W. Bartlett left this week for their summer home at Plymouth.

—Mr. and Mrs. Lowell A. Mayberry of Walnut road, are at Falmouth for the summer.

—Mr. Walter Ross and family of Annawan road, have gone to Chatham for the summer.

—Mr. Clifford H. Walker and son, Robert, spent several days last week in Hartford, Conn.

—Mr. and Mrs. Harry W. Ham of Windsor road, are at their summer home at Falmouth.

—Mr. and Mrs. Harold W. Cheney of Beacon street, have returned after a month at Bass Rocks.

—Mr. Kendall Kellaway of Wyman street, has gone to Lake Winnepeaukee, N. H., for the summer.
